BOYS TO BE AIDED

Ernest Coulter, "Big Brother" Founder, Will Lecture.

ORGANIZATION IS PLANNED

Meeting Is to Be Held at Lincoln High School February 20. When Society Will Be Formed—Eastern Man to Help With Work.

Ernest R. Coulter, founder of the "Big Brother" movement, will lecture in the auditorium of Lincoln High School February 20, on the condition of the children of the slums and the work of the "Big Brothers." The "Big Brother" work in Portland is being carried on by Dorr E. Keasey, Paul Seeley and Horace Mecklem, assisted by Paul A. Wiebe, who worked for four years with Mr. Coulter in New York. Mr. Keasey and Dr. J. D. Corby, of the Universalist Church, are at the head of the movement in Portland. The "Big Brothers" have organizations in 42 cities in the United States at present and are growing rapidly. The New York organization alone has 550 members. These men have attained a 97 per cent efficiency in keeping the boys out of the courts and restraining them from lawlessness. "Our plan is not so much to help the boys financially as to aid them morally," said Mr. Keasey. "If we find a boy who is out of work or one who desires a better position than the one which he has, we do our best to aid him. Many boys whom we have helped have more than come up to our expectations." The formal organizing of the Big Brothers will take place February 20 under the supervision of Mr. Coulter. Mr. Wiebe is a member of several National organizations concerning themselves with child welfare, and is the author of a reference guide and bibliography for students. He is also a contributor to the "Child Magazine" and the "Juvenile Court Record." He has been connected with work for boys, juvenile courts and reform schools for 10 years, and has been engaged by Dorr E. Keasey to formulate plans for the "Big Brother" organization here. At present he is located with Mr. Keasey in the Chamber of Commerce building. A man is to be congratulated for a cheerful disposition, but at the same time there may be something in the theory that the grouchy can't help it.

BURNSIDE TRIP SET

Commissioner Dieck Goes on Junket Thursday.

J. J. OEDER IS CONDUCTOR

Luncheon Will Be Held at 10:30 o'Clock at Grand Union Grill. Official to Explain Opening and Extension of Street.

"Seeing East Burnside" luncheon and trip will be held next Thursday, instead of Wednesday, to enable Commissioner Dieck to attend. J. J. Oeder, who will preside at the banquet and be the "conductor" on the trip, has completed arrangements. Luncheon will be held at 10:30 at the Grand Union Grill, 388 East Burnside street. This will be brief. Commissioner Dieck will explain the nature of the proceedings for the opening and extension of streets under the present charter. Following the luncheon, the entire party will be taken in a large touring car which will accommodate about 30 people. The car will run out to East Thirty-ninth street on East Burnside, and then turn to East Stark. Then the car will run out to East Sixtieth, thence north to East Burnside and west on East Burnside to East Fifty-fifth street, from which point the street is closed to East Forty-seventh. This roundabout route is necessary on account of the condition of the streets. The sole object of this banquet and trip," said Chairman Oeder, of the East Burnside District Improvement Association, who originated the program, "is to start proceedings for the opening of East Burnside street through to East Fifty-fifth street and give it an outlet to North Mount Tabor and a connection with the Base Line road. This extension of East Burnside street is the most important improvement that can be inaugurated and carried out this year. East Burnside is certain to be a great highway, if we can get it opened as I have indicated. We hope that every property owner who is interested in the development of the East Side will attend this luncheon and go on the trip. What Mr. Dieck will say on the opening and extension of streets will apply to all streets in addition to East Burnside, and all interested should hear him. There is no excuse why East Burnside street should not be extended to the Base Line road. The business men

A Message to Thin, Weak, Scrawny Folks

An Easy Way to Gain 10 to 30 Lbs. of Solid, Healthy, Permanent Flesh

Thin, nervous, undeveloped men and women everywhere are heard to say, "I can't understand why I don't get fat. I eat plenty of good, nourishing food." The reason is just this: you cannot get fat, no matter how much you eat, unless your digestive organs assimilate the fat-making elements of your food instead of passing them out through the body as waste. What is needed is a means of assisting the assimilative functions of the stomach and intestines to absorb the oils and fats they may reach the stomach, shrink, run down tissues and build them up. The thin person's body is like a dry sponge—sage and hungry for the fatty materials of which it is being deprived by the failure of the alimentary canal to take them from the food. The best way to overcome this sinful waste of flesh is to use Sargol, the recently discovered regeneration force that is recommended so highly by physicians here and abroad. Take a little Sargol tablet with every meal and notice how quickly your cheeks fill out and rolls of firm, healthy flesh are deposited over your bony covering each body angle and projecting point. Wonderful! Sargol, and other good druggists have Sargol, or can get it from their wholesaler, and will refund your money if you are not satisfied with the gain in weight it produces as stated on the guarantee in such packages. It is inexpensive, easy to take and highly efficient.

Relief comes instantly. A dose taken every two hours until three doses are taken will end gripe misery and break up a severe cold either in the head, chest, body or limbs. It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dizziness, feverishness, sore throat, sneezing, soreness and stiffness. Don't stay stuffed-up! Quit blowing your nose! Ease your throat with your head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents per bottle at drug stores. It acts without assistance, tastes nice, causes no inconvenience. Be sure you get the genuine.—Adv.

Cured His RUPTURE I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no lost time, no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation, if you write to me, Eugene M. Pullen, Carpenter, 1066 Marcellus avenue, Bannockburn, N. J. Better cut out this notice and show it to any others who are ruptured—you may save a life or at least stop the misery of rupture and the worry and danger of an operation.—Adv.
