MONTAMARA FESTO TO BE BEST EVER

Tacoma's Carnival Event This Year Promises to Surpass All Others.

RACES REPEATED

From Wednesday July 2 to Sunday, July 6, Inclusive, Entertainment Will Hold Forth With Varied

Programme for Guests.

TACOMA. Wash., June 14.—(Special.)
-Present indications are that the 1913 Montamara Festo will surpass any pre-vious carnival event in Tacoma's his-tory. The automobile races which were a big feature of last year's festo will be repeated again this year on an im-proved track, under better conditions and with drivers of national and in-ternational reputations at the wheels

and with drivers of national and international reputations at the wheels
of the competing cars.

The Montamara Festo, conducted under the auspices of the Tacoma Carnival Association, will extend over a
period of five days from Wednesday,
July 2, to Sunday, July 6, inclusive.
The entertainment opens in Tacoma's
mammoth school stadium on the afternon of July 2 with a realistic representation of cowboy life, called the
"Stampede." This performance will be
repeated the following day and on the
evening of July 4. evening of July 4.

On the morning of July 4 will be held
the third annual renewal of Tacoma's
now famous Parade of All Nations. In
the afternoon of the Fourth two league
baseball games will be played, and
that evening the "Stampede" again will
be presented with its spectracular features augmented. The programme on
this evening will conclude with a gorgeous and lavish pyrotechnic display
and no effort will be spared by the directors to make the exhibition one of
the most imposing outdoor spectacles
ever staged in the Northwest.

On Sunday afternoon, July 6, will be run the Montamarathon, a 250-mile automobile road race, in which such drivers as Bob Burman, Teddy Tetzlaff and Barney Oldfield will compete with many others for \$5500 in cash prizes and many handsome trophice.

cash prizes and many handsoms trophies.

On Sunday evening in the stadium an elaborate free concert will be given by Wagner's band and leading soloists of the Pacific Coast.

The speedway, on which the automobile races will be run, has been reconstructed this year so as to form a course 3½ miles long with two straightaways of one mile each and with liberal turns. The surface of the entire course is being covered with a composition of 30 per cent asphalt oil mixed with sand, making the course hard, smooth and dustless, and as nearly three-fourths of the course is being the course is being the course in the course is being the course hard, smooth and dustless, and as nearly three-fourths of the course is to view of the grandstand the races should prove particularly spectacular to the onlooker. During the "Stampede" there will be sowboys' pony races, steer roping con-tests, maverick races, cowgiris' buck-ing contests, relay races, cowboys' bucking contests, wild horse races and thrilling spectacular feats in which the best known riders and ropers of the plains will take part. Two big massed bands wil be stationed in the stadium throughout the entire performance,

WIRE BREAKS: MAN KILLED

Electric Laborer Meets Death in Most Peculiar Manner.

HILLSBORO, Or., June 14.—(Special.)

K. Nuromsky was killed today by contact with a high-tension wire on the Orenco-Helvetia cut-off of the Orethe Grenco-Helvetia cut-off of the Oregon Electric Railway, a half mile from Orenco. Nuromaky was working with a crew clearing a road for the benefit of the Oregon Nursery Company. Sixteen blasts were ignited and Nuromaky and the rest of the crew had taken refuge some distance away on the tailway grade. A huge root struck the high-tension wire and severed its connection with the top of the pole. It fell, striking the victim. He lived but five minutes. Coroner Barrett says that he could have been resuscitated had the men known anything about handling the striken man.

C. Jones, the foreman for Baum & Fuller, the contractors doing the work, testified that the wire fell close to fils head, but he did not see it strike Nuromaky. The wire is said to carry 1200 voits. Coroner Barrett has notified the nearest Russian Consul, according to treaty. Another Russian laborer was injured slightly. gon Electric Railway, a half mile from Orence. Nuromsky was working with

SHOT HITS WOMAN'S HAT Troops Leave Clackamas When Bullet Falls in Berry Patch.

VANCOUVER BARRACKS, Wash, June 14.—(Special.)—Because the first battalion of the Twenty-first Infantry accidently shot a hat from a woman's head while she was in her strawberry patch, near the target range at Clack-amas, Or., a few days ago, it is re-perted, the troops were ordered back to this post until a safer target range can be found.

The plan has set many business men and financiers of this city to thinking. Already it has staunch supporters and many who are in opposition to it. Idaho has 2,934,000 acres that are unsold. Under the law only 25 sections, or 16,000 acres, can be sold each year. At this rate it would take the state more than 1831-3 years to dispose of its land holdings.

Quick Riches Idea,
Senator Davis estimates the state would enter its 21st year with a fund of \$10.375,000. The interest earning at six per cent of this amount would be \$4.212,000. On the 31st year the fund would grow to \$93,079,000, on the 51st year, \$179,575,000, 71st year, \$421,836.000, 81st, \$848,715,000. In 92 years, one-half the time it would take to self the state's land holding under the present laws, \$930,913,000 would be held by the state under the Davis plan. At four per cent the state would earn on this amount, \$37,236,000 income enough each year to meet the combined needs of the state forever, it is declared.

The state now receives 7½ cents an acre from its land when leasing it for grazing and 15 cents an acre when leasing the state forey to the state of the sta

Attorney-General Crawford, who represented the defendants, declared that the state was not obligating its credit, and that it had a legal right to engage in the work of internal improvements and to appropriate money raised by direct taxation. The Crater Lake road case was held not to be an analogous one, because that was decided by the Supreme Court to be an appropriation under a special or local act. That appropriation was \$100,000 and Mr. McMahan won his suit to enjoin the expenditure of the money. The Supreme Court held that "a statute making an appropriation for the construction of a state road and permitting the County Courts of the counties through which the road runs to lay a burden upon the taxpayers of the county, not shared equally by the taxpayers of other parts of the state, is local and in violation of the constitution." resented the defendants, declared that
