"HIJACKERS" ARE HELD

3 YOUTHS SAID TO HAVE LOOTED LIQUOR AUTO.

Medford Case Grows Out of Arrest of Alleged Rum Runner With Cargo in Machine.

MEDFORD, Or., Dec. 30.—(Special.)—Atwood Dunn, George England and Boyd Brandt, youths of from 15 to 20 years of age, were arrested today on a charge of "hijacking" the liquor automobile of Thomas Bryan, arrested a week ago for having liquor in his possession.

"It was alleged by the sheriff's office that the accused young men 'beat the police' to the liquor and took six sacks of whisky and gin, totaling in the neighborhood of 50 bottles. This left in the car 12 cases of whisky, six and a half cases valued at \$3000 at the present price.

The police swooped down on Bryan while he was asleep in the car. According to Sheriff Terrill the youths were arrested when liquor showed up around town. The official admitted he was "tipped off" to the alleged "hijacking."

Around this side issue of the liquor seizure ugly rumors involving the police have been seething. Sheriff Terrill branded them as "lies and not a speck of truth in them."

Dunn, England and Brandt have been arraigned and a hearing will be held as soon as District Attorney Moore is able to attend to his official duties.

DEPORTATION IS OFFERED OFFENDERS GET CHANCE TO LEAVE COUNTRY.

President Tells Eight They Can Quit Prison If They Desire to Quit America.

WASHINGTON, D. C., Dec. 30.—Eight ex-members of the Industrial Workers of the World, sentenced four years ago to varying terms in Leavenworth penitentiary for conspiracy and violation of war-time legislation, received offers of freedom today from President Harding on condition that they leave the United States.

Sixty days were allowed for the prisoners to arrange their affairs preparatory to deportation, a bond being required during the interval which will insure their embarkation for home.

The president's action was said both at the White House and at the department of justice to have been confined strictly to the cases acted upon and did not indicate any intention to exercise similar clemency toward the scores of more members of the same organization who are still imprisoned for failure to observe the espionage act and other emergency laws.

It was emphasized the extension of clemency was strictly "provisional" and that the unexpired sentences would become immediately operative should any one of the eight return to the United States.

According to officials of the department of justice the decision to commute the eight sentences to exile immediately was reached after a review of reports made to President Harding by the department of justice and the presiding judge being attached in each instance.

Baroness Stancovic announced she would go to Austria to get proof of her divorce and probably would return here in February to be married.
