

### WOMEN WILL RAISE \$40,000 FOR Y. W. C. A.

#### Subscription Teams to Open Campaign Tomorrow.

#### ROTARIANS PROMISE HELP

#### Money Intended to Be Expended Only on Construction Activities Not Now Self-Supporting.

Women making up 17 teams that will canvass the city to raise subscriptions for the \$40,000 social service budget of the Young Women's Christian association will tomorrow open the campaign. The groups will meet at the building at 9:30 A. M. to receive cards and instructions and at 4:30 are scheduled to perform the first day's work. This plan will be repeated each day throughout the week, a tea being held each afternoon.

The sum to be raised by subscription represents one-fifth of the total annual budget for the Portland division and is only to be expended for activities not self-supporting. It will also assist similar organizations, such as Community Service, applying for grants and loans. The Y. W. C. A. of Portland, however, will for care of needy girls and other emergency purposes.

In addition to the regular Y. W. C. A. teams, the Rotary club and the Women of Rotary have volunteered their assistance. The first group will be headed by T. H. Williams.

#### Campaign Statement Issued.

The campaign organization has issued the following statement, which will be used in setting forth the plea for more funds:

"When an organization meets the conditions of the times and progresses with the times, performing a service which is necessary and useful to society generally, it readily receives the support of the community. Almost half a century ago the Young Women's Christian association came into being through the efforts of a small group of women devoted to girls' work. Since that time it has grown steadily, helping the girl of each generation to meet successfully the conditions of her day.

"Every organization must perform a useful service if it is to grow, for society will refuse to maintain it if it fails to be useful to society. We find an organization which has been notably useful for a long period of years, we may be sure that it has won its position by performing a service useful and necessary.

"That, in a word, explains the continued and increasing growth of the Young Women's Christian association.

"Do you know that the Portland Young Women's Christian association is a house of friendship for girls of every creed or color?

"That no girl is ever turned away for lack of money?

"That employment was secured in the past year for 2,500 girls and women?

"That 719 girls were housed, 308 of them without funds? (Most of these paid later.)

"That 65 transients can be accommodated each night, and that rooming at the association building can be had at 30c a night?

"That an industrial department was launched last October and that 6743 girls have been reached by this department in the past year?

"That the travelers' aid secretary served 687 men and women (sickly or sick), sick and children?

"That the cafeteria serves well cooked, wholesome food at a minimum cost?

"Y. W. C. A. girls are learning new meanings of citizenship and new ways of service and co-operation.

"Are training for self-support and self-reliance in our educational classes under expert teachers?

"Are preparing for a world-wide service in the time of national and world need?

"Are being helped to find the work best suited to them and to secure or better their positions.

**Health and Strength Conserved.**

#### CLARK REGAINS FORMER WEIGHT

#### Gets Rid of Nine Years' Rheumatism After Tanlac Builds Him Up.

"After being seriously troubled with rheumatism as long as six months at a time and having the worst form of stomach trouble, I finally decided I would and I am so pleased with it that I don't know how to express it," declared Henry Clark of 1822 East Harrison street, Tacoma, Wash., to a Tanlac representative recently.

"There was hardly a day in nine years when I dared to eat on account of the keener pain in my legs, knees or ankles and lots of the time I could hardly get around at all. These pains were so severe that I had to lie down and tossed all night long and was unable to sleep. I got so nervous, the least little thing would completely upset me. To add to my misery, my stomach began giving me trouble and I had spells of indigestion, which caused such suffering that I really didn't know where I hurt the worst. All my food soured and fermented, nothing I ate seemed to digest and I soon got where I dreaded to eat on account of the suffering it brought on. I lost weight and was in such a weakened, run-down condition I simply didn't know what to do.

"I had little faith in any medicine, as I had tried so many that did not help me, but after reading so much about Tanlac, I decided to try it and you can imagine my surprise when the first bottle made me feel like eating a little something. After the second bottle I could eat a hearty meal and enjoy it without fear of it hurting me. As I kept on taking Tanlac my stomach trouble entirely disappeared and by the time I finished the fourth bottle the rheumatism was gone too. I have regained my lost weight and strength and I feel as well now as if I had never had a day's sickness in my life. I consider Tanlac the best medicine in the world and I can so delight with what it has done for me, I am glad to recommend it to everyone."

Tanlac is sold in Portland at the Owl Drug Co.—Adv.
