### "The Inevitable"

THIS store, like all other stores, shared in the benefits derived from the upward trend of prices. Our gain then must be our loss now. Instead of deferring the inevitable longer we have decided upon a mighty stroke of normalizing Fur prices.

No Matter the Cost—No Matter The Loss such action makes necessary, with a sweeping thoroughness our prices have been lowered with a total disregard as to cost or former values, in many, many cases bringing prices even below the actual present manufacturing cost.

### More Than Meeting Market Conditions

While the market condition is unsteady and banking conditions are somewhat tighter there is no immediate need for such drastic reductions as we have made on all furs; but, at one broad stroke, we are bringing the price of "EVERY" fur in this \$300,000 stock down to the public's demand. Down as low as good furs may be sold under any market conditions.

### The Name LIEBES on the fur you buy, assures quality

For fifty-six years H. Liebes & Co. have been serving the people with fur fashions of the highest type. For this many years we have adhered to a policy of quality and service. We trust that we will be here as many more years to see our furs worn—to fulfill our obligation of standing back of what we sell. In this sale, as at all times, every garment and transaction is thoroughly guaranteed.
