### PUBLIC SCHOOL NOTES.

Numbers permitting, the divided third and sixth grades have been united. The pupils. While Mrs. Callahan has partial will not be a true index of the number un-

der ber charge or of her work. Tardies this week were: Lottie Rose, Sammie Thompson, Charlie Campbell, Clifford Kerr, Georgie Hartless, Rebecca Casteel, Florence Kline, Cecil Taylor, Lillie Kerr, Pearl Wilbanks, Mattie Thompson, Wayman Mason, Eva Jacobs, Freddie Zeis James Berry, Ava Barnhart, Cynthia Hart, Byron Taylor, Lola Wilkins, Gertie Kent.

B. W. MCKEEN, Principal.

### A ST. LOUIS PHYSICIAN.

# He Tests a California Production. - His

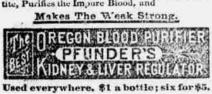

A St. Louis gentleman whose affliction was sick headaches was so surprised at the cure effected by Joy's Vegetable Sarsaparilla, that he called it to the attention of a relative, who hap pened to be none other than Dr. F. A. Barrett, the well-known St. Louis physician of 2652 Shenandoah Street. The doctor saw at once that it differed from the potash preparations in that it was purely vegetable, and becoming interested in it, began a series of investigations, and in a subsequent letter candidly admitted its curative

properties, and says: -Wishing to test its virtues further, I used it in my own family, and prescribed it for patients who required a general system regulator. As a result, I can say it is an almost absolute cure for result, I can say it is an almost absolute edre for constipation, billiousness, dyspepsia, indigestion, and sick headaches. These troubles usually come from a disturbed condition of the stomach and bowels, and Joy's Vegetable Sarsaparilla is the best laxative and stomach regulator I have ever seen, and as a general system corrective is almost perfection itself.

[Signed] F. A. BARRETT, M. D., 2662 Shenandoan St., St. Louis.

IT IS THE IDEAL MEDICINE. It rouses the Liver and Kidneys and Storageh, cures Wadache, Dyspensia, creates an Appetite, Purifies the Impure Blood, and

# NOTICE TO SETTLE,

I wish to inform all of the persons owing Mr. T. E. Cauthorn, or the firm of A. Cauthorn & Son, by note or otherwise, that I have all claims in my hands for immediate collection. All those who cannot pay at once I will expect to call at my office over the First National Bank and see about the matter. S. T. JEFFREYS.

# **\$250 REWARD.**

The city of Corvallis will pay the above reward for the arrest and conviction of anyone guilty of arson within the limits of said city. By order of City Council.

J. M. PORTER, April 28, 1891. City Recorder.

# RELIABLE MEN

Wanted as traveling salesmen for a first class Cigar Company. Must give good ref-erences. F. O. B. CIGAR CO.,

### OUR SIDEWALKS.

ED. GAZETTE:-I feel constrained to say, with your permission, that some of the third grade recites alternately to Miss Har- sidewalks in our city are a disgrace to any ris and Miss Lilly. The sixth grade goes growing town, and the fact is sadder still to Miss Hoffman's room. Mrs. Callahan when we come to know that the worst has the seventh grade and hears a part of walks are not confined to the back part of the sixth and eighth grades. The changes town but some are on the main business are of advantage both to teachers and street. With the number of people that will be in town on such a day as the Fourth charge of the sixth and eighth grades she of July it would be absolutely dangerous to only calls the roll for the seventh grade, pass along some parts of Main street. We hence the numbers in her reports hereafter are constantly sending out advertising matter in the way of "write ups" in the newspapers and pamphlets with engravings of our public buildings, with a view of inducing people to locate here. What inducement can there be to a man to locate in a town where he cannot walk down the main street after dark with safety?

As the wagon roads are evidences of the progress, energy and life of a people in the country, so the sidewalks in a town are to a great extent indices of its business activity. We do not ask for stone pavements, but let us spur up and be a little more stylish-have some new walks or at least repair the old ones.

### Merit Wins.

We desire to say to our citizens, that for years we have been selling Dr. King's New Discovery for Consumption, Dr. King's New Lafe Pills, Bucklen's Armaa Salve and Electric Bitters, and have never handled remedies that sell as well, or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits. Thos.

It is said that the bark Coloma is expected to arrive at Portland shortly bringing 170 of China's most noted song birds which are to be turned loose in Oregon.

### A Safe Investment.

Is one which is guaranteed to bring you satisfactory results, or in case of failure a a return of purchase price. On this safe plan you can buy of our advertised druggist bottle of Dr. King's New Discovery for Consumption. It is guaranteed to bring relief in every case, when used for any affec-tion of Throat, Lungs or Chest, such as Consumption, Inflamation of Lungs, Bronchitis, Asthma, Whooping Cough, Croup, etc. It is pleasant and agreeable to taste, perfectly safe, an I can always be depended coon. Trial bottle free at Thos. Graham's

An eastern thunder storm in a mild form visited this valley on Wednesday, and cheered the hearts of some of our newcomers. This is a rare occurence for Oregon, however.

