

WAGE LAW EFFECT MIGHT BE REVERSE

Effort Made by Washington Commission to Estimate Difference to Employes.

HALF UNDER SCALE NOW

Employers Say First-Class Help From East May Be Attracted by Wage and Many Forced Into Domestic Service.

OLYMPIA, Wash., April 4.—(Special.)—That the \$10 minimum wage for mercantile establishments, recommended by the Washington minimum wage conference, will have a sweeping effect is shown by investigations of the Industrial Welfare Commission.

Of 4544 female employees over the age of 18 years of age in mercantile establishments in all parts of the state, whose wages were listed by the Commission, 2267 received less than \$20 a week.

These statistics did not include the employees of 5, 10 and 15-cent stores, almost all of which receive less than \$8.

A considerable number of those receiving less than \$10 are beginners. The Industrial Welfare Commission has not yet made a decision on the apprenticeship question. One of the solutions suggested at the conference, however, which met with some favor, was the limiting of the number of apprentices in any store to 15 per cent of the total number of employees.

Average Increase \$1.81. If this plan were adopted 35 per cent of the women over 18 in stores would receive salary increases by the establishment of the \$10 minimum. In the cases of 681 employees, to which the \$10 scale was applied, it was found the average increase would amount to \$1.81 a week.

The increases that would be established by putting the \$10 minimum into effect would not be the only ones, however. The establishment of a minimum wage for minors would result in many increases, as 70 per cent of those under 18 years now receive less than \$7 a week.

Apprentices, while unable to earn the \$10 minimum, will in many cases be increased, as the commission, in issuing permits, must also fix the wage at which each is to work. Many of the department stores now start beginners at \$2 a week.

Servants May Be Plentiful. Employers, it is believed, will demand \$10 service for the \$10 wage and many girls capable of earning only \$7, \$8 and \$9 a week will be supplanted by more efficient help.

That a considerable percentage of the girls supplanted may be forced into housework is the view generally expressed by members of the Commission. Although in the final analysis the cost of the increased wages will be borne by the consuming public, J. L. Paine, of the Spokane Dry Goods Company, one of the members of the conference, said he did not expect any immediate "marking up" process would be resorted to by the stores, though he admitted that the settlement of the apprenticeship question might have much to do with this.

SANDY CLUB HAS DINNER

NEED OF UNION HIGH SCHOOL IN DISTRICT IS EMPHASIZED.

Feels to Be Purchased to Carry Power Cable From Bull Run Station to Provide Lights.

SANDY, OR., April 4.—(Special.)—The get-together dinner held last Thursday night in the Sandy Hotel under the auspices of the Sandy Commercial Club was attended by nearly 100 residents of this district. The business man and the farmer were there. E. R. Eason, president, in welcoming the guests urged all to get acquainted during the evening. Eason explained the object of the meeting and then turned the gavel over to F. B. Beckwith, who acted as toastmaster.

H. M. James, school superintendent for the district, urged the establishment of a union high school pointing out that the assessed valuation of the district is \$1,202,000, which would support such a school without a burden and would result in keeping the students at home.

Frank E. McGugin spoke of the need of closer relation between the farmer and business man and the need of fruit canners. Mrs. Antoine Malar and Rev. E. M. Smith also spoke briefly. A musical program was rendered. The next meeting of the club will be the annual election.

Sandy soon will be provided with electric lights from the power station at Bull Run. The city is diverting for poles to carry the cable from the headworks. One of the conditions of the Portland Railway, Light & Power company is that the city furnish the poles.

The Sandy News is the name of the new eight-page paper established here by Charles R. Bennett.

The owners of Government Camp have offered a silver cup to the first automobile to reach Government Camp this year. The only requirement is that the automobile shall come through on its own power.

MERCHANTS HAVE LEAGUE

Centralia Business Men Will Visit Surrounding Towns for Two Days.

CENTRALIA, Wash., April 4.—(Special.)—At a meeting held by Centralia business men at the Commercial Club rooms last night the permanent organization of the Centralia Merchant Association was effected. William Scates was elected president, Herbert Robinson secretary and Vernon Honeywell treasurer. Directors will be appointed next week.

