With the purchase by the T. H. Shevlin Lumber Company of 60,000 acres of low pine timber from the Deschutes Lumber Company for a reported consideration of \$3,000,000, it is expected that preparations will be made during the year to begin cutting timber on an extensive scale.

Great Area in Timber. The timber belt of Central Oregon comprises an area extending from Bend in to the California line, a distance of 145 miles in length by 50 miles in width.

The most attractive appearance from a standpoint of the logger. There is underbrush and the land is almost all stumpage. The average about 100 feet to the acre, running as high as 25,000 feet on some tracts.

RE LOSS IS \$40,000

AZE IN EAST SIDE GARAGE DESTROYED 23 AUTOMOBILES.

Damage to Building Is Covered by Insurance—Overheated Stove Is Blamed for Outbreak.

Loss of \$40,000, partially covered by insurance, was incurred shortly before 7 o'clock yesterday morning, when a garage of Morgan & Olson at East 7th and Burnside streets, was ravaged by a fire that destroyed 23 automobiles. An overheated stove in the garage is believed to have been the cause of the blaze, though rumor has it that the heating of several gallons of oil that were mistaken for water set off an explosion. This report is denied by the proprietors, Joseph and Ed Turner, night men at the garage, who were dining in the office, as asserted, when they found themselves suddenly surrounded by flames. Their escape was aided by Patrolman Schuch, who had rushed to the garage on seeing flames shoot from a window. The three men all suffered minor burns. Three alarms were turned in and the fire was confined to the lower floor, with damage to the building, which is owned by D. C. Powell, is covered by insurance. There was no insurance on garage equipment. Proprietor Olsen stated yesterday that about one-third of the automobiles damaged were used for fire. Nine autos in the rear shop on the second floor escaped damage. Two trucks were taken out of the ruins under their own power, but were not badly damaged, though upholstery was burnt from them and the paint was blistered.

The owners of the cars in the fire are: C. Powell, owner of the fire area; J. E. Windel, Hudson 6-40; E. Brewery, Schuch touring car; F. Laundry, truck; North-West Butter company, Federal truck and Menominee truck; H. K. Evanson, Studebaker; C. Risser, a new touring roadster; J. J. Jenning & Sons, Packard truck; White truck; J. L. Wright, Pierce-Perry; F. S. Harmon Furniture Company, truck; K. R. ENEFACITOR IS VICTIMIZED

bbery of Joseph Foster Blamed to Man He Befriended.

A man, believed to be one whom Joseph Foster had signally befriended, had Foster's room at 440 Jefferson street yesterday morning at 11:30 and fled away with a suit of clothes, a watch and gold chain. The landlady saw the man take the clothes, but thought that it was probably a cleaner. Foster is landlady at the First Congregational Church and several years ago he took a man to his room, and he allowed him to sleep in a church, because of a tale of hard labor. When the man appeared in a drunken state later he was turned out.

OREGON RESOURCES AND WORK OF HER PEOPLE TO BE IN FILM AT HEILIG

Scenery, Principal Cities, Current Events, Industries, as Well as Rosarian Trip to California Are Portrayed in Reels That Begin Run on Tuesday—Beautiful Views Along Columbia Highway Caught by Camera.

AN OREGON SCENE THAT WILL BE SHOWN IN FILMS AT HEILIG THEATER ON TUESDAY AND WEDNESDAY.

THE resources, scenery and principal cities of Oregon will be seen in pictorial form at the Heilig Theater next Tuesday and Wednesday, running continually from 1 to 11 P. M., when more than 7000 feet of film, dealing entirely with the state of Oregon and the work of her citizens, will be shown to the public.

Current events of interest are depicted. All the important features of the recent Rotarian expedition to California are filmed, with some excellent views of California and her cities.

The Hunt Club's annual paper chase; mid-winter sports in the Willamette River, showing diving from the bridge; the joint meeting of the commercial bodies, boosting for a Greater Oregon; skiing parties on Mount Hood; golf tournament at Waverly Club, and the winner of the Rose Festival slogan contest are pictured in the current event portion.

All important industries and manufacturing are shown, to give the spectator a more comprehensive and accurate knowledge of the state.

FALLS CHALET GONE

Fire Wipes Out Attractive Hotel on Columbia Highway.

While preparations for a dance which was to have been attended by Portland society folk last night were going on a vagrant spark set fire to the roof of Falls Chalet, the beautiful resort and show place 22 miles east of Portland, on the Columbia River Highway, yesterday afternoon at 2 o'clock, and an hour later the building was in ruins, with a loss estimated at \$1,000.

Valuable Clothing Consumed. An attempt to save clothes and furnishings was unsuccessful, the fire having gained too much headway, and only two chairs were dragged from the building before entrance became impossible.

While the paving of the highway completed and the thousands of sightseers expected during the coming season, it was expected that Falls Chalet would be a favorite rendezvous for automobilists. The building had been leased to Mrs. Henderson for five years.

4-YEAR-OLD MAKES RESCUE Mark Briggs, of Albany, Saves Companion From Drowning.

ALBANY, Or., Jan. 23.—(Special)—Though he is only 4 years old, Mark Briggs saved the life of a 3-year-old companion yesterday.

