Fifth and Last Gift Concert, in Aid of the Public Library of Kentucky.

A CARD TO THE PUBLIC.

The management have determined to have the drawing of the Fifth and Last Gift Concert of the Public Library of Kentucky, on the 30th day of November next. We believe now that all the tickets will be sold, and that the drawing will be a full one, but whether all are sold or not the drawing will nevertheless certainly come off on the day appointed.

The special object of this card is to call a meeting of the ticket holders at Public Library Hall, on the 20th of November, to make arrangements in connection with the committee appointed by the Trustees to superintend the counting of the tags representing the numbers of tickets sold. While there is no actual necessity for the presence of ticket holders, as under our arrangements the interests of all are equally cared for, yet at the same time I would greatly prefer that as many of those interested as can, would attend this meeting, and see each for himself how perfectly fair and impartial the distribution

must be. Every arrangement has been made for the drawing, but little more than a month remains for the sale of the remainder of the tickets, and whatever is done must be done promptly.

A WALKING ADVERTISEMENT. LIMESTONE SPRINGS, S. C.

DR. R. V. PIERCE, Buffalo, N. Y .: DEAR SIR-I am a walking advertisement for your Golden Medical Discovery, Purgative Pellets and Dr. Sage's Catarrh Remedy, they having cured me of Catarrh of nine years' standing, which was so bad that it dis-figured my nose, and, while curing it, your medicines also cured me of Asthma in its worst and most agravated form. Before using your medicines I had become reduced in desh from one hundred and fifty-five to one hundred and tifteen pounds, and I now weigh one hundred and sixty two pounds, and am in "better health than I have "enjoyed for Yours truly, J. L. LUMSDEN. twenty years.

The above is but a fair salaple of hundreds of letters which are received by Dr. Pierce, and in the face of such evidence, who can longer doubt that the Doctor's medicines cure the worst cases of Chronic Catarrh.

Thanksgiving Day being a Nation" al holiday we publish the following proclamation issued by President Grant, on Thursday last.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA-A PLOCLAMA TION-Reminded by the changing seasons that it is time to pause in our daily avocations and offer thanks to Almighty God for the mercies and abundance of the year which is draw. ing to a close; the blessings of a free government continue to be vouchsafed to us, the earth has responded to the labor of the husbandman, the land has been free from pestilence, internal order is maintained and peace with other Powers has prevailed. It is fitting at stated periods to cease from our accustomed pursuits and from the turmoil of our daily lives, and unite in thankfulness for the blessings of the past and the cultivation of kindly feelings toward each other. Now, therefore, recognizing these considerations, I, U. S. Grant, President of the Unite States do reccomend to all citizens to assemble in their respective places of worship on Thursday. the 26th day of November next, and express thanks for the mercy and favor of the Almighty God, and, laying aside all political contests and all secular occupations, to observe such day as a day of thanksgiving and praise.

U. S. GRANT, President. HAMILTON FISH, Sec. of State.

THE "REFORM" LEGISLATURE .-The Salem Mercury thus speaks of the late "reform" Legislature of this State.

The Expenses of the late Legislature are nearly or quite \$30,000, or more than \$10,000 in excess of expenses of any former Legislalure. This only includes mileage, per diem, Committee Clerks and their expenses incidental to a Legislature, many of which might have been entirely dispensed with. They had clerks to committees and officers for special committees during the whole session, which was unheard of before, and increaced expenses in every department immediately connected with them. God forbid that another such should ever assemble again in Oregon.

The Oregonian says somebody is evidently poking fun at President Grant. The idea of his being such a ninny as to talk as he is reported by telegraph ! Of course Wash-

MR. BLANE .- We are pleased to learn that Wm. Blane, who was shot by Scott, at Rye Valley, last week, is getting along as well as could be expected, and that, although the wound is severe, with proper care and aftention he will recover speedily. The particulars of the shooting, as we learn them, were as follows. Mr. Blane keeps hotel in Ray Valley, and does not keep a saloon, as was stated by the Herald of last week. The boarders were in at supper, and Scott, who was drunk, was also seated at the table, and was using indecent and unbecoming language. Mr. Blane requested him to desist, which he would not do, whereupon Mr. Blane took * him to the front door and put him out, and Scott shot him. The ball tooke fiect in the breast and glanced around under the nipple. Mrs. Blane had starte on a visit to friends at Portland a few days before the unfortunate occurrence, but at Walla Walla saw the DEM-OCRAT, in which the account of the shooting appeard, and immediately changed her destination, and passed through our city, on her way home, on last Saturday night.

