

LOCAL NOTES.

The street car has ceased to move. Everything in the jewelry line at Vogle's. Tablets, inks, pens and pencils at THE AZERTS stationery store. Vogle has a fine line of spectacles. Assorted frames fitted to suit. Nolan has something to say about shoes another column. Read it. The people will buy your wares if you as printer's ink judiciously. The Daily News is advertising its editor a lost. Henry'll turn up all right yet. First-class cedar shingles, \$15 per M at J. Oberer's River Front planing mill. Take your worn-out shoes to Weber & Son and have them made good as new. Frank's racket store presents a new argument for economy to our readers today. Hood's PILLS are surely vegetable, carefully prepared from the best ingredients. Fish & Murphy are placing in position the new furnaces purchased for the state agricultural college. The "special sale" method of Stock's cash store is proving a bonanza for both the buyer and seller. The steamer Willamette Valley leaves Yaquina Sunday, Oct. 22, and Nov. 7. Leave: San Francisco Oct. 27. If the bill passes both houses of congress the office of collector of customs at both Coos and Yaquina bay will be discontinued. U. B. Vogle, the jeweler, has just placed a fine new safe in his store. Articles of value entrusted to his care will be perfectly safe. The tax-roll is now nearly completed, Messrs. Ripley, Johnson, Joe and Ed. Wilson being the artists who manipulated the figures. The Occidental hotel is now crowded to its utmost capacity and the many guests are happy and fat under Mine Host Schmidt's supervision. Wash Norton's Merry Makers will be here Tuesday, October 24. A night of music, mirth and mystery. Admission 25c. Reserved seats at Graham & Wells, 50c. No OTHER amusements has the merit to hold the confidence of the community year after year, as has HOOD'S SERRAPILLA. It possesses curative power peculiar to itself. The O. F. company have made a \$3 per ton freight rate from Harrisburg to San Francisco; \$3.20 rate from river points above Harrisburg, a reduction of eighty cents per ton. Wash Norton and his famous "Merry Makers" will be here October 24th. One laugh is worth a dozen sighs. Take your girls, boys, admission, 25c. Reserved seats, 50c, at Graham & Wells. Mrs. M. M. Armstrong desires to inform the members who returned the window glass from her new residence that he may have until Tuesday to return the same. If not returned by that time the sheriff will call for it. Ladies interested in the purchase of fall and winter cloaks are invited to call at S. L. Kline's and procure one of those new catalogues just published. The stock on hand is complete and extensive. Eighty-eight was the lucky number and W. H. Howard the fortunate person who drew the four chess at Wheeler & Langley's. They have another to be given away in the same manner. While others are blowing about their large and elegant stocks of boots and shoes the readers of THE GAZETTE must not forget that Weber & Son are still doing business at their old stand and that they have a good reliable class of goods from which to select, and all goods bought from them are warranted. I have never been able to procure any medicine that would relieve me of rheumatic pains like Chamberlain's Pain Balm. It has also been used for lame back, with great success. It is the best liniment I have ever used, and I take pleasure in recommending it to my friends. Mrs. EMILY THORNE, Toledo, Washington. For sale by T. Graham, druggist. We have no information from those in charge of the meeting of west side editors to be held in this city next Monday as to the number there will be, or whether they will make their appearance at all. If they do, through the kindness of President Bloss, they will take supper at the boy's dormitory at 6 o'clock, Monday evening. Geo. F. Eglin, our real estate dealer, brought to this office yesterday morning some samples of Everetts potatoes raised on the farm of William Crees, the larger of which weighed 2 1/2 pounds. It matters not what product of the soil you desire to grow, this portion of the valley is equal to the emergency. Dr. A. Leonard, surgeon-in-chief of St. Mary's hospital, Father Lenz, Father McDonald and Father P. S. Casey, all of San Francisco, are at the Occidental hotel. They are on an outing tour and during the daytime enjoy the fields sports of this neighborhood. They are enjoying themselves and report much satisfaction at the surroundings of Corvallis. Frank Leslie's Popular Monthly, Scribner's, The Century, Outlook, Puck, Judge, Truth, Sporting Life, New York Clipper, Young Ladies' Journal, Bon Ton, The Season, Ladies' Home Journal, The Delinquent, Romance, Current Literature, St. Nicholas, McClure's Magazine, and a choice collection of novels are among the miscellaneous assortment of literature on sale at THE GAZETTE news depot. Come in and leave your orders. The case of W. F. Crosby vs. Jas. A. Cauthorn—C. E. Wolverton attorney for plaintiff, and W. S. McFadden attorney for defendant—in relation to some warehouse business was in hearing before Judge Hufford Wednesday. The plaintiff demands judgment from defendant for the sum of \$1,537.25, together with interest on \$957.75 thereof at eight per cent per annum from April 13, '92, and on \$79.50 thereof at the rate of eight per cent per annum from Jan. 1, '92, and for the costs and disbursements to be taxed. THE PRUNE INDUSTRY AND ORCHARD WORK. This is a pamphlet of 100 pages, written by S. A. Clarke, and handsomely printed with numerous illustrations by Posson & Son, Portland, Oregon, that contains the substance of many valuable articles. Mr. Clarke has published for two years past in the Oregonian on horticulture in the Pacific Northwest. The value of these articles is generally appreciated. Mr. Clarke has endeavored to combine in this handsome pamphlet all that is known of the prune industry the world over; its history on the Pacific coast, reliable facts as to the different varieties of prunes and methods of gathering, curing and packing same for market. The book also contains full instructions for orchard work of all kinds, spraying for all insect pests and fungus, and is pronounced valuable by all fruit growers. Its cost is 25 cents and we can supply any quantity.

