

### PROBE COMMITTEE WILL NOT CALL COX

#### Campaign Investigation at Chicago Ends.

#### RECESS TAKEN TO SEPT. 22

#### Meetings to Be Resumed Either in New York or Washington; Girl Employees Asked to Subscribe.

CHICAGO, Sept. 11.—The senate committee investigating campaign expenses today closed a two-weeks inquiry into charges of Governor Cox that the republican party is seeking a \$10,000,000 fund. The sessions here also developed testimony hearing on charges that the democratic party solicited campaign contributions from federal office holders and accepted unlimited amounts from other contributors.

Refusal to summon Governor Cox as a witness before the committee was announced by Senator Kenyon chairman. He gave out a telegram received from Frank A. Munsey, eastern publisher, demanding that the democratic presidential nominee be subpoenaed.

Senator Kenyon's reply was to the effect that Edmund H. Moore had appeared before the committee as a personal representative of the Ohio executive, and the committee considered that sufficient.

The committee will meet September 23 in either Washington or New York. Chairman Kenyon being empowered to choose the city. Senator Kenyon said that if Washington was selected, the witnesses who were to have been heard at Pittsburgh would be called there. The committee had planned a meeting in Pittsburgh to investigate reports that Pennsylvania liquor interests were taking an active part in financing the democratic campaign.

The last day of the sessions were conducted by Chairman Kenyon, republican, and Senators Reed and Pomeroy, democrats. Senators Spencer and Edge, republicans, were absent, the latter having left Chicago last night after making a statement denying the Cox charges. This attitude drew criticisms from democratic members. Senator Reed having characterized the Edge statement as "indecent."

#### Republican Drive Planned.

Republican plans for a seven-day drive for funds in Chicago, and testimony that the democrats had assessed girl employees of the federal revenue office at Aberdeen, S. D., \$40 each to help finance the democratic campaign, were topics today.

Frederick C. Barber of New York, a professional money-raiser, in charge of the Chicago republican drive, testified he had prepared a card index of about 25,000 prospective contributors, including a preferred list of some 750 to 800, each of whom was believed to be able to give \$1000. Upward of 3000 workers will be engaged in the one week's drive, he said, with \$500,000 as the goal.

Testimony by Caleb Enix, local newspaper man, that the republican national committee had sent out publicity matter giving the Chicago quota as \$700,000 led Mr. Barber to say he had heard others make the same statement, but he "let them rave." His goal, he emphasized, was \$100,000.

"Did you ever discuss the amount with Fred W. Upham, treasurer of the republican national committee?" Senator Reed asked.

"Yes, sir, that is, there was not an awful lot of discussion about it. Mr. Upham would say something and I would listen, all the time with my own plan in mind."

### LOSSES OF COUNTY IN BANK REVEALED

#### Jackson Court Publishes Re- port of Accountant.

#### \$107,523.21 ON DEPOSIT

#### Securities of Defunct Jacksonville Institution at Time of Fail- ure Was \$11,000.

MEDFORD, Or., Sept. 11.—(Special.)—The first official information about Jackson county's losses through having deposits in the defunct Bank of Jacksonville was made public tonight by District Attorney Roberts and the county court.

This report throws some light on the conduct of the bank by W. H. Johnson, president and cashier, who is in jail under \$50,000 bail awaiting trial, and also shows that Jackson county had \$107,523.21 on deposit against the bank's securities of \$11,000 at the time the bank failed.

#### Bank Report Soon Due.

The state bank superintendent's report on the condition of the bank is expected to be made public within the next week. The statement issued by the district attorney and county court reads in part as follows:

"Details of the audit of the county treasurer's accounts and the condition of the county funds, resulting from the failure of the bank of Jacksonville are summarized as follows from the report recently filed with the county court by E. M. Wilson, public accountant, who made a special audit after the bank's failure.

"The history of the account with the bank of Jacksonville is reported in detail from January 1, 1917, to the time of the closing of the bank August 11, 1920. January 1, 1917, the balance carried in the bank was \$11,000.49. Up to June 1, 1918, covering 17 months, this remained in form and with but little variation in monthly balances.

#### Increase Starts in 1918.

The increase in the monthly balance begins in August, 1918, and on December 31, 1918, was \$56,968.40, of which \$25,227.85 was in drafts on the bank of Jacksonville coming from the tax collector and deposited December 31. On December 31, one year later, the balance was \$64,078.85. During 1920 a gradual increase in balances took place although decreases are noted for January, June and August, until the balance at the time the bank closed was \$107,523.21.

"This part of the county's funds being unavailable during adjustment and settlement of the bank's affairs, the various county funds, districts and municipalities will be short of funds temporarily.

#### Four Drafts May Have Bearing.

"Four drafts, issued by the Bank of Jacksonville to the county treasurer May 1, may have a bearing in drawing conclusions as to the intent of Mr. Johnson, the cashier of the bank at that time. On May 1 the balance of county funds in the bank was \$91,218.93. The drafts issued to the treasurer were numbers 97, 98 and 99 on the American Exchange bank of New York for \$25,000 each and No. 1406 on Wells Fargo Nevada National bank of San Francisco for \$15,000. The

total was \$90,000, or practically all of the county's account with the bank. Drafts No. 98 and 1406 were put through other banks by the treasurer and returned unhonored. No. 98 was later made good by the Bank of Jacksonville, but No. 1406 was not, although deposits were made in the bank on May 15, 18 and 19 to more than cover these two drafts. Drafts Nos. 97 and 99 remained in the hands of the treasurer uncollected at the time of the bank's failure."
