LIST OF ARRIVALS.

Through the politeness of Mr. J. H. Ingraham, the obliging clerk of the Western Hotel, of this city, we are enabled to lay before our readers the following list of arrivals at that Hotel, for the week ending July 15th, 1874.

Mat Reed, Wm. E. Wood, C. Eastbrooks, Harry Moore, Dav. Sissely, Connor Creek; Express Ranch; Geo. B. Fleming, R. D. Johnson, Portland City; K. Perkins, Sparta; John Austin, Canyon City; John Erwin, David Gilchrist, Rye Valley; Geo. Jenney, Auburn; Hardin Estes, Antone Rose, David Kelley, Valley; John W. Meldrum, Henry Meldrum, Oregon City; T. F. Hoover, Rye Valley; Prichard & wife, Amelia; Col. W. W. Chapman, Washington; Jos. Miller, Ransom Beers, Basia; Jas. Burrill, Rock Creek; R. A. Pierce, Payette River; Guy Durkee, Burnt River; John O. Bryant, Wolf Creek; John Caviness, La Grande; Thomas Fler, Muddy Creek; Miss Hattie Evans, Miss Ida Evans, Chicago;

A CURIOSITY.—Mr. Williams, of our city, yesterday showed us a curious in the form of a newspaper. It is the "Boston Evening Transcript," dated Monday Evening, February 9, 1874—a large 8 page, 56 column paper—as large as the double sheet Sacramento Union, condensed to the small space of 11 1/4 inches one way, and 9 1/4 inches the other. A person has to have to use a magnifying glass to read the reading matter. We understand Mr. J. W. Virtue has secured this curiosity for his fine Cabinet of Curiosities, &c. In this connection we would state that he is anxious to procure every thing he possibly can, of a curious or instructive nature, so as to place the same in his cabinet for public inspection.

We are informed that several farmers, near Wingville, intend to collect their best and largest beef cattle together, and drive them to a market, as soon as their crops are harvested. This is a good move. There are at least 50,000 head of cattle in this county, 10,000 head of which are fit for market and ought to be sold off of the range. The sale of even this number of cattle from Baker county, and the money left here in their stead, would make times easy.

RACE.—There will be a match race—six hundred yards, for \$300 aside, come off over the Baker City Tracks on next Saturday week, July 25th, between Brown Dick, and Connor Creek horse, Joe Buggins. In this connection we will say, that the races over the Baker City Race Course, this fall, will take place about the middle of September or first of October, so as not to conflict with the races at Boise City.

We are informed that Mrs. Belle Chamberlain, who has been lecturing for some time past in Washington Territory and Eastern Oregon, intends to pay Baker City a visit, and hold forth her hobby to our good people. She is spoken of as a plausible public speaker, and she may, and no doubt does, make money by her perambulations over the country. But we doubt whether or not her lectures are not injurious to society.

We are requested to state that Miss Flora Myers, who arrived in our city some week or two since and was taken with a severe spell of sickness, from which she had fully recovered last week—and left our city for Portland on the stage last Saturday evening. Her friends wish her a pleasant trip.

A drove of cattle passed through our city last week. One of them got down in our streets, and was a muddy sight when hauled out of the mud hole. That place was being and is now filled up, and is graveled over.

Samuel Bear, of Pendleton, is on a short visit to his many friends in this city.

Work is suspended on the Gunboat quartz ledge, near Pocahontas, for the present. We have heard it stated that this stoppage is for the purpose of allowing one of the owners to make a trip below for the purpose of procuring a mill, to be put up on the ledge—it is at present worked with an arasta, with the best of results.

PROSPECTING.—McCord, Bohna and party left our city on a prospecting trip last week, and were absent some three or four days. They think they were successful in their intentions. They found two ledges that prospect well, and they are satisfied with the results of their trip.

MURDER.—One Chinaman on last Wednesday evening, at Auburn, sent a brother Celestial to the happy hunting grounds of the Flowery Kingdom, by cutting and stabbing, and otherwise murdering him. The offender has been arrested, and is now in our jail.

