TRACEY CLOSE TO REFEREE BOUTS

Ex-Multnomah Amateur Athletic Club Instructor to Act Tuesday Night.

ALL-STAR CARD ARRANGED

Anderson-Benjamin, Mascott-Gorman, Wagner-Madden, Abe Gordon-Edwards, Leonard-S. Gordon Matches Are Listed.

Tommy Tracey, former boxing instructor of the Multnomah Amateur Athletic Club and famous welterweight boxer, has been chosen to referee the Harry Anderson-Joe Benjamin bout Tuesday night at the Eleventh-street playhouse.

Both boys have been training hard for the match and are in the best of condition. Benjamin will box with his sparring partners again today, but Anderson will not do any more boxing until the night of the 14th.

The Canadian wound up his training routine yesterday, going eight fast rounds with Weldon Wing and Jack Wagner. He also practiced shadow boxing and bag punching. Benjamin will take on Billy Mascott and Freddie Lough today and will rest Monday.

Benjamin's friends have all the confidence in the world in him and think that Anderson will meet him on Tuesday. The bout is scheduled to go six three-minute rounds.

Mascott Is Fast. Billy Mascott, the little Portland battler, will try to bring the featherweight championship of the Northwest back to Portland in the semi-windup, when he clashes with Joe Gorman, of Seattle, holder of the Northwest featherweight title.

The special event between Lloyd Madden, of Seattle, and Jack Wagner, looks to be one of the best bouts on the card. At the last boxing show here Wagner and Madden put up a hurricane match, Madden winning.

Abbe Gordon Improves. The bout between Abe Gordon and Danny Edwards will be another "sure-fire" affair. It is the best Portland has had about a year ago when he was the cleverest boy at his weight in this part of the country.

Private Formerly in Italian Army at American Lake. TACOMA, Nov. 10.—(Special).—Private G. G. Merchiorri, of the 405th Telegraph Battalion, Camp Lewis, the members of which are drawn from 31 cities and 20 states, was formerly in the Italian army.

Art Association Show Pleases. The sixth annual exhibition of the work of artists of the Pacific Northwest is now open at the Museum of Art. It includes 80 paintings in oil and water-color and five pieces of sculpture.

GOOD SCORES MADE

Portland Bowling Teams Are Showing Fine Form.

COMPETITION PROVES KEEN

Celro-Kola Team in Oregon Alleys House League Now Lacks but Few Points of Being Leading Team in Organization.

One of the snappiest aggregations in the Oregon Alleys House League this year is the Celro-Kola team. Although this is the boys' first year in the bowling circle, they started out to conquer and they have made a fine record.

This is Captain Dietz' first year in the game and for a recruit he has made a fine record. Much credit is due him for the team's success. A better pilot could not be found.

Eugene Hoek, Jr., otherwise known as "Der Kaiser," has maintained an average of 165 in all 12 games rolled. William Bergmann, the "dark horse" of the team, was the biggest surprise of the quarter.

PAST WEEK IS EXCEPTIONAL

Woods and Jones Are Tied for Individual Leadership.

The past week has been of exceptional interest in the bowling world. Several records have been piled up. As the season is getting fairly under way, the interest in the game is being exhibited in the league matches.

Walter Woods rolled a good game last week with a 415-205 average. Walter called the kingpin the Kaiser and when he cracked it on the nose the rest were gone.

AS BOXER CARL MORRIS IS ONE BIG LAUGH, SAY CALIFORNIANS

Sluggish Heavyweight Appears Like Canal Barge Stuck in Mud When Essaying to Go Against Dempsey; Hulky Oklahoman Gets "Ha-Ha"

BY HARRY B. SMITH. SAN FRANCISCO, Cal., Nov. 10.—(Special).—If Carl Morris is the best of the Eastern heavyweights San Francisco fans can get along nicely without the big fellows from east of the Rocky Mountains, thank you.

As a fighter Morris is one huge joke; so much so that those of us who watched Jack Dempsey trim the big fellow sat back in our seats and laughed at the spectacle. Morris in his actions resembles a heavily loaded canal barge moving through the channel.

Morris simply didn't know what to do. Dempsey, scoured to death at the outset of their battle, finally gained confidence. When he started walking around Morris it was all off with the big fellow. Morris was lost completely, and a fighter more experienced than Dempsey might have scored a knockout.

ARMY ELEVEN WILL MEET

Fort Stevens and Vancouver Barracks Team Play Today.

FORT STEVENS, Or., Nov. 10.—(Special).—The most important football contest here this season will take place tomorrow between the Coast Defense team and the Vancouver Barracks eleven.

The Coast Defense team is rounding into form. Captain Fisher, guard and punter; Heman, End Newman and Half-back Deman will not play because of injuries, but the Coast Defense team will not be materially weakened.

