

LOAD OF CORK IS REPORTED WEAKER

Wife and Sister Call on Foreign Embassies.

VICTIM UNABLE TO TALK

Plea for Intervention is Made Also by Telegram to President Wilson.

LONDON, Sept. 4.—The condition of Lord Mayor MacSwiney of Cork tonight was described as critical. He was in the last stage of weakness and unable to talk, but was conscious and his will power still intact. His wife left him at 7 o'clock tonight, apparently deeply anxious.

Mrs. MacSwiney and the lord mayor's sister Mary today called at the American, French, Spanish and Belgian embassies to ask them to make urgent representations to their governments. None of the ambassadors was in town. The Belgian secretary alone was found and promised he would report Mayor MacSwiney's case to the ambassador on his return.

Had Night Is Passed. The lord mayor spent a bad night and this morning was very pale and was suffering from complete exhaustion.

Annie MacSwiney, the lord mayor's sister, on leaving Brighton jail at 2:30 o'clock this afternoon, said her brother was at his very lowest.

Mrs. MacSwiney has sent a cablegram to President Wilson in behalf of her husband, lord mayor of Cork.

Mrs. MacSwiney asked Mr. Wilson to "use your influence with the English government to prevent the perpetration of an outrage on civilization." She declared her husband was dying.

Government Gives Reasons.

The reasons why the government will not release Lord Mayor MacSwiney of Cork were given in an official statement issued today. They were that fresh attempts would be made to "continue with any activity the long series of murders of policemen" and "would open the way to any person imprisoned for any similar offense to repeat the acts which led to his incarceration."

Attitude is Expressed.

"Unless the object of the lord mayor and his associates is to obtain the secession of Ireland—in case no compromise between them and the British government is possible—the suffering of the lord mayor, together with the whole campaign conducted by him and his associates, is a usurpation of the machinery of the government of Ireland are entirely unnecessary." It is pointed out that "the government has not only presented to parliament a measure conferring on Ireland a degree of self-determination in advance of any scheme proposed or accepted by the elected representatives of Ireland in the past, but the premier has declared explicitly his willingness to discuss with any body which can claim to represent the opinion any proposals they put forward, so long as those proposals include separate representation for Ireland and do not involve the secession of Ireland from the United Kingdom or risk the security of these islands in time of war."

BELFAST CONTINUES QUIET

Soldiers With Machine Guns Put on Watch in Riot Areas.

BELFAST, Sept. 4.—Belfast continued quiet today and for the present further trouble is not expected. Another contingent of soldiers and several pieces of field artillery arrived from England. Military authorities began taking precautions to prevent resumption of the rioting.

In recently disturbed areas soldiers were placed on watch with machine guns.

No efforts have been made to remove the piles of stones and bricks placed at convenient intervals in the streets by the opposing factions during the fighting.

The correspondent was informed that the authorities fear a renewal of the trouble if any attempt is made to take away the stones and bricks.

A football match and public meetings scheduled to be held at Grosvenor park today were prohibited in line with the policy not to permit crowds to assemble. A number of mills and factories were closed because of the cause of the disorders will resume operations Monday.

A delegation of shipbuilders will go to London Tuesday to urge Mr. Bonar Law to grant shipworkers permission to go armed to and from the plants under the government's new regulations. The men protection from attack.

William Connolly, a recently returned Irish-American, has been detained in connection with the murder of William McDowell, the driver of a motorcar which was attacked by armed men yesterday while carrying the wages of factory workers.

BOSTON PLEA FORWARDED

Sentiment for MacSwiney Release Reported Overwhelming.

BOSTON, Mass., Sept. 4.—James T. Moriarty, president of the city council, as acting mayor of the city, today sent to Premier Lloyd George of England, this cable message:

"Overwhelming sentiment citizens of Boston that Mayor MacSwiney's death would constitute a great civilization, and reputation of every principle for which the great world war was fought."

The loyal coalition announced today that it had sent a cable to Premier Lloyd George asking him to ignore a message from Mayor Hylan of Newburg the release of Lord Mayor MacSwiney. The society asserted that the mayor was not representative of any considerable body of citizens. The society has been actively opposed to the Sinn Fein.

NEW YORK PIERS GUARDED

Irish-American Disturbances Are Feared by Police.

NEW YORK, Sept. 4.—Police and special guards were thrown around the White Star line piers here today prior to sailing of the steamer Baltic, against which a demonstration was made a week ago by Irish-American women pickets and 4000 longshoremen.

Women pickets in front of the Baltic's berth carried banners protesting against British imprisonment of Terence MacSwiney, lord mayor of Cork, and the removal from the ship of Archbishop Mannix by British authorities.