WHY ARE WE SICK?-Because we allow the Liver, the bowels, and the Kidneys, these great organs, to become clogged or torpid, and poisonous humors are forced into the blood. Expel them by using Pfunder's Oregon Blood Purifier.

Have you bought any of Small & Son's candies? If not, try them and the children will not thereafter experience half the difficulty in inducing you to invest your small change in confectionery.

# Excitement

Runs high at the Pharmacy over System Builder as every body is using it for Catarrh of the Stomach, Dyspesia, Constipation and impure blood and to build up the system. It certainly possesses wonderful merit when all speak so well of it. Sold by all drug-

### HOW TO KILL GREEN LICE ON ROSEBUSHES.

Many complaints have been received from parties in Corvallis and from other section to the effect that a green louse is destroy-

ing valuable rosebushes. This is the Rose Aphis and can be killed by treating the infested bushes with a warn solution (115 degrees Fahreinheit) of whaleoil soap. One pound of soap boiled until dissolved in two and one-half gallons of water, and then applied thoroughly as a spray. The underside of the leaves should be reached by the liquid as there the insects are very numerous, and some machine should be used which would force the liquid against the bush with some force, either a garden syringe or spray pump, rather than a watering pot. Two applications might be necessary. Home made soft soap in the same proportions to which is added one quart of strong tobacco solution, made by steeping waste tobacco, is also effective. This should also be applied warm. A hale oil soap is for sale by most druggists.

F. L. WASHBURNE. N. B.—The Station is constantly in receipt of insects sent with no note of explanation and no sign of name of sender. In such cases it is impossible either to give remedies or acknowledge donations. The name of the sender should always accompany the package with as many particulars as possible. Insects should never be inclosed in a letter, but should be sent in a tight tin or wooden box with some of their food plant if possible, and lightly packed with moist cotton. Such packages come through the postoffice for one cent for each onnce or fraction of an ounce.

### Through the Weary Hours

Of many a night, made doubly long by its protracted agony, the rheumatic sufferer tosses to and fro on his sleepless couch, vainly praying for that rest which only comes by fits and starts. His malady is one which ordinary medicines too often fail to relieve, but there is ample evidence to prove that the efficient blood depurient, Hostetter's Stomach Bitters, affords the rheumatic a reliable means of relief. Check the malady in its incipient stages, when the first premonitory twinges come on, with this agreeable medicine, and avoid years of torture. Whatever be the rationale of the active influence of the Bitters upon this malady, certain it is that no evidence relating to its effect is more direct and positive than that which relates to its action in cases of rheumatism. Like all sterling remedies, however, it deserves a protracted, systematic, systematic trial, and should not be abandoned because not at once remedial. It is equally efficacions in dyspepsia, indigestion and kindred diseases.

Rev. D. V. Poling will preach in the Evangelical church of Corvallis, on Sunday evening May 10, 1891. Song service to precede the discourse will begin at 7:30 p. m., preaching at 8 o'clock. To these services the public is cordially invited.

# Bucklen's Arnica Salve.

The best salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns, and all Skin Eruptions, and positively curss Piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refuuded. Price 25 cents per box. For sale by Thos. Graham.

Joseph V. Dory, of Warsaw, Illinois, was tronbled with rheumatism and tried a number of different remedies, but says none of them seemed to do him any good; but finally he got hold of one of them that speedily cured him. He was much pleased with it. and felt sure that others similarly afflicted would like to know what the remedy was that cured him. He states for the benefit of the public that it is called Chamberlain's Pain-Balm. It is for sale here at 50 cents per bottle by our druggist, T. Graham.

A few days ago while sitting in Elder Bros.' drug store at Tingley, Iowa, Mr. T. L. Dyer, a well-known citizen, came in and asked for something for a severe cold which he had. Mr. Elder took down a bottle of Chamberlain's Cough Remedy and said "Here is something I can recommend. It commands satisfaction. It is an excellent preparation and cheap." Mr. Dyer purchased a bottle, and the next day following appeared to be entirely restored. This is paration.—Des Moines Mail and Times. T. Graham, druggist, sells the above men tioned remedy.

# NOTICE.

1. All persons wishing to use water from the Corvallis Water Works either for sprinkling or for other purposes must give notice at the water works when they wish to begin or when they want the water turned off or on, otherwise they will be charged tor water from the time the hose are found to be attached to the hydrants until they

are removed.

2. All persons irrigating lawns must use sprinklers. It is not admissable to allow water to run without a sprinkler or even nozzle, and anyone found using water in this manner will be shut off.