The probable line-up for the Coast Defense team: Right end, Gillum, Second Company, Columbia, Baker; Right tackle, Madden, Second Company, O. C. A., Eugene; Right guard, Lecqua, Eleventh Company, O. C. A., Marshfield; Center, Cassman, Second Company, O. C. A., Creswell; Left guard, Davis, Fifth Company, O. C. A., Albany; Left tackle, Tracy, Fifth Company, O. C. A., Albany; Left end, Stevenson, Eighth Company, O. C. A., Portland; Quarterback, Watson, Third Company, O. C. A., Clatskanie; Fullback, Deismann, First Company, O. C. A., Ashland; Fullback, Sottor, Second Company, Columbia, Salem; Fullback, Broshius, Fourth Company, Columbia, Prineville.

WAR SERVICE IS URGED

ABERDEEN BOYS AND GIRLS ASKED TO ASSIST GOVERNMENT.

Plan Outlined by Principal H. E. Holmquist May Be Submitted to Other Grays Harbor Schools.

ABERDEEN, Wash., Nov. 10.—(Special).—A plan for getting every Aberdeen High School student interested in some form of war work has been outlined by Principal H. E. Holmquist, and submitted to the other principals of this district. It probably will be adopted in several schools.

Mr. Holmquist's plan calls for the enrollment of each student on cards showing his or her war work, and which from time to time will note the progress each student is making. He says there are 1,200,000 high school boys and girls in the United States, and if all of these could be interested in some form of war service a great source of undeveloped strength would be found.

The suggestions for war work for the boys are those of joining the Boy Scouts, entering contests for greater food production, picking quantities of wild blackberries, joining American Boys' Army, and organizing a waste paper saving club in the high school.

Among the suggestions for the girls are those of joining the Campfire Girls, My America League, and forming canned food saving clubs in the high school.

THIS MAY HALT ALL DEBATE. Correct Pronunciation of Cleotie Is Finally Made Public.

CHICAGO, Oct. 29.—Eddie Cleotie has not only a "shine ball," but he has a shine name! Manager Rowland has refused to allow the correct pronunciation of this surname past the censors for strategic reasons. This is a new wrinkle in inside baseball.

Rowland figures that if the hostile fans are kept in the dark they won't be able to ride his star slabster. It's a great idea! Unless he gives up the batting order. In this way Rowland fools the fans and gets even with the umpire. In Boston they give it the Harvard accent—Sea-ko-tay. In Cleveland the fans from the screw and tack factories scream it—Cykotte. In Detroit they tell it—Cobb to Slick—in St. Louis it is She-coat-tea.

In New York it gets all the varieties. We haven't spoken of the audacity to print what the Giants call Eddie. McGraw is going to cross Rowland, however. His scouts have run Eddie's name to cover, and the correct pronunciation and accent is made public. It is Sign-coot. (Think of the first two games and accept the Sign. Think of a small Sign and you have the cat.)

BOWLING RULES SET

Portland Commission Lays Down Regulations for Men.

ENFORCEMENT TO BE MADE

All Boxers Who Participate in Portland Matches Must Register First and Be Governed by Measures Put in Force.

After a month of careful consideration the Portland Boxing Commission has drawn up a set of rules that will govern the boxing game in Portland. The Commission intends to see that every rule is carried out and observed, and from time to time the Commission will add new rules when it is deemed necessary. The rules follow:

