RIGHT OR WRONG.

Which will ye have? It does seem as if some folks prefer to have the last condition of the liver rather than the first. They perpetually dose themselves with purgatives totally without virtue as aleviative of liver trouble. Hostetter's Stomach Bitters is the successful candidate for the people's choice, and yet, popular and well known as it is, there are unfortunates who keep on trying the drastic remedies of former days. It is to the intelligent portion of the public that the well known and long tried properties of the Bitters appeal. Reason should be guided by experience, in the matter of medication. "The best guide to our feet is the lamp of experience" said a great patriot of olden times. When calling for same please say "advertised."

COMING TO CORVALLIS.

One or more surgeons of National Surgical Institute, No. 319 Bush street, S. F., will be at the Revere House, Albany, and at the Hemphill House, Corvallis, Oct. 13th.

This institute is especially devoted to the treatment of curvature of the spine, dislocation of the hip and knee joint, crooked limbs, club feet and all bodily deformities. Their success in treating these troubles as well as nasal catarrh and all chronic diseases has made for the institute a national reputation.

All persons who are suffering from any of these complaints should not fail to take advantage of this opportunity to relief.

References may be had from the following: Gov. E. P. Ferry, Olympia Wash.; Jno. P. Hoyt, Justice of the supreme court of Washington; Judge Thos. L. Davidson, Salem; Rev. E. U. Condit, Albany; J. S. Morris, Scio, Or.

A Chautauqua association for southern Oregon was recently organized at Central Point. Membership shares to the amount of \$1000 were issued. The association is auxiliary to the national association and will award diplomas at the proper time. There is a strong representation of the Chautauqua association in this city.

DEAFNESS CANNOT BE CURED.

By local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh; which is nothing but an inflamed condition of the mucous surface.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.

F. J. CHENEY & CO., Toledo, O., Sold by Druggists 75c.

The steel girder for the state house at Salem has been received on the ground. It is from the Carnegie iron works, at Homestead, and bears evidence of it by having the words "scab material" written all over it. It is in eight sections which will be put up and then bolted together on the top of the eight columns by which they are supported.

SAVED HIS CHILD'S LIFE.

A. N. Dilliflor, York, Neb., says: "The other day I came home and found my little boy down with cholera morbus, my wife scared, not knowing what to do. I went straightway and got a 25 cent bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and gave it according to directions. You never saw such a change in a child. His limbs and body were cold. I rubbed his limbs and body with my hands, and after I had given him the second dose he went to sleep, and, as my wife says, 'from a deathbed he was up playing in three hours.' It saved me a doctor bill of about three dollars, and what is better, it saved my child. I can recommend it with a clear conscience." For sale by T. Graham.

A RELIABLE MAN.

M. J. Griner, a Justice of the Peace at Print, Michigan, says one bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy saved his life. He had been down with bloody flux for three weeks when he commenced using this medicine. It soon cured him, and believes saved his life. He also says it saved the lives of three railroad men in that vicinity. "Squire Griner is a reliable and conscientious man, and whatever he says can be depended upon. For sale by T. Graham, druggist.

Children Cry for Pitcher's Castoria.

HOPS IN BENTON COUNTY.—It is a fact not generally known that Benton county has several large hop yards in the immediate vicinity of Philomath. While the yield this season is not up to the average, the hops are free from lice compared with other sections of the state, a fact that will tend to give the Benton county product a good rating in the market. These results were attained by careful attention and judicious spraying. Many hop growers throughout the state gathered their crop before the hops had attained their full growth on account of the lice, while on the contrary, William Zimmerman and Mr. Hartless, the Philomath hop growers, permitted the buds to mature before picking, as they had nothing to fear from the ravages of pests, and are consequently enabled to put a prime article on the market. Mr. Zimmerman is the heaviest hop grower in Benton county, and has four yards. At one time this season he had two hundred pickers employed, while at the same time Mr. Hartless had about seventy in his yard. The campers at a hop yard enjoy a pleasant outing, and have a jolly social time, especially of evenings. A. J. Oglesby, of Alsea, and Elmer Wertsvaenger, of Philomath, were foremen of Mr. Zimmerman's yards, and were deservedly popular with the pickers. At the beginning Mr. Oglesby stated that no profane language would be permitted in the yards, which request was complied with. About 1700 boxes are the product of the Philomath hop yards for this season, which fell considerably short of the yield last year.

A RECOMMENDATION FROM ILLINOIS.

WILMINGTON, ILL., April 11, 1891  
I would say that I can recommend Chamberlain's Remedy as a number one set of family medicines such as every home should be provided with. You can rely upon their being as near what they are recommended as any medicine sold in this part of the country. Especially would I recommend Chamberlain's Colic, Cholera and Diarrhoea Remedy as having no equal for cholera morbus, colic or diarrhoea. Having used these medicines myself and sold them for several years, I know their value and have no hesi ( )y recommending them.—Levi B. Dell. For salubly T. Graham.

DIED.

HITCHENS.—At his home in this city, on Sunday, Sept. 25, 1892, after a long illness, Samuel Hitchens, aged 65 years and 10 months.  
Mr. Hitchens was one of our oldest citizens, having come a number of years ago from Independence, and has lived here constantly ever since. For a long time he was night watchman at the Occidental hotel, and his genial face was always to be found at his post of duty. During the past two years he has held the position of city treasurer and has ever been a faithful and efficient officer. He leaves a wife and seven children, five daughters and two sons. The funeral services were conducted by Rev. W. C. Kantner at the family residence on Tuesday, and the remains interred in Crystal Lake cemetery.