He and Marshall Powell, 3-year-old son of Frank M. Powell, assistant postmaster of Albany, were playing along the Thurston-street canal, when the Powell boy slipped and fell into the swift current. The Briggs boy ran down the bank and reached out, caught him by the foot and pulled the little fellow to safety.

Merit Always Wins Over Prejudice

I know the penalty of leadership in every field of human endeavor. When a man's work becomes a standard for the world, whether in art, literature, business or dentistry, he becomes a target for the shafts of the envious few. If his work be merely mediocre he is left severely alone. If I was a one-horse, jim-crow tooth tinker the Dental Trust would never have undertaken to drive me out of the state.

Jealousy does not aim at the artist who produces a commonplace painting, but a masterpiece will set all the forked tongues of envy awagging. The leader is assailed because he is a leader. The follower of tradition and ethics, failing to equal or excel, seeks to depreciate and to destroy. Genius always pays the penalty as well as receives the reward.

This is nothing new. It is the world-old human passions of envy, fear, greed. If the leader truly leads he remains the leader. The master-painter, master-writer, master-builder, master-dentist, each in his turn is assailed by little minds, and each holds his laurels because he is a master.

That which is good and great, that which is a benefit to humanity and adds to the world's happiness and betterment, survives the loud clamor of denial and slander. That which deserves to live—lives.

PAINLESS PARKER, Dentist, 6th and Washington, Portland, Or.

Dear Sir:—I have just had a large amount of dental work completed at your office and feel that I should write you to let you know how well I appreciate your services.

The first day I was in your office I merely came to have my teeth examined, which you did free of charge. I was treated so nicely that I returned determined to have my teeth attended to without further delay.

Dr. Barrett made several gold crowns and placed them in the same satisfactory manner. Later I had a plate made by your plate specialist that is a splendid piece of workmanship. All of which demonstrated to me that specialization in dentistry is a big improvement over the old-style methods.

Best wishes for a prosperous new year. MRS. W. S. PEPPERS, Monmouth, Or.

PAINLESS PARKER, Dentist, 6th and Washington, Portland, Or.

Dear Doctor:—If people who are in doubt as to the efficiency of your system of painless dentistry will take the trouble to satisfy themselves as I did by personal experience, they will be fully convinced as I am. I had several teeth extracted and a beautiful 11-tooth bridge put in my mouth without any pain, as would have resulted had I gone to a dentist who used cocaine and arsenic.

I am pleased to be able to truthfully say to you that this work is highly satisfactory in every regard, and will very cheerfully recommend your methods to anyone needing the services of a dentist. Very respectfully, GUSTAVE WALTER, 248 Salmon St., Portland, Or.

PAINLESS PARKER, Dentist, 6th and Washington, Portland, Or.

Dear Doctor:—Early last Spring I came to your office as a "doubting Thomas," and decided to have some trial work done. I was so well pleased that in all I had teeth extracted, bridge work placed, nerves removed and fillings and crowns put in my mouth. It was all done in a remarkably few calls at your office, in a workmanlike manner and without pain or disagreeable sensations of any kind.

I like your methods, and especially the system that permits me to have this work looked after in any one of your offices. I wish you all kinds of success, and will surely be an advocate of Painless Parker's methods. Very truly yours, MRS. F. J. WILDE, Portland, Or.

PAINLESS PARKER, Dentist, 6th and Washington, Portland, Or.

Dear Doctor:—This letter will come to you as a surprise, but I trust an agreeable one. On October 28 I called at your office for treatment, not knowing you in any way other than through your advertisements. I was very much pleased with all the work at the time it was done, but have waited until this time to see if everything would continue to be satisfactory.

My work consisted of removing 10 nerves, filling several teeth and having 25 crowns and bridge teeth placed. This work being done by Dr. Eldredge. I feel confident the work was done cheaper than if done by the dentist in Forest Grove. At any rate, I am very much pleased with the work and the treatment in your office, and will surely send my friends to you who may need dental treatment.

I feel assured to know that if at any time any of this work should cause me trouble, I can have it attended to at any one of your offices free of charge. Trusting that you may come out victorious in your fight with the Dental Trust, I am sincerely yours, MRS. H. BERNARDS.

PAINLESS PARKER, Dentist, 6th and Washington, Portland, Or.

To Whom It May Concern:—This is to certify that I, A. J. Gueler, Portland, Or., am a patient of Dr. Parker, and have had porcelain crowns put on without pain, and that the work is entirely satisfactory. I can truthfully praise Painless Parker for his absolutely painless dentistry, and the satisfactory treatment given me both from the attending doctor and the entire staff of the Painless Parker organization. Yours truly, A. J. GUELER, Portland, Or.

PAINLESS PARKER, Dentist, 6th and Washington, Portland, Or.

Dear Doctor:—I wish to say that the dental work you did for me a few months ago is entirely satisfactory. I had you replace my natural teeth with artificial substitutes, which in fit, use and appearance are in every way satisfactory. The work improves my appearance, and shows the splendid skill of your associates. It is a pleasure for me to give this expression of my appreciation of my treatment in your office.

With many good wishes for your continued success in Portland and elsewhere, I am very truly yours, J. P. SWENNES, Portland, Or.
