Creek country.  
Hon. R. B. Cochran is reported a lit-  
tle better day.  
M. S. Barker and family went to Port-  
land on a visit this morning.  
J. W. Cusick, formerly of this city,  
pays taxes in Linn county on \$15,400.  
A pointer pup was auctioned off by  
Auctioneer Kusey this afternoon for  
\$5.  
A number of Springfield residents  
attended the theatre in this city last  
evening.  
Miller & Long moved their stock of  
tinware, etc., to the new Conser block  
on Ninth street, today.  
W. G. and Otto Gilstrap and W. G. Par-  
keville and wife of Springfield went to  
the fair at Portland this morning.

The store of the Starbird & Heulent  
Mercantile Company, La Grande, was  
closed by chattel mortgage yesterday.  
Liabilities, \$4,000; assets, \$70,000.  
George Arzberger was around in his  
invalid chair today shaking hands  
with old friends. He is in about the  
same condition as when he left here  
three years ago.  
Sheriff Noland this afternoon sold on  
execution six horses belonging to R. B. Hayes,  
one belonging to T. R. McCann, and some  
shovels, picks, rope, hose, etc., the property  
of H. H. Brothen. All the property sold  
low.  
L. J. Abbott who was arrested as an  
absconding debtor has settled the obli-  
gations and been discharged from custody.  
The man Hower has not yet settled the  
claims against him, but is arranging for  
their payment.

Albany Herald: Ed Fronk, while  
running the baggage truck at the depot  
caught his thumb between the iron  
handle and one of the posts, knocking  
off the nail and splitting open the end  
of his thumb, making a very painful  
wound.  
The sale of household effects of Mrs.  
Hull, corner of Oak and Pearl streets,  
advertised for tomorrow will not take  
place. Mrs. Hull will leave the effects  
as they are while she goes to her hus-  
band who is sick in California.  
McMinville Register: Geo. Todd of  
this city has fourteen young Mon-  
golian pheasants. He found the eggs  
in the hay field and placed them  
under a setting hen. He has had sev-  
eral offers for the birds, but will keep  
them until full grown.  
The Corvallis Times says in relation  
to the report that its editor had made  
a losing on the horse races at the so-  
called state fair: "When a newspaper  
man has to pay for his ticket, he usu-  
ally hasn't much left to woo the old  
bag that impudently flecks fortune at  
the fair grounds."

Pappose ran second in a three-  
eighths mile at Albany yesterday. Joe  
D. winning; and Dr. Harris' Patrician  
trotted second in the two-year-old trot.  
Best time 2:57. Dr. T. W. Harris  
started Kitty Lee to beat her record of  
2:31. She made it in 2:29, putting her  
in the 2:30 list.  
No less than 5000 head of cattle will  
be taken out of Klamath county this season  
to supply the city market. This is Louis  
Gerber's estimate, and he is one of the  
heaviest buyers. The selling price is from  
\$18 to \$20 a head for 3-year-olds and \$23  
for 3-year-olds. Dry cows rate at about  
\$16. Mr. Gerber says that at a rough es-  
timate there are not more than 200 4-year-  
old steers in the county.  
The Daily Palo Alto of Sept. 27 has  
this to say of a young man well known in  
Eugene: Patterson, '95, is now at work up-  
on a musical curiosity, and it bids fair to  
be all that he claims for it. It is modelled  
after a mandolin, but is four times as large  
and is to be picked with the fingers. There  
will be twelve strings, six of them deep bass  
and as a mandolin accompaniment it ought  
to soon become very popular.

Senator Hill in the Campaign.  
ALBANY, N. Y., Sept. 30.—Senator  
D. B. Hill is preparing to make a num-  
ber of speeches in places where they  
are likely to prove the most effective.  
He will speak in this city next Mon-  
day and will go to Virginia not later  
than the middle of the month.  
The last two weeks he will devote to the  
four old-time pivotal states—New  
York, Indiana, Connecticut and New  
Jersey. When not busy with his cam-  
paign work, Senator Hill devotes his  
time supervising the improvements of  
his new home.  
Daily Guard, Oct. 1.  
UP TREY GO.—Salem Statesman: Last  
night W. E. Her, of Butteville, wired Mark  
Skiff, of this city, that he had yesterday re-  
ceived twenty-two cents per pound for his  
hops. This is the best offer yet reported,  
twenty cents heretofore having been the  
top price, so far as learned.