The smallest & the best in pills, other things being equal. But, with Dr. Pierce's Pleasant also is equal. They're the best, not only because they're the smallest, and the easiest to take—but because they do more good. They cleanse and regulate the liver, stomach and bowels in a way the hugh, old-fashioned pill doesn't dream of. Think of trying to regulate the system with the ordinary pill. It's only good for upsetting it.  
These are mild and gentle—but thorough and effective, no pain—no griping. One little pellet for a laxative—three for a cathartic. The best Liver-Pill known. Sick Headache, Biliousness, the Liver, Stomach and Bowels in a way the hugh, old-fashioned pill doesn't dream of. Think of trying to regulate the system with the ordinary pill. It's only good for upsetting it.  
Put up in sealed vials—a perfect vest-pocket remedy, always convenient, fresh and reliable.  
They're the cheapest pill you can buy for they're guaranteed to give satisfaction, or your money is returned. It's a plan of mine peculiar to Dr. Pierce's medicine.

A daisel whose exquisite face  
Would stop any clock in the place,  
At Kline's bought her dress,  
And in three months or less  
Caught the wealthiest man of his race.

As a matter of fact every lady must dress with taste. The only way to do this is by consulting a full line of dress goods and trimmings and Kline has the most complete stock. The most stylish suits seen on our streets come from Kline's. You may not catch the "wealthiest of his race," but you can look so neat that he will wish you had caught him.

DELINQUENT TAXES.

Judge Hufford is busily engaged in examining the tax rolls of this county and preparing a list of delinquent tax payers. Since the year 1883 the delinquent taxes have been allowed to accumulate until they now amount to the large sum of \$80,766.80. The delinquencies for each year are as follows:  
1883.....\$ 4,212 31  
1884.....3,618 03  
1885.....2,340 03  
1886.....1,763 83  
1887.....7,307 10  
1888.....4,748 21  
1889.....14,690 61  
1890.....18,726 84  
1891.....23,490 00

This is far from being a flattering exhibit, particularly the last three years. There are county orders outstanding to the amount of \$34,141.57, so it will be seen that the taxes due exceed the indebtedness by \$31,865.84. Out of this \$80,667.80, the county has had to pay the last each year a sum equal to one-half of the total tax levy, and the county court has decided that it has been allowed to stand long enough; hence, they are now going through the necessary preliminaries in selecting out all the property that has been properly assessed, the amount of taxes due against, and from; each delinquent taxpayer. When this work is completed the court will authorize and instruct the sheriff to proceed at once to collect the amounts due from the owners of the property or to sell it and apply the proceeds toward payment of the taxes due. It is certainly behooves the county to make a strong effort to collect this money, since by so doing a sum could be realized sufficient to pay all indebtedness and still leave a surplus of more than \$50,000, and thereby save the county the large sum of money which is now paid out annually as interest upon the indebtedness.

ATTEMPT TO WRECK A TRAIN.—An unsuccessful attempt was made Monday night to wreck the south-bound Albany local train about three miles south of Salem, near the state reform school, by placing a tie and pieces torn from a cattle guard on the track. The pilot of the engine, however, struck the obstructions and knocked them from the track so that no serious damage was done. The train was well-filled with passengers, and had the tie been made secure there would probably have been a good many fatalities to report, as the train was going at a good rate of speed at the time. No clue as to the identity of the perpetrators has been discovered.

THE IDENTITY OF THE TOOTH.—Last week, in announcing the finding of a fossil tooth by Mrs. Wm. Glass, south of this city, we said that it was from a mastodon. In this statement we were in error; the relic in question was from a more rare animal than the mastodon. It came from some member of the genus Elephas, probably the Elephas Americus, closely allied to the mammoth, or Elephas Primitivus. It was found in the vicinity of a terrace formation. Remains of this animal are less frequently found than those of the mastodon.

RESCUED AT LAST.—Captain O'Brien and his watchman, Wm. Holmes, were rescued from the stranded whalerboat Wetmore last Tuesday, after having been confined there for ten days by the extremely rough weather, which rendered it impossible to reach them with lifeboats. For five days they had only one meal a day, and on the morning of their rescue they had divided their last biscuit. They had suffered terribly with cold and for two days stood in water up to their knees. The steamer will be a total loss.

THE PRESS ASSOCIATION.—The sixth annual meeting of the Oregon press association takes place at The Dalles, beginning Tuesday, Oct. 4th, and lasting three days. The quill pushers will be met at the Cascades by a delegation from The Dalles, and from that time will be the guests of the latter city. The residents of The Dalles have done all in their power to make the visit of the members pleasant, and if the latter do not enjoy it they will have only themselves to blame.

CARPET WEAVING.—Mrs. A. W. Herbert, of this city, has recently purchased one of the celebrated Newcomb fly-shuttle looms and announces that she is prepared to do all kinds of carpet and rug weaving, and guarantees first-class work at low prices. An invitation is extended to all interested to call and examine specimens of work, at corner of Third and Washington streets.

The county court has issued an order that the clerk shall open a set of books in which an account between the county and the sheriff shall be kept, as a matter of convenience, showing the amount of taxes due according to the tax roll placed in the hands of the sheriff for collection, and the amount of treasurer's receipts delivered to him each month.

J. Fitzpatrick, of Newport, was in Corvallis this week for the purpose of purchasing lumber to build a \$5000 hotel at Big Creek, the popular resort for Corvallis people. We understand that Wm. Butler had received the contract for the construction of the building.
