

PROPOSED TENNIS CHANGE LIKED

Local Players Favor Paying Expenses of Visitors at Club Tournament.

F. V. ANDREWS INTERESTED

Portland Devotee of Game Does Not Think Parents of Amateur Sport Is Affected—'New Service' Plan Is Hit.

While Portland tennis fans are rather far removed from the storm which is centering about the new amateur tennis rule, the changes are of interest to local players because the attendance of practically any tournament outside of the state will bring about questions under the proposed alterations.

The rules committee of the American Lawn Tennis Association meets at the Hotel Astor in New York on February 13.

The proposed rule is one designed to make tennis a more pure sport concerning amateurism. Formerly it has been the custom of many clubs to pay all the traveling and hotel expenses of some visiting star.

These were often paid, but in this the local men can see a harm.

Game Would Suffer, They Say. They figure, as have prominent tennis men of other cities, that it is class discrimination and that it will make tennis the game of the idle rich.

The measure was framed, not so much against the private clubs as against the hotels and summer resorts, which make a practice of staging invitational tournaments.

In many of these places the stars receive their board and room free, and sometimes their fare is paid. Where an organized club contests this, the tennis men see no harm. However in the distinction lies the trouble.

Of course you all like to see tennis kept a pure amateur sport, but I cannot see that this will help," said Fred Andrews, a prominent Portland player, yesterday.

"The trouble is that they have not the foot form of the Americans and Mexicans, Johnson is better to say than gain a big advantage over them on the way they follow up on their serve.

"The idea of the rule, as I make it out, is to keep the tennis man out of line while serving instead of rushing in on the swing."

Strikes and Spares

INTEREST in the Northwestern Bowling congress is still at boiling point and though there has been no bubbling over in the other side of the Atlantic, it is still at a high level.

The trouble is that they have not the foot form of the Americans and Mexicans, Johnson is better to say than gain a big advantage over them on the way they follow up on their serve.

Other towns throughout the state are showing a corresponding amount of interest in the other side of the Atlantic, it is still at a high level.

As a special feature of attraction the Portland Tournament Association will hold a banquet on this feature at the congress at one of the leading hotels.

This, in truth, will be a grand affair and one which alone will be worth the trip to town to witness the events in the tournament for their attempt at the prizes.

The Saratoga Alleys have been rebuilt as to a good many shafts and ventilate the place better. This feature was appreciated by the large class of women who turned out on the skids Friday afternoon.

printed wrong. It is possible some one else has made the mistake. Don't swing the ball more than once before delivering it. Don't start with a jump; walk one and two steps. Don't deliver the ball with the right foot in front. Don't step on or over the foul line. Don't think you can change the course of the ball after it has left your hand. Don't expect a "strike" every time you hit the ball. Don't blame the pin boys if you get a split. Don't throw away a "spare" because you think you are entitled to a "strike." Don't think the other fellow has all the luck. Plug away; things will change. Don't use any unnecessary motions. Don't exert yourself. Take it easy; an accurate ball is better than a swift, wild one. Don't quit bowling on account of a sore finger. You have other fingers on the same hand. Don't roll the ball down the alley when there is a ball in the pit. Don't use a wide grip if you have a small hand, or too narrow for a big hand. Don't use chalk on your shoes; leave the chalk in its container for whoever follows you. Don't bend your back when delivering the ball. With your feet far apart and knees bent you can start the ball with little or no sound. Don't expect alley owners to change everything to suit you. There are others to satisfy. Don't be superstitious—13 is a better star than 12. Don't think it necessary to be a Sandow. Many lightweights bowl well. Don't get discouraged—you can learn. Don't tell any one what you are going to do. Wait till after the game and tell them what you did do.

TRAIN ROBBER IN JAIL

BUD COX, ONE OF TRIO WHO HELD UP O.-W. TRAIN, SENTENCED.

Under Name of Williams, Brigand In Sent to California Penitentiary for Six Years.

Under the name of Williams, Bud Cox, identified as the leader of a gang of three robbers who held up the passenger train on the O. & N. at Siskiyou, Oregon, last August, has been sentenced to six years' penal servitude in Stockton, Cal., for burglary.