The new organization will be operated along the same lines as the Tacoma Ad and Rotary clubs. The committee recently appointed to plan a two days' boating trip for merchants through the small towns in this vicinity reported progress. It is likely that the trip will be made in May. The first day out the towns along the main

line between Rainier and Kelso will be visited and the second day will be devoted to the South Bend and Grays Harbor branches.

CUPID GETS EVEN BREAK

Two Divorces, One Marriage and One Suit Off Walla Walla Tally.

WALLA WALLA, Wash., April 4.—(Special.)—Cupid usually plays second fiddle on divorce days in the Superior Court, but yesterday, by an 11th-hour compromise, he broke over. Two divorces were granted, and an offshoot there was one marriage, and one divorce suit was dropped.

S. A. Sanderson was divorced from Lola Sanderson on the ground of desertion. Louise Emma Ruer was given a divorce from Fred Peter Ruer. The Perry Sanders-Bertha Sanders divorce action was dismissed. W. A. Delahaye of Harvey, Wash., and Gladys O. Roseberry, of Freewater, were married.

WORK ON HIGHWAY PUSHED

Contractor Near Toledo Busy Despite Unfavorable Weather.

TOLEDO, Wash., April 4.—(Special.)—Work on the Pacific Highway south of Toledo by Contractor Peterson is

SIX TONS OF ELECTION SUPPLIES SENT TO VARIOUS COUNTIES OF OREGON FOR USE IN THE MAY PRIMARIES.

SHIPMENT, TWICE AS LARGE AS THAT OF 1912, JUST BEFORE LEAVING SALEM AND J. HAAS IN CHARGE OF SUPPLIES.

progressing, though the weather the past few days has not been as good as desired. Chief Engineer Allen, of the State Highway Commissioner's office, and County Engineers of Lewis County and Clatsop County, Thos. H. Gray, were here looking over the work, which is under supervision of Engineer George Peterson. The State will spend some \$1400 on a portion of the Pacific Highway near Toledo. A half of a mile of the road there will be graded and gravelled. With the state funds and other money that Lewis County will expend on the same road, it is hoped to put it in good shape.

SHEEP SHEARING STARTED

Herd of 12,000 Shorn Near Echo and 55,000 Ready at Arlington.

PENDLETON, Or., April 4.—(Special.)—Shearing operations in Eastern Oregon are well under way, according to Jake Wattenberger, manager of the Wattenberger shearing crew. With a crew of from eight to 12 men he has been at work in the vicinity of Echo for several days, having removed the fleeces from more than 12,000 head of sheep.

The Smythe sheep shearing plant, near Arlington, will be put in operation next Wednesday. A crew of 25 men will be in charge and a total of 55,000 head of sheep will be sheared.

Cemetery to Be Improved.

PENDLETON, Or., April 4.—(Special.)—E. Page, landscape gardener at the Oregon Agricultural College, has been requested by the Pendleton Civic Club to design plans for beautifying the Pioneer Cemetery in North Pendleton. This abandoned cemetery, located almost in the heart of one of the city's best residence sections, has been an eyesore for many years. For years the women of Pendleton have been endeavoring to have something done to improve its condition.

Farmers Build Telephone Lines.

CENTRALIA, Wash., April 4.—(Special.)—A new telephone company has been added to those operating in the vicinity of Toledo, a number of farmers living along Salmon Creek, south of the town, having constructed a line and connected the Independent Telephone Company's line. The name of the new concern is the Little Kentucky Telephone Company, and the stockholders are Harris Turner, John Turner, Emily Horford, Donald Blake, N. J. Patch and Louis Wade.

FUNERAL OF EX-MAYOR OF ASHLAND IS HELD.

Funeral services for the late Danina H. Provost, who died in this city March 31, took place Thursday.

The services were conducted by Rev. W. T. Van Scoy, at the residence of Henry Provost, nephew. Interment was in Ashland Cemetery.