SHERIFF'S TAX SALE.—Sheriff No-  
land is busy today selling the property  
advertised for delinquent taxes. Bid-  
ders are numerous and nearly every  
piece of property is sold for the tax and  
costs, or more.  
STEAMER COGS SUNK.—The steam-  
er Coog that piles on the Siuslaw river  
run on a snag Saturday on North Fork  
and had to be beached to save her  
from sinking. The damage will be  
small.  
BORNS.—To the wife of Sidney Horro,  
at Lisaca, Washington, September  
21st, a 12 pound boy.

Fairmount Items.  
Improvements continue.  
Mrs. McBee's new dwelling is near-  
ing completion.  
Business at the postoffice is increas-  
ing.  
Mr. Sam Newsome's new cottage is  
receiving its last coat of paint.  
Mr. Horton is preparing to build on  
his lot recently purchased on Univer-  
sity avenue.  
The store building is being finished  
and will soon be occupied by the post-  
office and store with increased stock of  
goods.  
The DeMoss family, the famous Lyric  
Bards, will render several of their  
choice selections in the public hall next  
Sunday afternoon at 2:30 during the  
Sunday school hour.  
Residents of Fairmount are anxiously  
waiting the arrival of the electric  
line. It is reported that our genial city  
councilman wagers a new hat that he will  
have his flying machine in operation  
before the much desired electric line is  
completed. We would be glad to see  
both enterprises succeed.

FAIRMOUNT.  
COLUMBUS DAY.—County School  
Superintendent J. G. Stevenson has  
sent to every school teacher in the  
county the president's call for the ob-  
servance of Columbus day on October  
21st, preceded by the following note:  
Enclosed you the official Columbus  
day program. It is hoped that you  
will arrange with your pupils to cele-  
brate this day. The president of the  
United States in honor of the 400th an-  
niversary of the discovery of America,  
has designated Friday, October 21,  
1892, as a general holiday. I beg to  
suggest that Columbus day and its as-  
sociations present a most opportune oc-  
casion for impressing a lesson of cour-  
age, perseverance and loyalty upon the  
rising generation. The president pro-  
claims that on that day let the  
people, as far as possible, cease from  
toil and devote themselves to such ex-  
ercise as may best express honor to the  
discoverer and their appreciation of  
the great achievements of the four  
completed centuries of American life.  
Columbus stood in his age as the pre-  
cursor of progress and enlightenment. The  
system of universal education is in our  
age the most prominent and salutary  
feature of the spirit of enlightenment  
and it is peculiarly appropriate that  
the schools be made by the people the  
center of the day's demonstration. Let  
the National flag float over every school  
house in the country and the exercises  
be such as shall impress upon our  
youth the patriotic duties of our Amer-  
ican citizenship.

WHAT GILLEY DOES.—Everybody in  
Oregon is interested in Hon. H. Gilley,  
legislative clerk of the U. S. Senate. The  
Telegraph interviewed him and learned that  
the following are his duties: "I make the  
calendar of the senate daily, and have it  
printed. It is laid on the desks of the  
senators each morning. During the  
session, I do more or less reading in the  
senate, often reading long appropriation  
bills through. I have also many times  
read the journal of the senate in the  
absence of the secretary. All papers or bills  
coming to the desk are endorsed by me  
with the name of the senators presenting  
them, the action taken on them, or the  
committee to whom referred. It is my duty  
to see that every action of the senate relat-  
ing to any bill or resolution is accurately  
set forth before it is sent to the engrossing  
clerk to be prepared for the house of rep-  
resentatives. I always call the roll of the  
senate on a yeas and nays vote. During the  
passage of the tariff bills of 1883 and 1890,  
including the consideration of the Mills  
bill, I called the roll about 700 times.

HARRISBURG REJOICES.—Salem States-  
man: J. G. Kelly of Eugene has secured  
the contract for constructing a ditch for  
the Harrisburg Ditch company, the contract  
price being \$8500. The ditch is to tap the  
Willamette river and will be a little over  
two miles long. Work will begin in a few  
days, and will be completed in a few  
months. Mr. Kelley was the superintendent  
of construction of Roseburg's sewer system  
and is a competent engineer in every respect.

Another Story.—Gray & Son, this  
morning, concluded to make their  
building on Ninth street a two-story  
structure instead of one, and has let  
the contract for the additional story to  
F. T. Whitcomb. The front of the  
building will be of steel and galvanized  
iron, similar to the Rankin block.