Sir Thomas Lipton called on the Baltic bidding another good-bye to America and reiterating that he would challenge again for the America's cup.

Sir Thomas received a letter of adieu from the Mutual Welfare League of Sing Sing prison, which the Irish baronet recently visited, assuring him that "the doors of the prison always will be open for you, welcoming your return to America."

A party of Irish-American women pickets accompanied the Baltic down the harbor in a tug, giving the big liner a wide berth.

Off the Battery the Baltic stopped and took on board from a lighter 75 men recruited to fill gaps in her crew caused by failure of firemen and seamen to report for duty before she sailed.

IRISH MODERATES MAKE PLEA Effort to Establish Peace Declared Dependent on Action.

DUBLIN, Sept. 4.—The standing committee of the conference of Irish moderates, convened here recently to settle the Irish question by agreement, today sent the following telegram to Premier Lloyd George:

"Once more, while there is yet time, we implore you in the name of Irish peace, which you invoked our aid to obtain, and in the name of common humanity, outraged by the spectacle of the law demanding its pound of flesh, to order forthwith the release of the lord mayor of Cork."

Butte Mayor Sends Cablegram.

BUTTE, Mont., Sept. 4.—Mayor W. T. Stodden of Butte sent the following cablegram to Premier Lloyd George:

"In the name of humanity, I implore you to order the release of Terence MacSwiney, the lord mayor of Cork. In the name of humanity, I implore you to order the release of Terence MacSwiney, the lord mayor of Cork."

MAYFLOWER MEETING ON

TERCENTENARY CELEBRATION IS OPENED AT PLYMOUTH.

Historians Found Part of Hull of Famous Ship Was Used as Barn Support.

PLYMOUTH, Eng., Sept. 4.—The Mayflower tercentenary celebration began today with an historical and literary conference participated in by British, Dutch and American Mayflower historians.

Dr. Rendel L. Harris, chairman of the English-speaking union, who was in charge of the historical part of the hull of the Mayflower used as supports for a barn in England, and Dr. E. P. Taylor, who was in charge of the Dutch part, both said that much of the history of the Pilgrim fathers remained to be found.

They produced newly discovered documents giving details of the more intimate side of the lives, activities and relationships of the Pilgrims and those they expected to find many more.

The people of Plymouth have endeavored to make this primarily an American celebration. The stars and stripes predominate in the generous decorations. Those especially interested in the past, Anglo-American friendship were disappointed at what promised to be the failure of Premier Lloyd George to visit Plymouth Monday to deliver a message from the English people to the American Pilgrims.

OAKLAND POLICEMAN WINS Supreme Court Upholds Claim of Dismissed Chief.

SAN FRANCISCO, Sept. 4.—The fight of Captain Walter J. Peterson of the Oakland police department to be restored to his position, following his dismissal by the commissioner of public health and safety was upheld by the state supreme court here today.

Peterson held that the action of the commissioner was based on bias and violated city services statutes. He also was former chief of the department. His dismissal followed charges of insubordination.

While still chief, Peterson obtained a leave of absence to enter the army during the world war. He served as captain in charge of the military police at Bordeaux, France.

DEATH MYSTERY CLEARED Spokane Woman Victim of Overdose of Narcotics.

SEATTLE, Wash., Sept. 4.—Mrs. Thelma Colton of Spokane, whose death was found unexplained circumstances in a room here Tuesday, died from an overdose of narcotics, according to the report of Professor William Dehn of the University of Washington, who conducted a chemical analysis of the stomach contents. The body was sent to Spokane today.

No trace has been found of J. B. Ross and Irene Duffy, who were said to have occupied the house where Mrs. Colton's body was found. Walter Pirzbahn, who found the body and who was held for investigation, was released.

PRIMARY RESULTS GIVEN Los Angeles Reports Nominations for Legislature.

LOS ANGELES, Cal., Sept. 4.—Nominations for the legislature in Los Angeles county districts, resulting from Tuesday's primary, are:

Twenty-ninth senatorial district—Democrat; Henry A. Hart, socialist.

Thirtieth senatorial district—Harry A. Chamberlain, republican; Claude C. Sweeney, socialist.

Thirty-first senatorial district—Joseph A. Reminger, republican; Marie C. Brehm, prohibitionist.

Thirty-second senatorial district—Ebert J. Gales, republican.

Thirty-third senatorial district—Newton M. Allen, republican.

Stephens is Confident.

SACRAMENTO, Cal., Sept. 4.—In a telegram to the governor's office here today, Governor Stephens stated that after a conference with Secretary of State Coby he felt certain that nothing will come of the suggestion that the Japanese now in the United States shall be granted full rights of citizenship.

