Beath of Raphael Semmes, Commander of the Alabama.

Raphael Semmes, Admiral in the Confederate Navy and commander of HOLLOWAY'S PILLS. the famous privateer Alabama, dur-ing the war of the Rebellion, died reing the war of the Rebellion, died recently near Mobile. Semmes was a native of Maryland, and at the time of his death was 68 years old. He entered the navy as a midshipman in 1829, was promoted to a lieutenancy in 1837, and commissioned a commander in 1855, this being his rank at the beginning of the war. While on shore awaiting orders he had studied law and was a member of the Maryland bar. During the Mexican war he acted as aid-de-camp to General Worth. At the outbreak of the rebellion he linked his fortunes to those of the confederacy, was appointed commander of the Sumter, and ran in the blockade at the mouth of the Mississippi in July, 1861. This was the beginning of an active career which spread over three years, during which he took numerous prizes and did immense injury to the shipping interests of the country. Having sold the Sumpter, he took command in August, 1862, of the English built Alabama, which for two years afterwards was the terror of the ocean to the American merchantile marine, and gave its name to one of the gravest international questions in history. He confined his efforts to making prignance and haveness the extracts from values Letters.

SIT DOWN AND RECKON IT UP .- By ble information, we are free to say, that not less than fifty thousand tons of wheat was raised in the country of the upper Columbia. Say we need 10,000 tons for seed and bread, leaves 40,000 tons for shipment. Say further, that 5,000 tons have already a careful estimate, based upon reliagone down the river, which leaves 35,000 tons on our hands. Suppose now the O. S. N. Co. will send down daily by their boats 225 tons per week, for three weeks, Sundays excluded, which would make 4,050 tons, then after that, state of weather and water permitting, the beats are able to take away daily for six weeks more, about 120 tons per day, which would be 4, 320 tons, leaving on our hands till the opening of navigation next spring, about 26,000 tons of grain, or over one half our produce, not including bacon, flax seed or broom corn.

DR. CHANDLER, F.R.S.A., Late Physician to St. George's and St. Bartholo maw's Hospitals, London, Curator to St. Elizabeth's, etc.

After years of the most caborious research and investigation, and after the gractical application in treatment to thousands of patients, Geo. Chandler, A.M., M.D., now presents to the American public the following remedies, his sole discovery and property, the efficacy of which is attented in the voluminous quantity of testimonials, the unsolicited offerings of suffering and discouraged patients, who have not only received relief and benefit from their continued use, but have been radically cured of aitments and chronic complaints, which have been adjudged by the most eminent physicians as hopcless.

# THE WONDERFUL EGYPTIAN BLOOD-PURIFIER.

This incomparable DEPURATIVE is a powerful ALTERATIVE, TONIC, DIVRETIC, DIAPHORETIC, and APERI-ENT, combining virtues which render it invaluable and never-fulling, and by its continued use will thoroughly eradicate all diseases of the blood. Its ingredients are of a purely harmless extraction, the products gathered from remote Egyptian Provinces, and where there is the slightest taint of disease in the system, it never fails in ejecting that disease through the medium of the skin, or expelling its through the many and various channels of the body, thereby allowing, and, indeed, foreing all the organs into their proper normal and functional condition. A very brief space of time will convince any patient using it, of its undoubted reliability and wonderful curative properties, it being, most unquestionably, the very acme of medicul triumphs, and the greatest discovery of the present age, in the treatment of every disease where the blood itself is prinarily the sect of the lesion or disorder, such as BCROFULA and the thousand and one causes that lead to this terribic affiction, of which all civilized communuties are cognisant, for Biblical Truth has asserted that the "Sins of the fathers shall visit even unto the third and fourth generations," and to BROKEN-DOR NAND ENFEBLED CONSTITUTIONS it is a powerful rejuvenator, causing the wereh of man once more to assume the God-like form of manhood.

# BRONCHITIS AND LUNG AFFECTIONS.

TRACHEON. A slight so-called cold will ofitimes lead to a serious cough, which, uncared for or badly treated, must have but one result—it must eventuate in a settled case of BRONCHITIS, or what is worse, the deadly CONSUMPTION. To all suffering from harassing cough and expectoration, TRACHEON offers a sound, reliable, and permanent voltef. It augments expectoration, and enables the patient to expet that terribly septic deposit, which, if left without judicious treatment, must communicate its poison to the vesicular substance of the lung, degenerating and destroying that most essential of cryans, and ultimates only in an early and untimely death. TRACHEON has no equal, much less a superior, and its was will not only remore the deposit, thereby affording great relief, but heals the membrane and leaves the patient in possession of healthy lung tissue.

Price, Fifty Cents per bottle, or six bettles, \$2.50.

PILES. Kemorrhoids.