FIRE AT SPARTA.—We are informed that, on Monday morning last, at about 5 o'clock, fire was discovered in the blacksmith shop, at Sparta, which consumed the shop together with some four or five other buildings. Loss not stated.

A Chinese couple were married in our city a day or two since, in American fashion. We did not learn whether Esquire Farnam concluded the ceremony by saluting the fair bride or not.

A great many of our citizens are "fleeing to the mountains," not from fear of "the wrath to come," but after huckleberries, which, we understand, are very plentiful this season.

Jack Daniels, late of Boise Basin and Walla Walla, arrived in our city from an extended prospecting tour. He is looking well and hearty.

Work is starting up on the Virtue Mine. In a short time the mill and mine will be worked to their full capacity.

Mrs. Blanchard has moved out to the Virtue mine, and will keep the boarding house there.

A four-horse team made things lively on our streets for a short time last Saturday evening. No material damage done.

Haying has commenced in our valley.

Granite Creek Items.

EDITOR DEMOCRAT:—Permit me through your columns to present to your readers a few facts in relation to our mines, or rather of Eastern Oregon. We learn from Mr. G. W. Dunlap, just from Granite Creek, the following facts:

Mr. Dunlap has a fine ledge, specimens of which I now have, the average yield is \$250 per ton; one specimen is from rock that assays \$673 per ton.

Mr. Poor is looking through the country in the interest of San Francisco capitalists. It is the intention of Mr. Poor to erect a mill on the ledge owned by Mr. Dunlap, to fully test its value, the mill at first to be a 5-stamp and will cost, with appurtenances, about fifteen thousand dollars. Mr. P. also visited the ledge recently discovered by Mr. Cabot, and found workmen busy at work taking out rock which is being crushed at Halsey & Co.'s mill. The ledge from which the rock is taken is one of great magnitude, it being some 300 feet in width and extending into the mountain, the extent of which is not yet known. Enough rock is now in sight to keep the mill crushing for the next two years; the yield per ton is from \$40 to \$100 per ton.

It was the intention of Messrs. Poor & Dunlap to have a few tons of the rock from the Dunlap ledge crushed at the Virtue mill, but as their quartz is silver and sulphurates, they cannot separate at this mill, consequently they will not ship to this place. Mr. Poor expresses the belief that this section of Eastern Oregon is fully equal in richness to any part of Nevada; and that all that is required is capital to work our mines, to make this a wealthy district.

Placer mining on Granite Creek is progressing well. Bowen & Co. are making from seven to ten dollars per day to the hand in their claim; Wigman & Co. are making about eight dollars per day to the hand; Mr. Walt Lucas is making from ten to fifteen dollars per day with a hydraulic; the claim of Kloppe & Johnson is paying from six to ten dollars per day to the man; Mr. Harvey Robbins & Co. are paying unusually well.

Mr. Hinton, of Elk Creek, showed Mr. Dunlap a specimen, or nugget of pure gold, which weighed \$230, and says all the miners on the creek are doing well.

Mr. D. says that at all the above camps the Chinamen, as well as white men were doing well. Just before his leaving for this place a new invoice of about one hundred Chinamen had arrived. Some in search of good claims to purchase, others seeking employment.

Business men feel confident that the Granite Creek camp will soon be one of the leading camps of Eastern Oregon. We understand, upon reliable authority, that Alby Bros. will soon return to that place with a heavy stock of goods. The saw mill owned by Walp & Co., which for the past three years has been idle, is now in good repair, and will soon be in operation with a full force of hands, which evidently means business.

C. L. INTON.

The above camps are near Fort Sumpter, about forty or fifty miles from this city. Kellogg & Grier, on the mailroute from this to Canyon City, pass near these camps and will, when there is a road so that they can, run in there. It will take but comparatively a small outlay of capital and labor to build a good road, which the Granite people are anxious to have done, and are willing to help build it. This is an important matter to our business men, and they ought aid liberally in constructing this road. The trade of Elk, Granite and Olive creeks naturally tends to Baker City, but the want of a good road has heretofore kept it from us.

UNION ITEMS.

The County records of Union County were removed to this place on Saturday July 11th.

The Court will meet at this place next Saturday.