Williams was arrested and held in jail some time prior to his conviction, but was not identified until yesterday, when Chief Special Agent Klenen, of the Southern Pacific, with headquarters at San Francisco, identified him from the description of two of the train robbers.

Cox, according to Klenen, admitted his identity, but not his connection with the Sullivan's Gulch robbery. His capture was identified only by several persons who were upon the train the night of August 19, when the train was stopped just outside the East Side yards of the city.

MR. STRAHORN IS ON TRIP

SECOND HONEYMOON IS AIM OF ROAD BUILDER AND WIFE.

Head of Portland, Eugene & Eastern Hopes to Return to Portland April 1 to Continue Work.

Robert E. Strahorn, president of the Portland, Eugene & Eastern Railway, and Mrs. Strahorn, will leave today for a six weeks' trip through California and Arizona.

It was on this early-day trip that Mrs. Strahorn gained much information for the book, "Fifteen Thousand Miles by Stage," that she published several years ago. Mr. and Mrs. Strahorn always have referred to it since as their honeymoon. Now they propose to take a second honeymoon.

Many friends they made on their first trip are visiting in Southern California and Arizona still, and it is their intention to visit with them in these next few weeks.

Mr. Strahorn hopes to be back in Portland here of the April 1 to resume his duties. In the last two years, while construction work on the Portland, Eugene & Eastern has been under way, he has had little time for a vacation.

He hopes that by the time he gets back it will be possible to proceed with further electric development work.

RULES ARE CHANGED

Football Coaches Ruled Off Side Lines at Games.

"FIELD JUDGE" IS OPTIONAL

Intentional Grounding of Forward Pass to Be Penalized—Other Alterations Are Made at Short Session of Committee.

NEW YORK, Feb. 7.—The intercollegiate football rules committee decided today that hereafter coaches should be barred from the side lines.

Other changes were as follows: Intentional grounding of a forward pass will be penalized by the loss of 10 yards from the point of scrimmage.

When the ball from a free kick hits a goal post and bounces back into the field, the play is counted a touchback. After the teams line up the team having the ball shall not enter the neutral zone in shift formation.