3. There are quite a number found car-rying from the hydrants or allowing their hired help to do so without ever asking permission of the manager. All such persons found using water in this manner will be charged for the same and collections en-

4. The stopcocks on the streets are the private property of the company and no one is expected or allowed to meddle with them for the purpose of turning the water on or off. We have a man to be found at the works for this purpose and hope you will call on him when such is needed.

A copy of the rules and regulations will. be sent to every consumer and we want you to read and abide by them.

Samuels, clerks; for second cross the bar, spend the day on the bring large fish. All who visit the coast should visit th rock oyster beds on north beach, at low

tide, when they can be seen in their homes in the solid rock which are literally honeycombed with their borings.

Camping at the seaside. Those who have no previous experience in camping ought to Out of 1357 cough syrups manufactured in know that they should find spots sheltered from the strong winds, should avoid deep sand which is very annoying in many ways, and be sure and get near clean water and plenty of it. Good camping places are to be found at intervals all the way from Foulweather to Seal Rocks. Each place has its advantages and most of them some drawbacks. Those who do not prefer to camp will be pleased to learn that the following and other hotels will furnish accommodations to about 500 persons: At News the Park brothers, at Philomath, April modations to about 500 persons: At News 28, 1891, Mr. O. B. Conner and Miss port, Ocean House, Bay View Hotel, and Bargains in ladies' misses' and children's boarding houses: at Victima Victima Shibs of Nolar's boarding houses: at Yaquina, Yaquina slides at Nolan's.

House, Wilson's and Gordon's; at Elk City. Simpson's; at Forfar, Grant's; at Toleglo, Blake House; at Seal Rocks, Brassfield'r.

Salmon, whortle, sallal and other berries abound in some localities, and great fun is had occasionally by the berry parties. Yaquina is the only place in the United States where the famous water agates are found. These agates are translucent and show within a drop of water confined in an opening. When the stone is turned the drop can be seen and it changes its position. One of the conductors on the Oregon Pacific has a very fine one which has been cut as a Masonic keystone and which he carries as a watch charm. Some shells and fine publics are found on north beach and near Seal Rocks.

Rhododendrons cover many of the coast hills with masses of showy bloom in May

Surfy bathing is enjoyed at north berch where there are bathing houses, and suits for hire, at South Beach and at Seal Rocks. There is no undertow and life lines are never used. For those who are not vigorous enough for surf bathing there are a couple of sandy stretches inside the bay. One is near Yaquina, the other at Hinton's point. In the afternoon the water inside the bay is usually warm enough for comfort.

During the encire annual session of the State Teachers' Association teachers and visitors will be afforded every opportunity to combine pleasure with profit. - Educational Compendium.

### BOLD ROBBERY.

BURGLARS ENTER NOLAN'S STORE TUESDAY NIGHT AND ROB THE SAFE.

One of the boldest robberies that ever occurred in Corvallis was committed last Tueday night in J. M. Nolan's store. Although the electric light was burning both in the street and in the store, the burglers entered. blew open the safe and helped themselves to the contents and escaped without interference, leaving a crowbar and chisel as the only evidence by which to trace the guilty parties. The first known of the robbery was Wednesday morning when H. Brassfield, a clerk, came down to open'the store for the day's business. He found that the front door had been battered or pried open, evidently with a crowbar, which was afterward recognized as having been taken from the corner blacksmith shop on the opposite side of the street. On entering the store it was discovered that the safe door had been blown off of its hinges, the burglars having accomplished this part of the job very easily by drilling a hole near the combination, filling it with powder and igniting it. The safe once open it was an easy matter for them to help themselves to the contents and make their escape. which they did by way of the back door. Fortunately for Mr. Nolan he had deposited all of his money in the bank the previous day except about \$65 and a few county orders. This was all the burglars got for their trouble except a few papers and accounts which were of no value to them or anybody else except Mr. Nolan. None of the goods in the store was disturbed. The robbery is supposed to have been conmitted at about 3 o'clock in the morning, as people living in the vicinity say they heard the sound of an explosion at about that hour. How the store could have been entered by the front door in the manner in which it was at any hour of the night without attracting the attention of some one is a mystery, as the burglars must have made considerable noise in accomplishing their work, and the question being asked by everybody is: "Where was the night watch?" As will be noticed elsewhere, a reward of \$50 has been offerd by J. M. Nolan for the return of the papers. The citizens offer a reward of \$300 for the arrest and conviction of the guilty parties.

EXCURSION POSTPONED .-- As the weather is so unfavorable the Congregational Sunday School picnic to the Cascades has been postponed from May 9, to Saturday May 16.

\$50 REWARD .- I will pay \$50 to any person who will find and return papers taken from my store on the night of May 5th, 1891. J. M. NOLAN.
