From the Soldiers' Advocate, of Freepost, Iil., a Re-Gov. Tilden, though never in the Beld as a warrior, was always known as a Democrat. He is a statesman of the highest degree, an able jurist, and, better than all a true reformer. It has been the pleasure of the writer to have formed the acquaintance of Gov. Tilden, and he knows from facts that have come from indisputable sources that Tilden has been the

theans of destroying a couple of rings that were sucking the life blood from the great State of New York. Gov. Hendricks is well known as a rominent statesman, and one who is beyond trickery, always known as being honest in his course.

These names are all strong ones, and if they are elected we shall see reform inaugurated. We shall see a general clearing out of the vampyres and leeches that have been sucking at the public blood vessel. Sink all differences of politics; go out to the polling places thinking only of right, character and principle standing way above party lines.

The Cleveland Plain Dealer assures its friends in the East that the De-mocracy of Ohio have never been more hopeful of success than they are to-day. Thousands of men in the State, who voted the Radical ticket last Fall, will not vote it this year. In every neighborhood can be found, publicly indentified with Democrats, Radicals who were against us a year ago, and the changes are all to us-none against us! The Democracy have carried Ohio twice within three years, and now they have ignored minor differences on financial questions, stand united, and that is worth thousands of votes.

Colored Men for Tilden.

From the Albany Argus,

A trustworthy correspondent from Winona, Miss., writes us that thousands of negroes in that State will vote for Tilden and Hendricks. He also says: "We have peace and qui et throughout the State, and intend to keep it so unless the radical leaders force the negroes to instigate a row.'

Says the Omaha Herald: "The Radical Press is grinding away on Tilden's letter. They may manipulate it in any shape they please, administer it to their readers in large or small doses, twist it, warp it, or mix it together—any way so that their readers may get it, and we shall be satisfied. There is more truth in that letter than they can swallow in any shape between this and November.

Mothers may have rest and their babies may have health, if they will use Castoria for Wind Colic, Worms, Feverishness, Sore Meath, Croop, or Stomach Complaints. It is entirely a vegetable preparation, and contains neither mineral, morphine, nor alchohol. It is as pleasant to take as honey, and neither gags nor gripes.

Dr. E. Dimoch, of Dupont, O., says:
"I am using Castoria in my practice with the most signal benefits and happy result."

This is what everyone says. Most nurses in New York city use the Castoria. It is prepared by Messrs J. B. Rose & Co., 46 Dey Nt., New York, Successors to Samuel Pitcher, M. D. letter than they can swallow in any shape between this and November.

The Omaha Bee thus describes the present political status of the editor of Harper's Weekly: "George W. Curtis has smoothed down the anti-Conkling furrows on his brow and now turns his mild English-out countenance towards the rising political MERCHANT TAILOR, luminary of Ohio as complacently as a middle-aged sunflower nodding over a garden fence."

By and by the people will begin to understand how cruelly unjust has been all this suspicion of Grant's integrity, and how disgracefully ungrateful all the popular clamor. We icel almost sorry even for his Democratic detractors. Grant's malignant enemies must heartily despise themselves. So asserts the Buffalo Commercial Advertiser, a Hayes

"Messrs. J. B. Rose & Co:

"My wife has for a long time been a terrible sufferer from rheumstism. She has tried many physicians and many remedies. The only thing which has given her relief is Centaar Liniment. I am rejoiced to say this has cored ber. I am doing what I can to extend its sale.

W. H. RING.

This is a sample of many thousand of testimonials received, of wonderful cores effected by the Centaer Liniment. The isgredients of this article are published around each bottle. It contains Witch Hax I, Mentha, Araica, Rock Oil, Carbolle, and ingredients hitherto little known. It is an indisputable fact that the Centaer Liniment is performing more cures of Swellings, Stiff Joints, Eruptions, Rheumatism, Neuraipin. Sciatica, Caked Breasts, Lock-law, &c., than all other Liniments, Finbrocations Extracts, Salves, Ointments and Plasters now in use.

For Toothache, Earache, Weak Back, Itch, and Cutaneous Eruptions, it is admirable. It cures burns ard scalds without a scar. Extracts poison from bites and stings, and heals frost-bites and chilblains, in a short time. No family can afford to be without the Centaur Liniment, white wrapper.

The Centaur Lintment, Yellow Wrap-per, is adapted to the tough skin, muscles and fiesh of the animal creation. Its effects upon severe cases of Spavin, Sweeny, Wind Gall, Big Head and Poll Evil, are little less than marvel-

Messrs. J. McClure & Co., Druggists, cor. Elm

"In our neighborhood a number of teamsters
are using the Centaur Liniment. They pronounce it superior to anything they have ever
used. We sell as high as four to five dozen bottles per mori to these teamsters."

We have thousands of similar testimonials.
For Wounds, Galls, Scratches, Ring-bone, &c.,

DR. DOHLETY'S Largely and Steadily Increasing Practice, which has constantly kept pace with the unexampled increase and steady growth of the Pacific Coast, induced his removal from his long established and well-known quarters, on the corner of Sacramento and Leidesdorff streets, in this city, to more commodious and eligibly located apartments, at No. 649 Clay Street, where he has a spacious suite of handsomely fitted up and conveniently arranged Examination and Consultation Rooms. (occupying the whole of the two upper stories) which patients may at all times visit, and see only the Doctor and his assistants. THESE SPRINGS ARE LOCATED ABOUT
55 miles east of Eugene City and within four
miles of the celebrated Big Prairie of the McKensie. They are within a few hundred yards of
Horse Creek, one of the most famous trouting
streams in Oregon. Deer and Elk are very pleuty
near these springs, having been the resort for ages
of these animals. The grandest and most picturesque scenery in the North Pacific. We have the
best buildings and the hest accommodations of
any Springs in this part of the State. Our hath
house is new, and is constructed with reference to
the wants of those visiting us from the valley. We
also have an excellent vapor bath room constructed
near the head of the Spring, and in all things, we
propose to keep up with the demand for an institution of this kind.