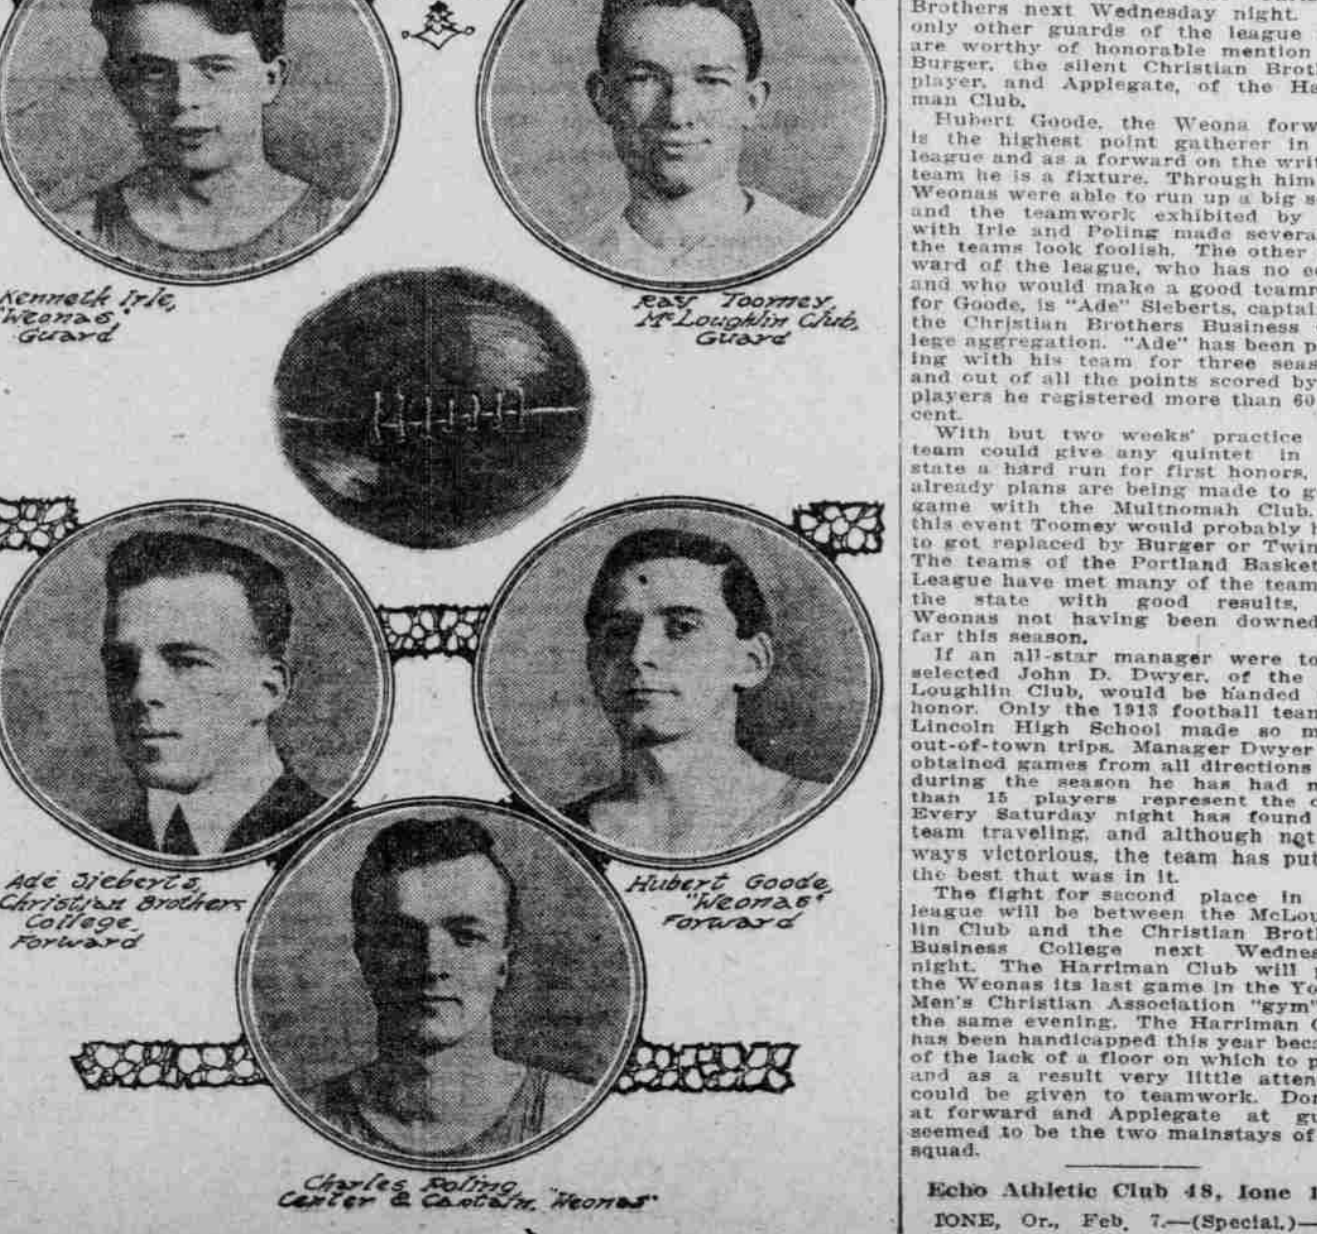

A player out of bounds when the ball is put in play penalizes his team by the loss of five yards. Under the old rule there was no penalty for this offense, the first time it was committed.

The committee left it optional with teams to decide whether they shall have a fourth official to be known as field judge, who shall have no specific duties of his own, but act as assistant to the referee and umpire.

The committee reached no decision regarding the question of distinguishing players in games by numbers. The members concluded to observe how this plan worked out next season before making any recommendations.

"We need the co-operation of every citizen of Portland and Multnomah County," said Commissioner Holman. "We have more than \$1,000,000 to handle this year and will welcome any suggestions that anyone may have to make."