R. S. CATES, County Clerk, was arrested this morning, Sunday, on a charge of grand larceny—or in other words, for removing the County Records to the County Seat.

We understand that the correspondent of the Sentinel will enter suit against Cage Baker, of La Grande, for transmitting obscene language through the United States mails.

Col. Chapman, of Portland, arrived here last evening on his way home from Washington.

John Brattain and Joseph Cleaver, of Baker City, paid our town a visit last week. Capt. John Mountain, of the logging expedition, arrived here yesterday. A number of the hands under his charge accompanied him.

HIP! HIP! HURRAH!—The Grande Ronde Times has removed to Union, and will publish its first issue at this place on Saturday next.

The youngsters of this place had a social hop at the Hotel last Friday evening.

Judge Brainard is afraid of being arrested, since they have captured our Clerk.

BONUS.

MORE ARRESTS.—We learn, since we received our regular Union Items, that there has been six or seven more arrests made at Union in connection with the County Seat question. Judge L. O. Sterns, of our city, left yesterday for the scene of conflict, as attorney for the Union prisoners. The appearances are that this is going to be a live and interesting fight.

Rye Valley Items.

EDITOR DEMOCRAT:—Times in this Valley look rather blue—weather warm and water scarce, very little mining being done. Weber and Odell are running on half time.

The Fourth was duly celebrated at Mormon Basin on the evening of the third, with a grand ball given by Mr. and Mrs. Clatner, the genial landlord and lady of the Basin Hotel. The attendance was large, there being some thirty or thirty-five tickets sold. At an early hour the belles and beaux of this part of the country assembled in the public hall, and tripped the light fantastic toe till sun up. The supper was good—just the kind a hungry soul would enjoy; the music, by Messrs. Haggett and Davis, was very good. Among the belles of the evening, were Miss Mary Clatner, Miss Annie Richardson, Miss Mary Watkins, Delia McDonald and Miss Donna Sisley. As for the beaux—nough said. Everything passed off pleasantly, and all appeared satisfied.

The only excitement here is quartz. Gilchrist & Co. are pounding away; Colt & Co. are running their arasta; Green & Co. are getting out rock that would make the Ophir or Comstock ashamed. All we want here is capital, to develop the richest mines in Eastern Oregon, and equal to any on the coast.

JOE.

Affecting sight—Barrels in tiers. A spirited youth—One dead drunk. A highly intelligent dog—the type-setter.

The working-man's favorite dish—Cavendish.

Look out for the comet thereby hangs a tail. "Crusade syrup," in soda, is much called for in certain Western towns.

It is said that those Iowa grasshoppers wink at Paris green and smile at hot water.

A Lebanon (Ky.) gent, in ardently greeting a long-parted wife, broke one of her ribs.

Family Physicians are carefully noting the promising state of the green apple crop.

The Taxpayers of Boise City met at the Court House on last Thursday and nominated the following city ticket: Mayor, T. E. Logan; Councilmen, John Lemp, Clay Branstetter, Fred Dangle, John Huntoon and P. J. Peffy; Treasurer, A. G. Redway; Marshall, Moses Lyons.—As yet there is no other ticket in the field.

Gen. NeSmith has arrived at his home in Polk County.

In a riot in Shanghai the Chinese mob attacked the French quarter, near Ningpoo Joss house, maltreated M. Perebopio and family and burned his house. Four Chinese were killed. The mob also attacked other houses in the same quarter and injured several persons severely. The French police finally quelled the riot with the assistance of a squad of English police. About five thousand Chinese were engaged in the riot.

A CARD.

I desire to express my thanks to the people of Baker City for their kindness and sympathy during my late illness. Some of you deserve personal mention, but The All Seeing Eye has marked and will reward you. I cannot, however, forbear making mention of Rev. Cum Lum for his kindness, and Dr. Youk Chu for his skillful and successful treatment. I feel to them I owe my life.—Trusting they will be as successful with all their patients, I take pleasure in recommending the afflicted to their care. Now, kind friends, I bid you farewell, leaving you to be rewarded by Him who hath said, "Inasmuch as you have done it unto the least of these, my children, you have done it unto me." Yours, very Gratefully,

Rev. L. A. POWELL.