A CENTURY

Plemature Decay and Diseases of Con-taminating Poison

SPECIAL DISEASES,
of which the list is numerous, and which are
more closely connected with the general health
than the majority of people are aware. Unhappy
invalids for years persist in concealing their condition from a motive originating in mistaken delicacy, and suffer in silence until their missries become too acute to be repressed, and mental and
physical debility unfits the sufferer for active
duties of life. This latter type of affliction manifests
itself in the complaint professionally known as
Sypbilis, in all its forms and stages; Seminal
Weahness, and all the distressing forms of SelfAbuse, or Onanism; Gonorrhora, Gleet, Stricture;
Nocturnal and Diurnal Emissions, Session Debility, Diseases of the Back and Loins, Infismmation
of the Bladder and Kidneys, etc., etc. The number of persons suffering from these horrible Diseases, in whom the Doctor has effected a radical
cure, can be counted by the thousand and the voluntary certificates in his possession, received from
persons he has restored to health are enough to satisfy all that the Doctor's skill in the treatment of
these affections, embles him to warrant speedy
cures, even in obstinate cases, and in every
instance give relief. Diseases which formerly
baffled the medical skill of the most learn
ed and experienced Practitioners of the heal
lag art, and were regarded by the majority of
Physicians as utterly incurable, now readily yield
to modern remedies, when prescribed by the intelligent Practitioner, who makes the human system, and these special aliments, his constant study
and mublect of observation. DR. J. C. YOUNG Medical and Surgical Institute

ligent Practitioner, who makes the human system, and these special aliments, his constant study and subject of observation.

In no case is publicity permitted except at the express wish of the patient; and the Doctor confidently trusts that his long experience and successful practice will continue to insure him a liberal share of public patronage. By the practice of many years in Europe and the United States, he is enabled to apply the most successful remedies against diseases of all kinds.

He cures without mercury, charges moderate fees, treats his patients in a correct and honorable way, and has references of unquestionable remetity, from men of known respectability and high standing in society. All parties who may consult him by letter or otherwise, will receive the best and gentlest treatment.

TO FEMALES.

When a female is afflicted with disease, as weakness of the back and limbs, pain in the head dimenses of sight, loss of muscolar power, palpitation of the heart, irritability, nerfoasiess, derangement of digestive functions, general debility, all diseases of the womb, hysteria, sterility, and all other diseases peculiar to females, she should go or write at once to Dr. W. K. DOHERTY, at his Medical Institute, and she will receive every possible relief and help. if you experience any weakness you should not delay, for a day may imperil your health if not your life. In all forms of Weakness and Prema ture Decay a Cure is Guaranteed by the Doctor to the Young, Middle-aged or Old, without Exposure or Hindrance from Business. The Remedies are purely vegetable and of a Nature that leaves no taint behind. Ossekure the symptoms and hasten to check the course of the complaint, if you experience any of them—nightly discharges, slight discharges at other times, trembling, anxiety, forgetfeiness, confusion, pain in back, limb or body, forefeedings, indigestin, timidity, aversion to society loss of power, want of control, variable temper, attacks of sickness akin to biliconness, deposits in urine, irregular bowels, etc., etc.

TERRIBLE POISONS.

Among the most subtle and virulent of poisons in the human blood is that arising from Venereal Taint often breaking out, after years of apparent cure, in hideons sores apon various parts of the body. Its great danger lies in the fact that it given to the innocent partner or to the we child without showing in the person origicontracting it.

THE USE OF MENCURY YOUNG MAN sible relief and help.

Let no false delicacy prevent you, but apply immediately, and save yourseif from painful suffering and premature death.

The Doctor is a regular graduate, and may be consulted with every confidence.

If the disease be fully and candidly described, personal communication will, in most cases, be unnecessary, as instructions for diet, regimen and the general treatment of the case itself flaciluding the remedies), will be forwarded without delay, and in such a manner as to convey no idea of the purport of the letter or parcel so transmitted.

Should your condition require immediate attention, send ten dollars in coin, (or that value in currency) by Mail, or Wells, Fargo & Co.'s Express, and a package of medicines will be forwarded to your address, with the necessary in structions for use.

Consultations, at the office or by letter FREE. Address W. K. DOHERTY, M. D., San Francisco Cal. contracting it.

THE USE OF MERCURY
only aids in this terrible deception by draupon the surface and driving it back into blood. ALL VINERRAL POISON IS A BLOOD FOISON AND CAN BE COMMUNICATED IN THE BLOOD and the only certainty of prevention of transmission is in the positive cures of the reform treatment practiced at the Dr. J. C. Young Medical Institute, comprehensive scientific and thorough, having received endorsements as the best of all modern practice. Becent cases cured in a few days and chronic cases with remarkable rapidity. Our tests of the presence of the Taint in the blood are never failing.

TO PEMALKS.

There are no class of complaints that so enlist the symmathies of the medical mind or so command its gravest thought and stody as those that afflict women.