Danina H. Provost was 63 years old and was born in Laprairie, Canada. She was the wife of Henry Provost, who died in this city in 1908. She was a resident of Ashland and Marion Counties before moving to Ashland nearly 25 years ago. She was Mayor of this city in 1908. She was never married. Direct relatives are three brothers, Pierre, of Ashland; Julian, of St. Paul, Or.; and Moses, residing in the Canadian Northwest.

ASHLAND, Or., April 4.—(Special.)—Funeral services for the late Danina H. Provost, who died in this city March 31, took place Thursday. The services were conducted by Rev. W. T. Van Scoy, at the residence of Henry Provost, nephew. Interment was in Ashland Cemetery.

SUPPLIES SENT OUT

Election Paraphernalia Goes to 34 Counties of State.

SHIPMENT OVER SIX TONS

Quantity Necessary Is More Than 50 Per Cent More Than Was Required for 1912 Primary as Result of Women Voting.

SALEM, Or., April 4.—(Special.)—Secretary of State Olcott has forwarded to the County Clerks of the 34 counties of the state the largest quantity of election supplies which has ever been provided in the history of the state for use at an election. These supplies have been prepared especially for the primary election of May 15, 1914. An idea may be gained of the quantity of election laws, poll books, tally sheets, statements, abstracts, official seals, pencils, clips and needles necessary from the fact that 44 boxes, weighing, with contents, approximately over six tons, or 12,425 pounds, comprise the total shipment. The quantity of supplies required for the current primary election is more than 50 per cent more than what was required at the primary election in 1912. This is caused by the fact that the women having been granted the right of suffrage, the quantity of election supplies necessarily has been greatly increased.

The natural growth in the voting population in the state has also to do with the increase, as has also the fact that the Progressive party is now required to nominate its candidates at the primary election. In 1912 the number of election precincts established by the County Courts was 1082, with a total of 137 election boards, while the number of 2122 election boards, the cost of printing the necessary election laws, together with the paper required for the poll books, tally sheets, statements, etc., and the printing and binding in respect thereto, which will be used at the primary election, approximately \$4050. Seventeen thousand three hundred and eighty pounds of paper have also been required for printing these laws and the blanks referred to.

4800 Poll Books Sent. A statement showing the total number and various blanks included in the shipment of election supplies follows: Forty-eight hundred poll books, 7500 tally sheets for Republican party, 7500 tally sheets for Democratic party, 7500 tally sheets for Progressive party, 7500 statements of tally sheets for Republican party, 7500 statements of tally sheets for Democratic party, 7500 statements of tally sheets for Progressive party, 1950 abstracts of votes, 1278 books of office, record election board officers, 1233 dozen brass clips for fastening ballots, 282 dozen needles for stringing ballots, 210 dozen indelible pencils for marking tally sheets, 60 election laws for election boards, 60 record books for use of Clerk and Sheriff.

J. Haas, in charge of this department—known as notary, books and supplies—has been connected with the Secretary of State's office 25 years.

DEPARTMENT COST LESS

INSURANCE COMMISSIONER CUTS DOWN EXPENSES.

Receipts Increase During Year of 1913, \$24,500.70 Over 1912, Expenses \$8254.01 Lower.

SALEM, Or., April 4.—According to a report submitted to Governor West by Insurance Commissioner Ferguson receipts of his department for the year 1913 increased \$24,500.70 over the year 1912, while the expenses decreased \$8254.01. The decrease in cost, he says, was due to a general saving in miscellaneous expenses in his report he says:

"Ever since I have been at the head of the department the volume of business and the receipts have increased while the expenses of the department have decreased. The receipts for 1912 were \$110,744.44, an increase of \$18,557 over the receipts of 1911. Expenses for 1912 were \$13,325.07, a saving of \$1801.02 from the cost of the department for the preceding year.

"The 1913 receipts, amounting to \$129,245.14, were an increase of \$8364.12 over the receipts of 1912. The 1913 expenses for 1913 were \$11,571.03, an other drop of \$1554.19. This decrease in the expense of the department is due to a general saving in miscellaneous expenses, such as stationery and supplies, printing and postage.

"During the year 1913, the department issued 7500 agents' licenses, being for life insurance, 4600 for fire insurance and 1600 for miscellaneous insurance. There are 250 companies of various kinds licensed to do business in this state."