Many causes tend to produce this pain, ful and distressing state. The blood is retarded in its return; the too frequent use of drastic purgatives tends to produce congestion of the bowels, torpid action of the liver, and numerous other causes are the source of this complaint, and hitherto nothing effectual has been presented to the public, which would rapidly alleviate symptoms and ultimately prove an effective cure. In PLON we have a remedy which not only acts almost instantly, but will remove the largest tumors of the parts (Piles) by absorption, and many who have received not only benefit, but have been radically cured, have been assured (prior to using this treatment) by eminent surgeons that the only relief they ever could expect in life, would be by an operation, and venoving it or them from the body by a procedure which necessitated the knife. This remedy has been hailed with delight, and is now prescribed by many practising physicians, who are constant of its merits, as the only known sure cure for PILES.

Price, Fifty Cents per package, or six for \$2.50. PILON.

THE ABOVE REMEDIES ARE thorough in the evadication of the different and various maladies denominated, and are the vesult of patient, searching, laborious, and scientific investigation, embracing a period of many years, in Europe and America.

If the specific directions are complied with, thousands of patients will bear witness to their velative merits, and corroborate every assertion. Where there are many complications of disease, and patients so desire, DR. CHANDLER will be pleased to give all information, and treat by letter is necessary.

Descriptive and Explanatory Circular of the above remedics send on receipt of stamp. If the PROPRIETARY MEDICINES are not on sale at your particular druggist's, send orders to

Induced his removal from his long established and well-known quarters, on the corner of Sacramento and Leidesdorff streets, in this city, to more commedious and eligibly located apartments, at No. 649 Clay Street, where he has a spacious suite of handsomely fitted up and conveniently arranged Examination and Consultation Rooms, (occupying the whole of the two upper stories) which patients may at all times visit, and see only the Doctor and his assistants.

With the most grateful sentiments of regard for the liberal patronage bestowed on him for the past thirteen years, at his old office,

DR. DOHERTY desires to inform the General Public, and especially all those laboring under all forms of Chronic Complaints, that he can be consulted at 649 Clay street, on every variety of Disease of the Lungs, Liver, Kidneys, Digestive and Genito-Urinary Organs, and all

SPECIAL DISEASES, of which the list is numerous, and which are more closely connected with the general health than the majority of people are aware. Uuhappy invalids for years persist in concealing their con-dition from a motive originating in mistaken del-icacy, and suffer in silence until their miseries bedition from a motive originating in mistaken delicacy, and suffer in silence until their miseries become too acute to be repressed, and mental and physical debility unfits the sufferer for active duties of life. This latter type of affliction manifests itself in the complaint professionally known as Syphilis, in all its forms and stages; Seminal Weakness, and all the distressing forms of Self-Abuse, or Onanism; Gonorrhæa, Gleet, Stricture; Nocturnal and Diurnal Emissions, Sexual Debility, Diseases of the Back and Loins, inflammation of the Bladder and Kidneys, etc., etc. The number of persons suffering from these horrible Diseases, in whom the Doctor has effected a radical cure, can be counted by the thousand, and the voluntary certificates in his possession, received from persons he has restored to health are enough to satisfy all that the Doctor's skill in the treatment of these affections, enables him to warrant speedy cures, even in obstinate cases, and in every instance give relief. Physicians as utterly incurable, now readily yield to modern remedies, when prescribed by the intelligent Practitioner, who makes the human system, and these special ailments, his constant study and subject of observation.

In no case is publicity permitted except at the express wish of the patient; and the Doctor confidently trusts that his long experience and successful practice will continue to insure him a liberal share of public patronage. By the practice of many years in Europe and the United States, he is embled to apply the most successful remodies against diseases of all kinds.

He cures without mercury, charges moderate fees, treats his patients in a correct and honorable way, and has references of unquestionable veracity, from men of known respectability and high standing in society. All parties who may consult him by letter or otherwise, will receive the best and gentlest treatment.

TO FEMALES.

TO FEMALES.

When a female is afflicted with disease, as weak ness of the back and limbs, pain in the head, dimness of sight, loss of muscular power, palpitation of the heart, irritability, nervousness, derangement of digestive functions, general debility, all diseases of the womb, hysteria, sterility, and all other diseases peculiar to females, she should go or write at once to Ds. W. K. DOHERTY, at his Medical Institute, and she will receive every pessible relief and help.

Let no false delicacy prevent you, but apply immediately, and save yourself from painful suffering and premature death.

TO CORRESPONDENTS. Patients (male or female) residing in any part of the country however distant, who may desire the opinion and advice of Dr. Doherty in their respective cases, and who think proper to submit a written statement of such, in preference to holding a personal interview, are respectfully assured that their communications will be held most and

cred.

The Doctor is a regular graduate, and may be consulted with every confidence.

If the disease be fully and candidly described, personal communication will, in most cases, be unnecessary, as instructions for diet, regimen and the general treatment of the case itself (including the remedies), will be forwarded without delay, and in such a manuer as to convey no idea of the purport of the letter or parcel so transmitted.

Should your condition require immediate attention, send ten dollars in coin, (or that value incurrency) by Mail, or Wells, Fargo & Co.'s Express, and a package of medicines will be forcurrency) by Mail, or Wells, Fargo & Co.'s Ex-press, and a package of medicines will be for-warded to your address, with the necessary in-structions for use.