ARRESTED .- Scott, who shot Blane at Rye Valley last week. was arrested the same night of the shootin, by Constable C. C. Davis and Cravens of Rye Valley, who were bringing the prisoner to our city, when they were met by Deputy Sheriff Moomaw, and all the parties on into town, where Scoot had his examination, and was bound over to await the action of the next grand jury.

The Great Favorite with the Ladies. Wm. Forsyth Bynum & Son, druggists, of

Live Oak, Fla., write, Sept. 16th, 1874, as follows: "Dr. R. V. PIERCE, Buffalo, N. Y.-Your Golden Medical Discovery and Purgative Pellets sell very largely and give complete satisfaction, as numbers of our custom-ers and friends testify with pleasure. Your Favorite Prescription is indeed the great Favorite with the ladies, and numbers can say with joy that it has saved them from eking out a miserable life or meeting with premature death, and restored them to health and happiness.

Thousands of women bless the day on which Dr. Pierce's Favorite Prescription was first made known to them. A single bottle often gives delicate and suffering women more relief than months of treatment from their tamily physician. In all those derangements causing backache, dragging down sensations, nervous and general debility. It is a sovereign remedy. Its soothing and healing pro-perties render it of the utmost value to ladies suffering from internal fever, congestion, in ffammation or ulceration, and its strengthen ing effects tend to correct displacements of internal parts, the result of weakness of na-tural supports. It is sold by all druggists. Dr. PIERCE's pamphlet on Diseases pecul-iar to Women will be sent to any address on receipt of two stamps. Address as above.

What are the Chances !--- When the Gift Concerts of the Public Library of Kentucky are under discussion, we frequently hear the assertion that, after al!, it is extremely difficult to draw the Capital Prize, or even ne of the many smaller prizes of \$10,000 ... \$5,000, and much is also said about the uncertainty of the venture. A careful and ac-curate mathematical calculation has demonstrated that the only insuperable difficulty in the way of drawing the capital prize is the failure to purchase a ticket. As to the un-cartainty, there is just enough of that to add to the excitement; while a plucky man with a ticket in his pocket feels that he would not swap his "chance" for a big thing, for any mcderate "certainty" that might be mentioned in a week.

The Oregonion in speaking of the

elections says: Enough is known of the results of the Eastern elections to render it certain that the opposition have succeeded beyond their own hopes or the expectations of any body. Everywhere the Republican losses are heavy. Instead ted, and as the Administration journals of the East predicted would be the case, the opposition has marched on to the end as steadily as they began in Obio and Indiana.

Think of the election of a Democratic Governor in Massachusetts, and the choosing of three stright Democrats and two Independents to represent the old Puritan Commonwealth in the National Congress !

burne is a good man, but Grant has a good deal too much sense to say anything in his favor if he realy wants to see him President. That might have done last night, but it is too late now-entirely too late. And then to see that cruel thrust about the President's intention to go "after" the Credit Mobilier rascality in his forthcomin message ! The man that perpetrates that sort of thing ought to be turned over to Bergh.

The New York papers say that Grant, during his recent visit to the West was confronted at a fair in Kansas by a politician named Core. In the presence of a large crowd he put this question to Grant : "Are you for a third term ?" No answer. Cone turned to the crowd, threw up his hat in great glee, aed cried out: "Hurrah, boys ! Silence gives con sent !" The retieent individual ofdestiny concluded that this was pushing the matter a little too far. He simply said: "I leave all that in the hands of the people."

AN IRISH LETTER.-Here is an Irish gentleman's letter to his son in college: My Dear Son: I write to send you two pair of my old breeches, that you may have a new coat made out of them; also some new socks which your mother has just knit by cutting down some of mine. Your mother sends you two pounds without my knowledge, and for fear you may not use it wisely, I have kept back half and only send you one. Your mother and I are well, except that your sister has got the measles which we think would have spread among the other girls if Tom had not had it before, and he is the only one left. I hope you will do honor to my teachings; if not you are an ass, and your mother and myself your effectionate parents."