SALEM, Or., April 4.—(Special.)—The Southern Pacific Railway Company was made defendant today with a damage suit for \$25,000 brought by Mrs. George Wylie, whose husband died recently from the effects of being struck by the Southern Pacific motor car.

NEW POWER PLANT PROPOSED.

NORTH YAKIMA, Wash., April 4.—(Special.)—The Pacific Power & Light Company, which is now completing cement work on an extension of the Wapato Canal in the Naches Valley, expects to push construction of a supplementary power plant which is to furnish some 5000-horsepower additional to the Naches power station.

This is one of the three which supplies electricity to the whole southern and southeastern part of the state. The machinery is being constructed and probably will be installed by Fall.

SOUTHERN PACIFIC SUED FOR \$25,000.

NORTH BEND, Or., April 4.—(Special.)—The Southern Pacific Railway Company was made defendant today with a damage suit for \$25,000 brought by Mrs. George Wylie, whose husband died recently from the effects of being struck by the Southern Pacific motor car.

MAY QUEEN OF ALBANY COLLEGE POPULAR JUNIOR.

ALBANY, Or., April 4.—(Special.)—Miss Ruth Knowles, who has been elected May Queen for the sixth annual May day exercises at Albany College, is one of the most popular young women of the college. She was accorded the honor of being May Queen in a popular election. Miss Knowles' home is in Florence, Or., and she is a member of the Junior class of the college.

Plans are under way for the annual festivities. Queen Ruth will name her maids, guards and other attendants within a few days.

SHIPPING LIQUOR BARRED

Injunction Against Express Company Stops Lewiston's Supply.

LEWISTON, Idaho, April 4.—(Special.)—Judge Steele, of the District Court, has issued an injunction against the Independent Express Company prohibiting it from soliciting or receiving liquor shipments. The injunction was issued on a complaint filed by County Attorney Johnson.

The express company operates a passenger and express line between Lewiston and Astoria, and it is charged that the line has been handling a great deal of liquor to supply a large demand in Lewiston.

The express company was recently investigated by the grand jury and no indictments were returned.

OFFICIALS INSPECT ROADS

Washington Engineer and Assistant Make Hike on Park Highway.

MORTON, Wash., April 4.—(Special.)—M. D. Mills, state road engineer, and his assistant, W. W. Coulter, were in Morton yesterday, to view the portion of the National Park Highway between this city and Mineral, on which the State of Washington will expend about \$40,000 this year.

Construction is expected to begin by April 15. The plan is to complete seven miles of the road this season, and about seventy-five miles more, employed, preference to be given to local labor as far as possible. Meears, Mills and Coulter made the trip from Morton to Mineral afoot to learn the present condition of the road.

BUMPER WHEAT CROP SEEN

Planters Predict Biggest Yield on Camas and Neperce Prairies.

LEWISTON, Idaho, April 4.—(Special.)—The Camas and Neperce prairies are to see the greatest wheat yield in their history, according to reports of large planters. Winter wheat not only is in better condition than it has ever been, but the acreage is greater.

Conditions last Fall were ideal for planting. The unusually mild winter helped it along and the Springlike weather of the past few weeks has had a beneficial effect. Wheat is commencing to stool well, and only a severe cold spell would do much damage.

Grain crops are doing well. Ten thousand acres will be sown to barley this Spring.

TON OF FLOUR IS MAILED

Parcel Post Shipment to Pierce City Is Weighed Four Times.

LEWISTON, Idaho, April 4.—(Special.)—A ton of flour going from Neperce to Pierce City by mail passed through the depot here, and although the flour is in 50-pound sacks, it is necessary to weigh it every time it is transferred in order to get the weight for the mail contracts. This means putting it on the scales at Neperce, Volmer, Lewiston and Groer.

A Spokane concern this week shipped 1000 pounds of crackers to local dealers on the Camas Prairie, the rate being 4 cents a 100 pounds less than freight on that class of goods.

LOWER TAXES IS CRY

Doom Awaits Douglas Aspirant Who Ignores Issue.

