PATRONAGE SCARE FELT

EMPLOYEES AT CITY HALL FEARFUL FOR JOBS.

Mayor Rushlight Credited With Making Plans for Protection of Friends Under Civil Service.

Uncertainty regarding the plans of the new City Commissioner in relation to patronage at the City Hall is the cause of a great deal of worry and speculation in practically all of the departments of the city government. Excepting in the departments where the civil service rules govern there is fear that the entire set of officials is to be replaced.

Mayor Rushlight is closing up his administration with an effort to fix his friends up with jobs that will protect them against removal under the new administration. The first decisive action along this line was taken yesterday when R. F. Jones, one of the Mayor's porters during the campaign, was appointed to the position of Deputy Sealer of Weights and Measures, at a salary of \$125 a month. The position was vacated by the resignation of Fred Buchter, who recently accepted the position of State Sealer of Weights and Measures.

E. D. Jones, who is no relation to R. F. Jones, was given the main position in the weights and measures department. Mr. Jones has been in the work about five years. The Mr. Jones who was appointed to the lesser position had no experience along this line. He was one of the Mayor's most ardent supporters during the campaign. Until his appointment yesterday he was out of a job.

The balloon was driving toward the Cascades and had passed considerably further East than the place where the landing was made when the pilot, E. Unger, decided that it would be inadvisable to attempt crossing the mountains with the low supply of gas he had. Ballast was thrown out and the

"Refused to Accept Substitute"

"THE GENUINE, DUFFY'S, A BLESSING TO MANKIND"

Miss Margaret Stroud, 67 Years Old.

Miss M. Stroud, 67 years old, refused to be fooled by substitute. She knew the value of Duffy's from years of personal experience as well as having it highly recommended by her family physician.

"A short time ago I went into a store and asked for Duffy's Pure Malt Whiskey. The clerk did his utmost to sell me another malt whiskey which he represented was better or at least 'just as good' as Duffy's.

"This store is one like some others that sell a well advertised and popular article at cost, and sometimes less than cost, using it as a bait. Then they try to sell the customer their own unknown article at the same price as the well advertised article. But on their substitute they are making an extra profit, and often when it is an article of food or drink, this extra profit is made at the expense of the customer's health. I am now over 67 years old and for many years I have used