THE COLLEGE BUILDINGS.

E. B. McElroy, state superintendent of public instruction returned yesterday from his visit at Corvallis and Eugene. He is a member of the building committee of the state agricultural college, situated at the former city, and went there to assist in accepting the new buildings lately erected on the college farm. They were the horticultural building, mechanical hall addition, stock barn, (all of wood) and the brick storage room. These new structures are practically completed and are valuable accessions to the finely-equipped college. This institution is now one of the leading houses for education in the state. It has an attendance of over 200 young men and women, and is growing more popular every year. Prof. McElroy was at Eugene as one of the Knights Templar attending the grand commandery.—Salem Statesman. THE GAZETTE man was a visitor to the college last Monday and witnessed the opening of chapel exercises and afterwards was shown to Prof. J. B. Horner's Department of English room. The professor is costily situated and his department is replete with all necessary conveniences for the promotion of learning. The enthusiasm of Prof. Horner will not be responsible for the failure of his students to make satisfactory advancement in the study of English and in all that that term implies. President Bloss kindly offered his services and conducted the writer hurriedly over the new improvements now about completed. Our examination was only cursory, and for the present our mention of same must necessarily be limited. The observations, however, warrant the statement that the buildings and improvements made are of a high order and will add materially to the conveniences and accommodation of those who so ably preside and to the patrons of the institution. A thorough system of drainage is now in course of construction which will relieve the grounds of surplus or standing water that has heretofore been a source of considerable annoyance. The large attendance of students and their evident appreciation of the surroundings is testimony sufficient of the merits of the Oregon agricultural college and in the near future we purpose devoting more space to the information of THE GAZETTE readers concerning its many advantages.

THE HORTICULTURISTS

Monday evening a number of citizens met in the court house to prepare for the reception of visitors to this city Tuesday next week in attendance on the State Horticultural society. Mayor McFadden was made chairman and THE GAZETTE man secretary. Pres. J. M. Bloss and Prof. Washburn made extended remarks in relation to the methods of the society and the proper manner of their entertainment. A committee of five ladies and three gentlemen were appointed on entertainment consisting of Mesdames Thos. Graham, Rose Selling, F. A. Helen, Belle Horner and Ida Callahan; Messrs. Dr. Altman, R. M. Davison and S. N. Wilkins. The management of the college have placed one of the rooms in the new mechanical hall at the society's disposal for session purposes, and the evening entertainments will be held in the chapel, the program for which appears in the college notes. The program will be ornamented by several musical selections, preparations for which have already been made. Let all interested in this important industry embrace this opportunity to improve their knowledge of fruit culture. SUPERINTENDENT'S REPORT. The following is a report of enrollment, attendance, etc., of the Corvallis public school for the month beginning September 18 and ending October 13: Total number of pupils enrolled, 380; number remaining at end of month, 369; average number belonging, 353; average daily attendance, 324; number cases tardiness, 56; number cases corporal punishment, 7. Considering the fact that many of the pupils did not enter at the beginning of the month the average attendance is very good. The difficulty experienced in adapting the school to the new grade work has now disappeared and all work is running along smoothly. S. I. PRATT, Principal.

THE CHURCHES.