PRIMARY CAMPAIGN IS HOT

Benjamin Jones Throws Gauntlet Into Ring as Opponent of Representative Hawley—Many Seek Office on County Ticket.

ROSEBURG, Or., April 4.—(Special.)—With the taxpayers hardly recovered from the payment of the highest taxes in years, the voters of Douglas County are carefully considering the platforms of the several aspirants for office at the coming primary election with a view of electing only such men as advocate a wholesale reduction in the cost of operating state and county affairs. Any man who advocates the creation of more commissions, unnecessary appropriations and similar ideas is sure to meet his doom on primary election day.

This year's campaign in Douglas County seems to be unique when compared with previous elections. High taxes is the one topic discussed, and many of the candidates are being urged to declare their position on commissions and large appropriations. It is not the purpose of the voters to let the impression go out that they are against improvements and the support of bona fide institutions, for they are not, but they are merely opposed to unnecessary things to which heavy expenses are attached.

For Representative from Douglas County there are three candidates. Albert Abraham, ex-Senator, is making a campaign on a platform of efficiency, coupled with economy. He has been tried in the eyes of the voters, and the wishes of the voters. He declares his candidacy is much the same as the 12 Portland men who are being urged to become candidates for the lower house.

Opposed to Mr. Abraham are Colonel J. G. Day, of Olalla, and Attorney O. H. Porter, of Roseburg. Mr. Day is a pioneer resident of Roseburg and has the distinction of being the builder of the Cascade Locks. Mr. Porter is a Roseburg attorney and quickly overcame popular locally. All three of the candidates are active and each has a strong following.

Two candidates—James Sawyers, County Judge there are two candidates—D. J. Stewart, retired, and Attorney Reuben Masters. Both are Republicans. This contest, so it is claimed by those who profess to know, will be the chief contest at this year's primary election. H. C. Darby, the Democratic candidate for County Judge, will have no opposition at the primaries.

TO SAVE EYES

Is the Object of This Free Prescription—Try It if Your Eyes Give You Trouble.

Thousands of people suffer from eye troubles, because they do not know what to do. They know some good home remedy for every other minor ailment, but none for their eyes. They neglect their eyes, because the trouble is not sufficient to drive them to a specialist. Who would pay any way, charge them a heavy fee. As a result they go to the specialist, and the five and ten-cent store, and oftentimes get glasses that they do not need, or which injure the most sensitive eyes of the eye. Here is a simple prescription that every one should use.

Use three or four times a day to bathe the eyes. This prescription keeps the eyes clean and quickly overcomes inflammation and irritation. Weak, watery, sore, strained eyes, granular lids and other similar troubles are greatly benefited and oftentimes cured by its use. Many who have used it have discarded them after using it for a few weeks. It is good for the eyes, and will not injure the most sensitive eyes of an infant or the aged. The Owl Drug Co. or any other druggist can fill this prescription promptly. It is free and know for once what real eye comfort is—Adv.

Ben Selling

Leading Clothier Morrison Street at Fourth

THE finest Clothes in the world, sir—that's the sort of an Easter Suit you will choose at Ben Selling's! From Portland to London, the best dressed men will wear

Stein-Bloch Atterbury System R. B. Fashion Clothes on Easter day.

It gives us a lot of pleasure to show such garments as these. Patterns full of life and individuality. Styles to gratify the man of every taste—and whim!

Whatever price you choose to pay, you'll get the best—at \$20, \$25, \$30 and upwards.

"L" System Clothes for Young Men—They set the styles for Young Men's Clothes of the better class! Snappy, up-to-the-minute models—\$18 to \$30.

Your Easter Hat—is surely to be found in this big showing of all that's smart and newest. Exclusive agency for—

Dunlap Hats, \$5.00 Brewer Hats, \$3.00

Republican, of Roseburg, and K. M. Meers, Democrat, of Myrtle Creek—have announced themselves as aspirants for County Treasurer. Mr. Sawyers is the present incumbent.

There are two candidates for County Clerk—Edward Lenox, Democrat, the present incumbent, and Ben Huntington, Republican, School Supervisor of the Southern Douglas County district. Two candidates—Jefferson Wiley and Ben Nichols, Republicans—seek the nomination for County Commissioner. The Democrats have presented no candidates for this office as yet.