MAY RAISES PAY OF CIVILIAN LABOR

Daniels Approves Lift to 286,000 Employees.

5 PER CENT RISE GRANTED

All Classes Are Benefited and Clerks Are Put on Same Level With Mechanics.

WASHINGTON, Sept. 4.—A wage increase of 5 per cent was awarded all classes of civil employees in the navy estimate under a new pay schedule approved today by Secretary Daniels, which will go into effect "on the nearest payday to September 15."

The increase, based on the difference in the advance in cost of living and the congressional bonus authorized since the last readjustment of wages a year and a half ago, affects more than 286,000 naval employees.

Several classes of employees, including practically all the clerical forces and four mechanical trades, will receive increases considerably above the general 5 per cent advance through a readjustment of the entire wage schedule to correct inequalities in the present scale. The new schedule will be announced next week, the secretary said.

Saturday Work Reduced.

Outside of the increase, the most important provision of the new schedule is a reduction of working hours to four on Saturday, the year around, the employes to be paid for the half day's work at the hourly rate.

While this provision affects to some extent the increases applying on hourly pay, it was said, the employes had approved the provision through their representative on the recommending board, which submitted a unanimous report.

The basic 5 per cent increase does not meet the demands of the employes, which ranged from 25 cents an hour to a minimum general increase of 45 cents for mechanics, the board's report to the secretary declared. The scale of pay in the navy establishment was found to be "2 per cent higher, bonus considered, than the wage scale of any other industry" without the present increase.

Living Cost Change Cited.

The increase was awarded despite the fact, the report said, because under the terms of the original award of the Macey board, readjusting navy pay, the navy is "pledged to the basis of the change in the cost of living." In this connection the board recommended that future readjustments be made "in accordance with the law of 1862, upon the basis of current wages in similar private establishments."

The four trades found to be entitled to higher basic rates were gunsmiths, die sinkers, molders and pattern makers, these receiving increases in addition to the 5 per cent as result of the higher rating.

In regard to clerical forces the board said:

"It is found that the clerical force has been paid at a lower rate than the skilled mechanics in the employ of the navy, relatively too low a wage for the duties and responsibilities required of them."

Clerk Pay to Equal Labor.

Under the readjusted competitive ratings of the new schedule for the clerical and mechanical forces, no clerk will receive "less than the maximum pay of the laborer."

The secretary expressed assurance that the schedule would be acceptable.

CALIFORNIA PRINTERS BACK

State Employees Vote to Go Back Pending Appeal.

SACRAMENTO, Cal., Sept. 4.—One hundred and fifty employes of the state printing department, who walked out Thursday, returned to work this morning. This followed a favorable vote last night, when it also was decided each employe would contribute one day's pay every two weeks to a fund for Carleton Johnson, head of the proof room, whose suspension caused the walkout.

Johnson, an attorney for the employes, had signed a communication to the governor, charging lax methods in the printing department. Johnson will be given a hearing before the state civil service commission on charges of insubordination.

At the meeting last night, Johnson urged the workers to retain "out of loyalty to the state."

TWO AUTO VICTIMS DIE

Clarkston Rancher Goes Over Embankment in Night.

LEWISTON, Idaho, Sept. 4.—Charles Jehm of Clarkston, Wash., returning tonight to his home from his ranch property on Craig mountain, was almost instantly killed when the Auto mobile he was driving went over an embankment about 400 yards from the Waha postoffice store, 29 miles from Lewiston.

George Weeks, a stockman, with Jehm, sustained only slight injuries. The automobile light was working poorly and Jehm was giving it attention, this presumably diverting his attention from the road.

COAL PRODUCTION GAINING

Strike Conditions in Indiana Have Little Real Effect.

WASHINGTON, Sept. 4.—Despite strike conditions which during the first half of the week tied up most of the Indiana mines, bituminous coal production for the week ended August 28 showed an increase of 24,000 tons, or 3 per cent, over the preceding week, according to the geologist.

Coal production in Indiana was placed at 11,374,000 tons.

President Wilson today referred to secretary Wilson of the labor department the telegraphic request of the United Mine workers that the question of a new wage scale for the anthracite fields be reopened to permit new requests for increases additional to those granted by the anthracite commission to be filed.

Vancouver Ferrites Stopped.

VANCOUVER, B. C., Sept. 4.—Hundreds of residents of North Vancouver were found prevented from reaching their work in this city today by a strike of crews which tied up the ferryboats operating between the suburb and the city. Every available car is being pressed into service to transport the stranded commuters.

Carmen Want 90 Cents Hourly.