STOLEN BY A CHINAMAN.—  
SALEM, Or., Sept. 29.—There is a story  
in circulation that Mary Kemp, the girl  
who disappeared Tuesday, came to Salem  
to meet a Chinaman with whom she fell in  
love while picking hops on a plantation  
near her home. He is said to have given  
her money and it is also said there were  
witnesses to their engagement.

WORK ON THE ANNE MINE.—Oregonian:  
Dr. E. F. Hammell, one of the principal  
stockholders in the Annie Consolidated  
Mining Company, of Cottage Grove, is at  
the mine. He states that the shaft in the  
mine has been sunk to a distance  
of 400 feet, and that the ore is looking bet-  
ter the deeper the shaft is sunk. The An-  
nie mine is today one of the best paying  
properties in Southern Oregon, and Dr.  
Hammell is justly proud of his property.

3,000 BALS.—T. D. Linton informs us  
that the total output of the hop crop in  
Lane county will amount to about 3,000  
bales this year. An average yield would  
have been 5,000 bales. As yet, practically  
none of the crop has been sold. All of the  
hops raised in the county, excepting 300 or  
300 bales will be stored in Eugene.

THE ELECTRIC ROAD.  
The Agreement Prepared for Sub-  
scribers—Subscriptions Be-  
ing Taken.  
Daily Guard, Sept. 30.  
The committee appointed to solicit sub-  
scriptions towards building an electric street  
railway line between Eugene and Spring-  
field have done some work in the premises.  
For a sufficient reason the stock scheme at  
first suggested has been changed to a sub-  
scription. The following is the agreement  
under which subscriptions are received:  
We, the undersigned, hereby nominate  
and appoint F. L. Chambers, our attorney  
in fact, and promise, covenant and agree,  
one in consideration of the other, that we  
will subscribe and pay to him the sum set  
opposite our several names on the first day  
of December, 1892, and he shall receive,  
and hold the same in his name on deposit  
in some responsible bank in Eugene, Ore-  
gon, which will pay the highest amount of  
interest thereon until Jan. 1st, 1894, or  
such time before as hereinafter stated.  
And if the Eugene and Springfield  
Electric Light and Power Co. of Eugene,  
Oregon, shall on or before the 1st day of  
January, 1894, build, construct and equip a  
motor line from Eugene, Oregon, to Spring-  
field, Oregon, and shall have the same in  
operation suitable for the transportation  
of passengers, on or before the 1st day of  
January, 1894, then on the completion and  
operation of the same, we authorize and di-  
rect our said attorney to pay over to the  
proper officer of said company the said sum  
of money so subscribed by us.  
But if said company shall fail to build,  
construct, equip, and have running said mo-  
tor line, from Eugene, Oregon, to Spring-  
field, Oregon at west end of the bridge by  
the 1st day of January, 1894, then the said  
F. L. Chambers shall pay back to each of  
the several subscribers hereto the amount  
of money so subscribed and paid with the  
interest which may have accumulated on the  
same so severally paid.  
It is further provided that nothing herein  
contained shall make either of the subscrib-  
ers a member of said company or liable for  
any debts it may contract.  
The subscriptions to noon today aggreg-  
ate \$1150 as follows:

Hovey, Humphrey & Co..... \$250  
First National Bank..... 250  
J. H. McClung..... 250  
M. Svarverud & Co..... 100  
M. Starr & Griffin Hardware Co..... 100  
F. L. Chambers..... 100  
E. J. Frasier..... 100

Springfield Items.  
Messenger, Sept. 30.  
Perry Long has purchased James Lax-  
ton's interest in the meat market, and the  
firm will hereafter be, Holley & Long.  
Mail catchers have been placed on the  
mail cars along this route, and cranes are  
being erected at all the principle stations.  
We understand the Free Methodists will  
hold a street meeting at the corner of Mill  
and Main streets, Sunday afternoon about 3  
o'clock.  
M. O. Warner of Eugene, who has the  
reputation of being a first-class and honest  
piano tuner, was in town Monday repairing  
a piano recently "fixed" by traveling Tuner  
Allen.  
The second carload of track-laying tools  
has been brought to Springfield and stored  
in the depot. In our opinion this is con-  
clusive evidence that work is soon to begin  
on the extension.

H. L. Wood, formerly a representative to  
the Michigan legislature from Gratiot  
county, and son, have each secured a fine  
timber claim in the recently surveyed dis-  
trict on the McKenzie. Seven other claims  
have been taken since the survey was made,  
and four other parties are after land.  
Died, at his home on Cedar Flat, Thurs-  
day morning, Sept. 29, 1892, at 30 o'clock,  
James Paxton, of typhoid fever, aged 41.  
Deceased leaves a wife, two children and  
many friends. Funeral services will be  
held at Thurston today at 1 p. m. conduct-  
ed by Rev. Olds, and the remains placed in  
Coyote cemetery.

