THE FIREMEN'S EXCURSION .- Although late, yet we cannot refrain from adding our testimony to the fact that the excursion of our firemen to Portland on Tuesday of last week, was a most happy affair. The occasion was the celebration of the 22d anniversary of Willamette Eugine Company

No. 1, of Portland. Most extensive and exhaustive preparations had been made by the Willamettes for the reception and entertalument of their gueses, and right royally were the arrangements carried out. From first to last our people were surfeited brauch of builness; agriculture in partiewith attention and kindness, the members of the Portland Fire Department vieing and just as naturally productive, convenient with each other in evidencing their kindly and healthy. The soil produces all the regard and good feeling. Our people were a confished at the magnitude of the Willamette soil, of a better than average preparations of the Willamettes for the cutertainment of their guests, extending as they did through two entire days, and cut- is rapidly carried away, leaving the bracing everything of interest in the city. The citizens, too, manifested a kindly interest in the full success of their favorite The alternate hill and vale, and open oak tire company, by throwing open their pub He halls and extending a cordial invitation to the guests of the Company to " make themselves at home." In fact it seemed that every door was opened, and every citizen extended the hand of welcome. Under such circumstances the celebration changed or improved till we hesitate to could not be otherwise than a success-a success so full and complete that the fire boys and the citizens of Portland may ever | waving fields of grain. The decaying old feel their hearts swell with proud and houest satisfaction when referring to the celebration of the 22d anniversary of Willamette Engine Company No. 1. It certainly was the most complete, unexceptionable and unapproachable firemen's lay out we inve ever witnessed in any country or at any time. Long may the officers and members of Willamette Engine Company continue to flourish and prosper.

After the completion of the Yaquian Day Railway to this city, the next great undertaking will be to continue the road Eastward The capitalists owning the Casca'le Mountain Wagon Road, leading from this the more than usual acreage will more city eastward over the Casende range, have expressed the determination of building a railway from this city through their vast

No 1 gave a grand reception at the Opera House on Monday evening, in which a large number of our citizens took part and apparently enjoyed themselves hugely. It was the pleasantest occasion we have cujoyed for many an evening, and the red shirts exerted themselves to make every one feel at home. Ice cream, lemonade and cake was furnished in almost unlimited supply, and the way some of those people went for the good things was a caution. Toasts were read, which were responded to by Messrs Jos. Webber, Capt. Hunn- is specially well executed, and Mr. Noltphrey, L. E. Blain, M. V. Brown, Mujor Herren, Geo. Humphrey, Rev. S. G. As we remarked above, it was a very pleasant occasion, and the boys have added largely to their list of friends in this city.

The little girl, aged about six years, was sitting near the center of the hack, an open one, in her little chair. In making a turn from one road to another the chair slipped, the little one lost her balance, fell out between the wheels, one ot which passed over her body, fortunately not doing her serious damage.

BISHOP PECK .- Bishop Peck, of the M. E. Church, delivered two very interesting sermons in this city last Sunday. The morning service was held in the M. E. Church; evening service at the Court House. Large audiences were pretent on both occasions. Collections were taken up to pay off the church debt, and a sufficient amount secured to pay off the entire debt within sixty or seventy dollars. Latayette Lane, of Douglas county, is the Democratic candidate for Congressman from Oregon. The signs of the times indicate that the people of Oregon will "set up" Lafayette in the Congressional business the coming fall, probably not to his complete satisfaction, but to theirs.