For Sheriff there are three candidates—George Quine, Republican, and present incumbent of the office, and Edward Singleton and Robert Ashworth, Democrats. Singleton is the present Constable of Deer Creek Precinct, including Roseburg. Ashworth was employed in the Sheriff's office under a former administration.

There are three aspirants for Justice of the Peace of the Deer Creek Precinct—Julius Josephson, ex-merchant of this city; L. B. Riddle, Circuit Court reporter, and C. W. Hopkins, a local attorney. All three are Republicans.

In addition to the above candidates much attention is being attracted by District Attorney George M. Brown, who aspires to the office of Attorney-General of the state.

All Clogged Up? Here's Quick Relief

A Simple Remedy to Correct Constipation Before It Becomes Chronic.

Very few people go through life without some time or other being troubled with constipation. Thousands indulge themselves by the use of strong cathartics, salts, mineral waters, pills and similar things. They have temporary value in some cases, it is true, but the good effect is soon lost, and the more one takes of them the less effective they become.

A physic or purgative is seldom necessary, and much better and more permanent results can be obtained by using a scientific remedy like Dr. Caldwell's Syrup Pepsin. It does not hide behind a high sounding name, but is what it is represented to be, a mild and effective medicine. It is so mild that thousands of mothers give it to their infants, and yet it is so compounded, and contains such definite ingredients, that it will have equally good effect when used by a person suffering from chronic constipation. In fact, among the greatest endorers of Syrup Pepsin are elderly people who have suffered for years and found nothing to benefit them until they took Syrup Pepsin.

It is a fact that millions of families have Dr. Caldwell's Syrup Pepsin constantly in the house, homes like those of Mr. H. W. Fenstermaker, Siegfried, Pa. He says he has had wonderful results from the use of Dr. Caldwell's Syrup Pepsin, that, in fact, he has never used any remedy for constipation since he is glad to recommend it. The special value of this grand laxative tonic is that it is suited to the needs of every member of the family. It is pleasant-tasting, mild and non-gripping. Unlike other physicals, it is being absorbed in a very brief time, the bowels are relaxed naturally again, when all medicines can be dispensed with.

You can obtain a bottle of any drug store for fifty cents, or one dollar. The other size is usually bought by families who already know its value. Results are always guaranteed or money will be refunded.

Families wishing to try a free sample bottle can obtain it postpaid by addressing Dr. W. B. Caldwell, 419 Washington St., Monticello, Ill. A postal card with your name and address on it will do.

Trained Nurse Recommends Duffy's

In 20 years, she has attended over 1600 cases and found this perfect medicinal whiskey of particular benefit in nearly all of them. That Duffy's stands the test of time, her own words conclusively prove:

"I have used and recommended Duffy's Pure Malt Whiskey in cases that I have attended as a Nurse in the past 20 years. Duffy's Malt, I find, is especially good where a woman needs a stimulant and tonic after childbirth during the nursing period. I have cared for over one thousand six hundred confinement cases in my 20 years as a professional nurse. I would recommend taking Duffy's Pure Malt Whiskey in milk and eggs three times a day."—Mrs. Mary B. Mauk, Easton, Pa.

Duffy's Pure Malt Whiskey

Is recommended as a powerful, invigorating tonic and stimulant, imparting strength to the whole system and to the organs distinctly feminine. It makes the stomach strong, promotes the flow of digestive juices, restores the lost appetite, makes assimilation perfect, invigorates the liver and purifies the blood. For overworked housewives and business women it is a blessing. It makes the old feel young and keeps the young strong and vigorous. When you ask for Duffy's Pure Malt Whiskey never accept a substitute. Whoever offers you something "just as good" is thinking only of the extra profits and has no consideration whatever for your future health and happiness. Sold by most druggists, grocers and dealers. \$1.00 a large bottle. Medical booklet sent free. "Get Duffy's and keep well." The Duffy Malt Whiskey Co., Rochester, N. Y.

Thousands of people suffer from eye troubles, because they do not know what to do. They know some good home remedy for every other minor ailment, but none for their eyes.