Notice of New Survey.  
Notice is hereby given that the ap-  
proved maps of the following new sur-  
veys have been received at this office,  
to-wit:  
All of T 31 S R 3 E; all of T 31 S R 2  
E; the heretofore unsurveyed portion  
of T 33 S R 2 E, as follows: Sections  
11, 12, 13, 14, 15, 16, 19, 20, 21, 22, 23, 24,  
25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36,  
and the S 1/2 of Sec 10, S 1/2 and N E 1/4  
of Sec 17.

The plats of the above mentioned  
surveys will be filed in this office on  
the 23rd day of November, 1892, and  
on and after said date of filing we will  
be prepared to receive application for  
the entry of said lands.  
JOHN H. SHUPE,  
Register.

scribers—Subscriptions Be-  
ing Taken.  
Daily Guard, Sept. 30.  
The committee appointed to solicit sub-  
scriptions towards building an electric street  
railway line between Eugene and Spring-  
field have done some work in the premises.  
For a sufficient reason the stock scheme at  
first suggested has been changed to a sub-  
scription. The following is the agreement  
under which subscriptions are received:  
We, the undersigned, hereby nominate  
and appoint F. L. Chambers, our attorney  
in fact, and promise, covenant and agree,  
one in consideration of the other, that we  
will subscribe and pay to him the sum set  
opposite our several names on the first day  
of December, 1892, and he shall receive,  
and hold the same in his name on deposit  
in some responsible bank in Eugene, Ore-  
gon, which will pay the highest amount of  
interest thereon until Jan. 1st, 1894, or  
such time before as hereinafter stated.  
And if the Eugene and Springfield  
Electric Light and Power Co. of Eugene,  
Oregon, shall on or before the 1st day of  
January, 1894, build, construct and equip a  
motor line from Eugene, Oregon, to Spring-  
field, Oregon, and shall have the same in  
operation suitable for the transportation  
of passengers, on or before the 1st day of  
January, 1894, then on the completion and  
operation of the same, we authorize and di-  
rect our said attorney to pay over to the  
proper officer of said company the said sum  
of money so subscribed by us.  
But if said company shall fail to build,  
construct, equip, and have running said mo-  
tor line, from Eugene, Oregon, to Spring-  
field, Oregon at west end of the bridge by  
the 1st day of January, 1894, then the said  
F. L. Chambers shall pay back to each of  
the several subscribers hereto the amount  
of money so subscribed and paid with the  
interest which may have accumulated on the  
same so severally paid.  
It is further provided that nothing herein  
contained shall make either of the subscrib-  
ers a member of said company or liable for  
any debts it may contract.  
The subscriptions to noon today aggreg-  
ate \$1150 as follows:

Hovey, Humphrey & Co..... \$250

Springfield Items.  
Messenger, Sept. 30.  
Perry Long has purchased James Lax-  
ton's interest in the meat market, and the  
firm will hereafter be, Holley & Long.  
Mail catchers have been placed on the  
mail cars along this route, and cranes are  
being erected at all the principle stations.  
We understand the Free Methodists will  
hold a street meeting at the corner of Mill  
and Main streets, Sunday afternoon about 3  
o'clock.  
M. O. Warner of Eugene, who has the  
reputation of being a first-class and honest  
piano tuner, was in town Monday repairing  
a piano recently "fixed" by traveling Tuner  
Allen.  
The second carload of track-laying tools  
has been brought to Springfield and stored  
in the depot. In our opinion this is con-  
clusive evidence that work is soon to begin  
on the extension.

H. L. Wood, formerly a representative to  
the Michigan legislature from Gratiot  
county, and son, have each secured a fine  
timber claim in the recently surveyed dis-  
trict on the McKenzie. Seven other claims  
have been taken since the survey was made,  
and four other parties are after land.  
Died, at his home on Cedar Flat, Thurs-  
day morning, Sept. 29, 1892, at 30 o'clock,  
James Paxton, of typhoid fever, aged 41.  
Deceased leaves a wife, two children and  
many friends. Funeral services will be  
held at Thurston today at 1 p. m. conduct-  
ed by Rev. Olds, and the remains placed in  
Coyote cemetery.