EAST ST. LOUIS, Ill., Sept. 4.—Motormen and conductors employed on the interurban line of the East St. Louis and Suburban Railway company, today voted to strike to enforce their demands for an average wage increase of from 50 to 90 cents an hour.

COX HURLS LYING CHARGE

ISLAND IS TO BE EDEN

FREEDOM AND MORE SUNSHINE AND BEDS PROVIDED.

Baths Will Be Installed and Clothing Will Be Sterilized; Warm Milk for Babies.

NEW YORK, Sept. 4.—Sweeping changes are being made at America's gateway—Ellis island—by Immigration Commissioner Frederick A. Wallis, who proposed to make the island immigration station more comfortable for the newcomers to the United States.

Freedom and sunshine is being planned for the new arrivals by the commissioner, who has just announced plans for improving conditions in the island.

Larger buildings are to be added, he said, sanitary conditions improved, additional day rooms provided, unable to get beds and many other conveniences for the immigrant are to be installed.

Kind and decent treatment for all new arrivals has been demanded by Commissioner Wallis, who has already announced the discharge of some of the veteran attendants for alleged harshness or inefficiency in receiving immigrants.

"Their places have been taken by more courteous, attentive and younger men."

"I propose to make this receiving station representative of all America's promises," he said.

Commissioner Wallis asserted that he had no intention of making the island in order that every individual entering the country will be given a bath and have his clothes sterilized.

"They made our soldiers do this," he said, "so why not make our immigrants do this? Their places toward preventing disease from entering our gates and will have a great moral and psychological effect."

One of the latest improvements by Commissioner Wallis has been the supplying of warm milk to mothers of children and mechanical forces, as the commissioner learned that chilled milk made the infants sick.

Mr. Daniels said he believed the immigrants were jammed in the detention pens the commissioner ordered the liberation of the occupants and gave them the freedom of the large examination hall.

Commissioner Wallis has appealed to Washington to remove the alleged radicals and anarchists detained at the island for deportation, because of crowded conditions at the immigration station.

"They are a defiant lot and should be deported," he said. "They occupy a room that could accommodate a couple of hundred immigrants."

Railroads have also been asked by the commissioner to provide better transportation facilities for the immigrants and stop employes from "grafting" on the newcomers. He also wants them to be properly fed while being detained for entrainment.

While funds are not immediately available for improvement at the island, Commissioner Wallis said, he will ask congress to provide the money. He said that he had already asked permission to raise funds by public subscription if the necessary money could not be provided by the government.

attention for an instant from the wheel.

Richard Virgil, injured in the wreck of the Spokane-Lewiston automobile stage near Steptoe Friday afternoon, when the stage turned turtle, died at 4 o'clock this morning at the Colfax hospital.

STRIKERS HOLD SHOPS

Workers Refuse to Give Up Factories Once Captured.

ROME, Sept. 5.—Striking Italian metal workers who have seized the workshops still hold control of the shops this morning and apparently intended spending the day in them, fearing if they left they would be unable to re-enter.

The day passed without any disturbance being reported, but there is no sign of a settlement. Minister of Labor Labriola held a conference on the situation, but no statement was made.

The employers carried out their threat to pay the strikers no wages for the past week.

REDS MARCH ON GEORGIA

Persian Bolsheviks Also Reported Menacing Armenia.

PARIS, Sept. 2.—Ten thousand bolshevik troops are marching from Persia on Georgia, according to a Tiflis dispatch under date of September 1. The Persian bolsheviks are also menacing Armenia. Russian soviet commissaries are in command.

Negroes Hold Up Train.

FRESNO, Cal., Sept. 4.—Five negroes held up a Southern Pacific freight train between Kingsburg and Coalinga under date of September 1 and escaped, according to a telephone message to the Fresno Republican from Visalia.

Brother's Engine Kills.

MARSHALLTOWN, Ia., Sept. 4.—With his brother in the engine cab, Jess Q. Sims, 42 years old, a drayman, was ground to pieces today when struck by a Minneapolis & St. Louis train in the yards. It is believed Sims intended to board the pilot of the locomotive in order to see his brother Walter, who was fireman.

KAPP TRIALS ARE DROPPED

Evidence Declared Insufficient in German Revolution Cases.

BERLIN, Sept. 4.—(By the Associated Press.)—The Tagliche Rundschau today reported that the imperial court at Leipzig had discontinued proceedings against the following persons accused of participation in the revolt: Kapp revolt; Baron von Falkenhayn, the Kapp vice-chancellor; Attorney Frederick Ley, Captain Lennow, chief and Dr. Traub, minister of public work-ship in the revolutionary cabinet. It der Kapp.