HUSBAND-COUSIN IS SUED

Wife Charges John Hanley Told Her Marriage Was Not Unlawful.

Mrs. Minnie K. Hanley filed suit yesterday in Circuit Court asking an annulment of marriage from John Hanley, her cousin. She charges her husband misled her by telling her it was not unlawful in this state for first cousins to marry.

The couple were married, Mrs. Hanley charges, in December last year, but on their return to Portland she was informed that their marriage was illegal in this state. Since that time she has not lived with her husband, she says.

Acting on this advice, they were remarried in Vancouver, B. C., she alleges, in December last year, but on their return to Portland she was informed that their marriage was illegal in this state. Since that time she has not lived with her husband, she says.

Without a doubt the most important position on a basketball team is the center, for around him all plays must be directed. Poling, center and captain of the Weonas, won place over Burger, and in helping his team in team work he was at his best.

The guard positions of this team go to Kenneth Toomey, forward on the league and as a forward on the writers' team he is a fixture. Through him the Weonas were able to run up a big score last January, a feat which was exhibited by him with Irie and Poling made several of the teams look foolish. The other forward of the league, who has no equal and who would make a good teammate for Goode, is "Ade" Siebert, captain of the Christian Brothers Business College aggregation. "Ade" has been playing with his team for three seasons, and out of all the points scored by his players he registered more than 60 per cent.

With but two weeks' practice this team could give any quintet in the state a hard run for first honors, and already plans are being made to get a game with the Multnomah Club. In this event Toomey would probably have to get replaced by Burger or Twining.

The teams of the Portland Basketball League have met many of the teams of the state with good results, the Weonas not having been downed so far.

If an all-star manager were to be selected John Dwyer, of the McLaughlin Club, would be handed that honor. Only the 1913 football team of Lincoln High School made so many out-of-town trips. Manager Dwyer has been in games from all directions and during the season he has had more than 15 players represent the club. Every Saturday night has found his team traveling, and although night after night they have been victorious, the team has put up the best that was in it.

The fight for second place in the league will be between the McLaughlin Club and the Christian Brothers Business College next Wednesday night. The Harriman Club will play the Weonas its last game in the Young Men's Christian Association "gym" on the same evening. The Harriman Club has been overlooked this year because of the lack of a floor on which to play, and as a result very little attention could be given to teamwork. President Portland Basketball League. Although the last games of the Portland Basketball League will not be played until next Wednesday night, the victory of the Archer-Wiggins Weonas over the Christian Brothers Business College quintet last Wednesday gave the title of the league to the Weonas. The Weonas have tackled the best independent teams of the city and Weonas outclassed them all. Hence the Weonas receive preference on the all-star selection.

Without a doubt the most important position on a basketball team is the center, for around him all plays must be directed. Poling, center and captain of the Weonas, won place over Burger, and in helping his team in team work he was at his best.

Echo Athletic Club 48, Ione 15. IONE, Or., Feb. 7.—(Special.)—The

fast team of the Echo Social Athletic Club won from the local basketball team here last night by a score of 48 to 15. Hoskins brothers, forward and center for the victors, played a star game. The game was watched by a large crowd. The Echo team is one of the fastest ever seen here, and no doubt will have a good account of itself in the same with Union for the championship of Eastern Oregon.

Oakland Wins Last Game of Season. OAKLAND, Or., Feb. 7.—(Special.)—Defeating Sutherland High School by a score of 71 to 9, the Oakland High School basketball quintet closed their season on the local floor Friday night. Out of the six games played, two with Roseburg, two with Sutherland, one each with Eugene and Creswell, the local boys won three victories.

SCHOOL LUNCHES URGED

Idaho University Issues Bulletin Discussing Utensils.

MOSCOW, Idaho, Feb. 7.—(Special.)—An extensive bulletin on rural school lunches has been published by the department of home economics of the university here and is being distributed among the country school districts of the state. The purpose of the bulletin is to encourage the installation in rural schoolhouses of a complete equipment for the preparation of hot lunches at noon in order that every youngster in the country may be provided with at least one hot article of food to supplement the cold lunch which he carries from home.

