

FEDERAL "BLUE SKY" MEASURE INTRODUCED

Publicity Required in Selling of Stock.

INFORMATION IS DEMANDED

Buyers of Stock Get Privilege of Obtaining Damages if Misrepresentation Is Proved.

OREGONIAN NEWS BUREAU, Washington.—The fight that has been going on in many of the states where legislatures are meeting this year to prevent the passage of so-called "blue sky laws" will be for naught if the bill introduced by Representative Edward T. Taylor of Colorado becomes law. This bill, which is understood to have the backing of the administration, is to be known as the "federal stock publicity act" and is sure to draw the fire of those who have been fighting "blue sky" laws in the states because it will make it exceedingly difficult to engage in any stock-selling enterprise that is not gilt-edged.

To ensure this proposed act any sort of stock-selling scheme will have to be limited to a very narrow local community and involve no use of any newspaper or other publication with interstate circulation or of the United States mails or any other instruments of transportation or communication controlled by the United States government.

The bill sets forth that every corporation with the power of engaging in interstate commerce, which proposes or intends to offer shares of its stock to the public, or to acquire or acquire by any means or instruments of transportation or communication owned or controlled by the United States or any of its agencies, or through the use of any means or instruments of transportation or communication owned or controlled by the United States or any of its agencies, or through the use of any means or instruments of transportation or communication owned or controlled by the United States or any of its agencies, shall be required to file statements with the secretary of the treasury.

Many Facts Required. Any corporation organized under the laws of one of the states for the purpose of engaging in public service in such state, or of the corporation or shares are subject to the approval of a commission or other public authority of the state, is excepted from the provisions of this act.

The names and addresses of the board of directors or other board of management, president, treasurer, secretary, and all other officers, and the number of shares in such corporation owned by each; the name of the state or other sovereign power under the laws of which the corporation was organized, and a reference to such laws; the purpose for which the corporation was organized and the general nature of the business in which the corporation is engaged or proposes to engage; the capitalization of the corporation, including the authorized amount of its capital stock, the number and classes of shares into which such capital stock is divided, a description of the respective rights, preferences, or capital of each class with respect to each other class, the amount of any cash or other consideration included in the shares of stock to be offered, the amount of the funded debt, with a brief description of the date, maturity and character of such debt, and the security, if any, therefor.

Right to Damages Given. The price for which the shares are to be sold and the commissions to be paid must be stated and the names of all the agents engaged in the sale.

musical summer seasons in Portland. A rapidly-widening understanding of, and interest in, good music augurs a constantly increasing support of our movement. We feel that the time is ripe for the production of worth-while musical plays and operas in Portland and that Portland people will welcome the opportunity to hear the real artists in tuneful pieces.

The Matt Grau agency of New York sponsored the formation of the Alcazar musical comedy company and has engaged a cast of well-known artists to support Mabel Wilber and Oscar Figman. The latter is on tour in "You're in Love," in which he is registering a big success.

Mabel Wilber was one of the first "Merry Widows" to be sent out by Henry W. Savage and her success in the role brought her into public notice as one of the loveliest and most youthful prima donnas with a voice of amazing beauty. Since then she has starred in other Savage productions in the east and for one season headed a big musical comedy company in St. Louis and again in Kansas City, where her beauty and brilliant voice made her a tremendous favorite.

The orchestra will be composed of 10 artists under the direction of Rose Moberg, who supervised the hit for "The Merry Widow" on Broadway. The opening production will be Fritzi Scheff's famous piece, "Mlle Modiste," which will be followed by a succession of musical pieces of unusual charm, including the following, and others as they are released: "Madame Sherry," "Singing Madam," "The Time, the Place and the Girl," "Flora Bella," "The Candy Shop," "Horadora," "Very Good Eddie," "Burgomaster," "The Chocolate Soldier," "The Tenderfoot," "The Gingerbread Man," "King Dodo," "The Red Rose," "Queen City," "The Red Mill," "The Honeymooners," and "The Honeymoon Trail."

The evening prices will be 50 cents, 75c and \$1, and the Wednesday and Saturday matinees will be 25 and 50 cents, which popular prices will appeal greatly and have a tendency to popularize the productions.

OLD FIREPLACE IS DOOMED ENGLAND TO BUILD 300,000 HOUSES FOR WORKMEN.

American Steam Heating System to Be Substituted—Defects Will Be Remedied.

LONDON.—(Correspondence of the Associated Press.)—The government plan to build 300,000 houses for workmen within the next few years apparently has aroused the British public to demand abolition of the archaic English fireplace and substitution of the American steam-heating system for homes. The demand is voiced by numerous contributors to the London newspapers.

"I mean that it does not heat properly. Its radius is so limited that over half an average English drawing room is not used in winter time. To move 12 feet away from the fireplace is to leave the room as cold as the Arctic circle, while as for sitting comfortably near the window, the thing is inconceivable.

The writer called attention to the fact that in spite of the labor of carrying coal for great fires, fully 80 per cent of the heat is wasted, going up the chimney. It would be a more barbarous, more expensive and more inefficient" asks the writer. "We shall never have either sanity or comfort in our homes until we adopt the central heating system of our hot-air furnaces, spread warmth throughout the house, not in patches, and burn wood on the hearth to supply the element of fulness with a minimum of trouble and dust."

REGAINS HEALTH AFTER YEARS OF STOMACH TROUBLE

This Indiana Woman Learns That Right Kind of Tonic Treatment Brings Relief.

Good blood is the foundation of health. Once the blood becomes thin and weak the entire body correspondingly loses its tone. The nerves which derive their nourishment directly from the blood are under the greatest strain and their work properly. Thin blood and starved nerves combine to cause stomach trouble and until blood and nerves are restored and strength in the digestive processes are disturbed and troublesome.

Any person suffering from stomach trouble learns to expect keen distress after a meal. Headaches and dizziness are common symptoms and as restless night follows restless night, the body becomes so run down that the sufferer is exhausted by slight effort and breathless when climbing stairs. This can be corrected by proper treatment.

Dr. Williams' Pink Pills are a tonic for the blood and nerves. They begin to work almost immediately and are aided by excess of work. The rich red blood soon begins to show in cheeks and lips, the step is quicker, the eyes brighter and the good effect is felt in every organ of the body.

Two useful books, "Diseases of the Nervous System" and "What to Eat and How to Eat," will be sent free by Dr. Williams' Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills or you can order them by mail, in packages of 50 cents a box, six boxes for \$2.50.—Adv.

Clear, Peachy Skin Awaits Anyone Who Drinks Hot Water

Says an inside bath, before breakfast, fast helps us look and feel clean, sweet, fresh.

Sparkling and vivacious—merry, bright, alert—a good, clear skin and a natural, rosy, healthy complexion are assured only by pure blood. If only a pale, sallow complexion could be induced to adopt the morning inside bath, what a gratifying change would take place. Instead of the thousands of sickly, anaemic, "run-down," "brain fags" and pessimists we should see a virile, optimistic crowd of rosy-cheeked people everywhere.

FEDERAL TIRES

DOUBLE CABLE BASE Re-enforced To insure longer wear Safety—economy

It is obvious why engineers re-enforce a bridge. Car owners could save money and trouble if they realized that tires should be re-enforced at their base. The durability of the whole tire structure is dependent upon its base. Study this illustration. Those four twisted steel cables are there for scientific reasons, like steel cables in a bridge.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young — to do this you must watch your liver and bowels — there's no need of having a sallow complexion — dark rings under your eyes — pimples — a bilious look in your face — dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years. Dr. Edwards' Olive Tablets, the substitute for cologne, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.