- Rule 1.—Every boxer desiring to participate in a boxing match in the city of Portland shall be required to register with the boxing commission, and be governed by the rules of said commission. Rule 2.—Each application for a boxing permit must be accompanied by a physical examination card, filled out by a physician named by the boxing commission. Rule 3.—After registering and passing an examination that is satisfactory to the boxing commission, the boxer is then authorized to issue a written permit to the boxer to participate in a boxing match. It shall be held at some given date, which date must appear in the face of the permit. Rule 4.—Permits will issue only for the date specified and if a transfer of date is desired the boxer or manager of the match must apply to the boxing commission for a new permit before arranging any date for any kind of match. It is the duty of the boxer to appear at the match on the original permit. The boxing commission may or may not issue a new permit on its own discretion. Rule 5.—No boxing match shall be advertised in any way until the boxing commission has given its sanction for the match. Rule 6.—The boxing commission shall issue a permit for each boxing match held in the city of Portland, said fee to be paid immediately upon the issuance of the boxing permit by the secretary of the commission. Rule 7.—A boxing match shall be understood to be a programme consisting of two or more boxing bouts. Rule 8.—Permits must be secured not less than 15 days before the date on which the match is to take place. Rule 9.—It shall be within the province of the boxing commission to issue at their discretion and in their power, permits for boxing matches of not over two rounds of two minutes each, for a contest of three rounds, if they choose to do so. This ruling is made for the benefit of organizations that desire to hold boxing bouts as a part of a programme for the entertainment of members. Rule 10.—All boxing match fees will be disbursed by the boxing commission. Rule 11.—The boxing commission shall have full power at all times to classify and reclassify boxers into different classes, if it deems it necessary to do so. Rule 12.—The weights of the different classes shall be as follows: Flyweight, 105 to 114 pounds, inclusive; bantamweight, 115 to 122 pounds, inclusive; featherweight, 123 to 128 pounds, inclusive; lightweight, 129 to 136 pounds, inclusive; welterweight, 137 to 145 pounds, inclusive; middleweight, 146 to 154 pounds, inclusive; light heavyweight, 155 to 173 pounds, inclusive; heavyweight, 174 to 212 pounds, inclusive. Rule 13.—Managers, referees, boxers and promoters must be registered with the public and each other, otherwise they will not be allowed to participate in any boxing matches in the city of Portland. Rule 14.—Referees' names must be submitted to the boxing commission. The commission reserves the right to reject any or all names submitted. The referee in use the principals cannot make a selection satisfactory to the commission. Rule 15.—Referees are to be paid the customary fee from the proceeds of the amount. Rule 16.—Each bout shall consist of not more than six (6) three-minute rounds. Rule 17.—No lighter than six-ounce gloves shall be used in matches when the weight of the boxer does not exceed 125 pounds and no lighter than eight-ounce gloves in contests when the boxer's weight is in excess of 125 pounds. Rule 18.—Any member of the boxing commission who is found guilty of using gloves of any boxer at any time during a contest and reject the gloves used if found unsatisfactory to the commission. Rule 19.—Any boxer failing to make his appearance at any smoker after having agreed to do so shall stand suspended by the boxing commission until he has appeared at a match in the city of Portland or such time as in the judgment of the boxing commission shall seem proper. Rule 20.—Substitute bouts must be arranged for in lieu of any bout for any cause, or reason cannot be given. Rule 21.—Any boxer who has been suspended shall have the right of appeal to the boxing commission for reinstatement. All appeals must be in writing. Rule 22.—Newcomer boxers can be introduced in ring at matches only on the approval of some member of the boxing commission. Rule 23.—No boxer who has competed for an athletic club or organization, or a member of the Amateur Athletic Union of America shall be allowed to compete in any contest sanctioned by the boxing commission for a period of one year subsequent to his last competition for such club or organization. Rule 24.—All complaints of promoter or boxers must be made in writing to the boxing commission without delay. Rule 25.—All ring ropes and posts must be carefully examined and meet the approval of the boxing commission. Rule 26.—Cupholders must be provided for the use of boxers, that water may not be exporated on the floor or canvas of the ring. Rule 27.—That a box or seats be reserved at the ringside for the use of the boxing commission. Rule 28.—Complimentary tickets for boxing matches shall be given to the press provided for in the schedule of the boxing commission. Rule 29.—Boxing meets must be held in buildings that meet the approval of the Fire Marshal, Health Department and the boxing commission. Rule 30.—All members of the boxing commission shall serve without pay.

COURSE IN SHAPE

Work Progresses Slowly Upon New Nine Holes.

MIXED FOURSOME TODAY

Event Will Be 18 Holes Medal Play, With Handicaps Allowed—Winners Are to Receive Two Beautiful Prizes.

The beautiful weather of the past week enabled the members of the Portland Golf Club to enjoy their share of the great outdoor game to their heart's content. The course is in great shape and the recent rain was all that was needed to put the course in the best condition it has been for many months.

Work is progressing slowly on the new nine holes. The grass is slowly but surely making its appearance on a number of the new greens, and C. C. Gross, chairman of the greens committee, is very enthusiastic on the new addition to the club's course, which will be open to the Portland club members next Spring.

The new nine holes are going to be a very difficult course to traverse without losing a large number of balls. The hazards are numerous and difficult. Rudolph Wilhelm, Oregon State and Pacific Northwest champion, looked the new addition over last week and said it was one of the best he had seen. It is going to take some real golfing to cover that nine in 40. The hazards are numerous and so situated that it will make the best of the local golfers use every bit of their golfing knowledge to get around with a low score," said Wilhelm.

There will be a mixed foursome today on the Portland Club course. The event will be 18 holes, medal play, handicaps allowed. The same beautiful prizes have been donated for the winning couple. The monthly dinner-dance will be held at the clubhouse next Saturday night. The same lively music which featured the last dance has been engaged for Saturday night, which insures all those attending a jolly good time.

The dance will be in charge of the house committee, which consists of George Anderson, C. C. Gross and Pacific Northwest champion, looked the new addition over last week and said it was one of the best he had seen. It is going to take some real golfing to cover that nine in 40. The hazards are numerous and so situated that it will make the best of the local golfers use every bit of their golfing knowledge to get around with a low score," said Wilhelm.