The hot lunch equipment, which is suggested in the bulletin, includes about 30 different utensils, the total cost of which runs but a little over \$17. Among the articles is an iron table, a kitchen table, a small oil stove, frying pans, kettles, knives, egg beaters, etc. The cost can be met by the local boys in the school while the lunch itself can be cooked by the older girls. By the use of the hot lunch equipment it is estimated that hot lunches can be served for about 2 cents per day to each boy and girl.

Although the plan of the public auditorium committee was to make known its selection of a site for the proposed new public auditorium yesterday, the announcement was deferred until next Wednesday. The committee, with City Commissioners Brewster and Bigelow, held an executive meeting yesterday afternoon at the City Hall but reached no decision.

According to Commissioner Brewster there is still some information that the committee desires to secure before finally deciding on a site and also before deciding on the class of building to erect. The meeting will be held probably Monday, when the committee will attempt to make a final decision and submit its report on the subject to the board of directors. It is believed that the Market block on the West Side is being seriously considered as the site for the building. Just what other sites the committee has in view still is not known.

COURT ORDERS RETRIAL

Convicted Osteopath Has Case Reversed by High Tribunal.

BOISE, Idaho, Feb. 7.—(Special.)—Dr. Charles C. Smith, osteopath, convicted of manslaughter in the death of a child last week, has been ordered retrial by the District Court for Elmore County. The Supreme Court in an opinion handed down today reversed the conviction. It is believed that the Market block on the West Side is being seriously considered as the site for the building. Just what other sites the committee has in view still is not known.

Portland Boy Launches Season by Signing Up Candidates for Many Events—Leader Has Record.

UNIVERSITY OF CALIFORNIA, Berkeley, Cal., Feb. 7.—(Special.)—The 1914 track season at this institution will bring to light a team of veterans headed by Earl Crabbe, the newly-elected captain. This election was necessitated by the absence of the former captain, Paul Wood, who has left college.

Some 30 members of last year's team gathered on the track last week and standing not 10 feet away from the spot where the famous two-mile race finished last year, elected the hero of that race as their leader.

Crabbe comes from the Allen Preparatory School of Portland, Or., where his athletic career started. He has run in three intercollegiate meets with Stanford and in each he has won the two-mile race, and at the same time lowered the existing record of that event.

He, with Altman, another Portland man, successfully handled the cross-country team, taking third place in the big event. Crabbe already has run in the big event. Crabbe served as president of the Big "C" Society and managed to establish a name for his administration.

Crabbe already has officially launched the season by signing up candidates for the many events. The track men at the University farm have responded and have commenced to train on their track at Davis.

Membership is held by Crabbe in the societies of the Golden Bear, Winged Helmet and the Sigma Phi Epsilon fraternity.

"LOCATORS" ARE TARGET

CANADIAN GOVERNMENT AGENT IS HERE TO WARN LAND SEEKERS.

J. W. Grieve Says United States Allows "Locators" to Get Fees and Misrepresent Against Dominion Law.

The immigration department of the Canadian government has adopted a unique method of combating the activities of persons, who, operating without government affiliation or sanction, are engaged in cities of the United States in selling "locations" on Western Canada lands and exacting a fee of \$50 for the service.

J. W. Grieve, Canadian government immigration agent, arrived in Portland yesterday, registered at the Perkins, and immediately placed advertisements in local newspapers announcing he will be pleased to meet all parties who are interested in Western Canada.

"The so-called locators," said Mr. Grieve last night, "are making extravagant claims, and we are continually receiving complaints from their clients that the lands are not as they were represented."

Canadian law prohibits anyone from receiving a fee for locating persons on government land, but there is nothing to prevent "locators" of Canadian land from operating in the United States. "We wish that we could get at these people," said Mr. Grieve, "but there seems to be no way to do it under the laws of the United States."

"We have an advertisement in the weekly edition of The Oregonian for years, and have received thousands of inquiries from it, resulting in many people being located on Western Canadian lands. My presence here means that we are going to do our best to have people locate through the government by selling 'locations' on location on land that is not so represented."