Services as usual at the Congregational church on Sunday at 11 a. m., and Y. P. S. C. E. at 6:30 p. m. A warm welcome for everybody. Preaching at the M. E. church every Sunday morning and night. Sunday school at 3 o'clock. Epworth league meeting each Sunday at 6:30 o'clock. Prayer meeting Thursday evenings. Services at the Presbyterian church next Sabbath as usual. Preaching at 11 a. m. and 7:30 p. m. by the pastor. Topic in the morning "Special Providence." In the evening, "A Fable." Endeavor societies meet at the usual hours. A kind welcome to all. Preaching at Christian church Sunday at 11 a. m. and 7:30 p. m.; Sunday school at 10 a. m.; Y. P. S. C. E. at 6:30 p. m. The revival meetings continue with large and attentive audiences. They will continue over next Lord's day at least. "The spirit and the bride say, 'Come.'" Frank Abram Powell, pastor. The Presbytery of Willamette meets in this city next April. Rev. W. A. Smick was elected Sabbath school missionary of the Presbytery. Dr. Gynne was re-elected synodical missionary and Rev. R. B. Dilworth of Astoria elected Sabbath school synodical missionary. The next synod will be held in Portland. The state association of Congregational churches will meet with the First church of Portland, October 24. The delegates from the Corvallis church are: Mrs. E. H. Holgate, Mrs. R. Kelly, Mrs. H. F. Fischer, Mrs. F. G. Clark and Rev. W. C. Kantner. The associational sermon will be preached by Rev. W. C. Kantner. The foot-race between Stewart Moore and Mr. Friedly Wednesday afternoon for a "bet" of five dollars was won by the latter.

A FAVORED PORTION.

From Kings Valley, in Benton county, one of the favored portions of the Willamette valley, comes the news that the crop is excellent, and good financial returns are expected by the farmers who have hop fields. One farmer, William Bump, has just shipped to England 38 bales of last year's harvest, and this year had 75 pickers at work. The fields are not very large, but different individuals have many small ones, which has a beneficial effect on the community.—Polk County Itemizer.

THE FOUNTAIN HEAD OF STRENGTH

When we recollect that the stomach is the grand laboratory in which food is transformed into the secretions which furnish vigor to the system after entering and enriching the blood; that it is, in short, the fountain head of strength, it is essential to keep this important supplying machine in order, and to restore it to activity when it becomes inactive. This Hostetter's Stomach Bitters does most effectively, seasonably regulating and reinforcing digestion, promoting due action of the liver and bowels. Strength and quietude of the nerves depend in great measure upon thorough digestion. There is no nerve tonic more highly esteemed by the medical fraternity than the Bitters. Physicians also strongly commend it for chills and fever, rheumatism, kidney and bladder trouble, sick headache, and want of appetite and sleep. Take a wine-glass full three times a day.

DON'T USE SOAP.

Frank Siddall, the Philadelphia soap man, is credited with saying: "I have confined my advertising entirely to the newspapers. The man who does not read a newspaper does not use soap." This is the opinion of one successful business man, who has proven the benefits of judicious newspaper advertising. I was very severely taken with dysentery; I took a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy after each operation of the bowels, more than natural, for about thirty-six hours, and checked the complaint. It took about all of a small bottle to cure me, while two or three doses might cure an ordinary case. I found it would give me immediate relief from all pain in the bowels. T. M. BLACKWOOD, Friendship, Grant Par., La. For sale by T. Graham, druggist. 31

The hardware firm of Messrs. Fish and Murphy are making an extraordinary effort to dispose of their stock of stoves, tinware, etc., regardless of the cost or of the price they bring. If you want bargains in this line you had better call soon, as there are only a few of them left. They are going like hot cakes. Come quick. "It is a pleasure to sell Chamberlain's Cough Remedy," says Stebbins & Duntler, druggists, Republic, Ohio. "Because a customer after once using it, is almost certain to call for it when again in need of such a medicine. We sell more of it than any other cough medicine we handle, and it always gives satisfaction." For coughs, colics and cramps, it is without an equal. For sale by T. Graham, druggist.

O. P. MATTERS.

While in the city last week Judge Fullerton promulgated several interesting orders of court concerning the O. P. railroad. The first of which requires Sheriff Osburn to sell the road not later than December 15 to the highest bidder—all bids to be accompanied by a deposit of \$200,000. Order No. 2 authorizes Receiver Hadley to make an eastern journey to negotiate with parties concerning the purchase of the O. P. property, while the third mandate authorizes the receiver to bring suit to recover money said to be due from the Portland Flouring Mills Co. The fourth arranges for the receiver to provide employees of the company with receiver's certificates for wages due for the months of July and August, to be dated September 1, and to draw eight per cent interest. The fifth and last amounts to the stay of proceedings in the matter of the Farmer's Loan and Trust company asking that the order creating Mr. Joe Simon referee, until November 13, which will come up for hearing on the first day of the Benton county court.