Stolen With a Chinaman.  
SALEM, Or., Sept. 29.—There is a story  
in circulation that Mary Kemp, the girl  
who disappeared Tuesday, came to Salem  
to meet a Chinaman with whom she fell in  
love while picking hops on a plantation  
near her home. He is said to have given  
her money and it is also said there were  
witnesses to their engagement.

WORK ON THE ANNE MINE.—Oregonian:  
Dr. E. F. Hammell, one of the principal  
stockholders in the Annie Consolidated  
Mining Company, of Cottage Grove, is at  
the mine. He states that the shaft in the  
mine has been sunk to a distance  
of 400 feet, and that the ore is looking bet-  
ter the deeper the shaft is sunk. The An-  
nie mine is today one of the best paying  
properties in Southern Oregon, and Dr.  
Hammell is justly proud of his property.

3,000 BALS.—T. D. Linton informs us  
that the total output of the hop crop in  
Lane county will amount to about 3,000  
bales this year. An average yield would  
have been 5,000 bales. As yet, practically  
none of the crop has been sold. All of the  
hops raised in the county, excepting 300 or  
300 bales will be stored in Eugene.

CORVALLIS BAPTIST ASSOCIATION.  
Thirty-Sixth Annual Meeting Closed  
Saturday.  
Messenger: The association finished  
its labors, Saturday evening, many of  
the delegates returning to their re-  
spective homes feeling that they had  
been profited by attending the delibera-  
tions. Saturday morning at 9:30, the  
work of the day began with devotion-  
al exercises; reports of committees  
were made as follows:  
Temperance, by J. C. Richardson.  
The report brought out some earnest  
speeches. Education, Professor Bailey;  
tobacco users were handled without  
gloves.  
At 11 o'clock, Rev. Mark Noble  
preached an excellent sermon from the  
text, "Go Forward."  
The afternoon opened with devotion-  
al exercises. The committee on next  
place of meeting brought in their re-  
port in favor of Fair Oaks, which was  
adopted. Rev. J. C. Richardson was  
chosen to deliver the next annual ser-  
mon. This was followed with a ser-  
mon by the Rev. Moore of the Baptist  
Sentinel. The report of the women's  
foreign mission was then made, follow-  
ed by the report on religious literature  
by Rev. Richardson. In the evening,  
Rev. Leonard, late of Missouri con-  
ducted the service. The association  
then adjourned to meet on Thursday  
before the fourth Sunday in September  
1893. Rev. C. M. Hill, of Portland,  
preached an eloquent sermon Sunday  
at 11 o'clock to a crowded house. Rev.  
Moore, of the Sentinel preached at 3 p.  
m. and Rev. Richardson at 7:30 p. m.  
Two conversions, one addition to the  
church is one of the results of the  
meeting. There are 100 Baptist  
church organizations in the state with  
fifty ministers and 6000 members.  
Fifty-five dollars were raised for mis-  
sions. Two new churches were added  
during the year, from Riddle and Cot-  
tage Grove. Rev. Milan of this place  
will fill the Cottage Grove appoint-  
ment.

At Low Water Again.  
The late rain caused the Willamette  
river at Eugene to raise a few inches but  
it has again fallen to the low water  
mark. Concerning the condition of this  
stream above Oregon City, a paper of  
that town says:  
The steamers Manzanillo, Elwood  
and Modoc are now busy on the river  
carrying grain, flour, hops and mer-  
chandise, and have all they can han-  
dle. The late rains raised the water  
above the falls about eight inches and  
below nearly two feet, but this was  
hardly enough to warrant the steamers  
in going up to Salem. They ply from  
the Yamhill down. The improvement  
at the falls has had the effect of ris-  
ing the water some twenty-six miles  
up stream so that it is a perceptible aid  
to navigation. The coffee dam, how-  
ever, raises the water more than the  
permanent dam will, the latter only  
raising the water about a foot at the  
brink of the falls. But that raise will  
be of considerable benefit to navigation  
above the falls during the low water  
season for it only takes a few inches to  
make the difference between poor and  
easy running for the light draught up-  
river boats.

Coburg Items.  
The farmers are all busy plowing.  
O. E. McDonald, of Silverton, spent  
several days here this week, calling on  
friends.  
O. G. McCulloch and A. L. Bennett,  
of Brownsville, spent Wednesday  
night in Coburg.  
Mrs. W. S. Mayberry who has been  
visiting her sister in Eugene, Mrs. D.  
V. S. Reid, returned home Wednes-  
day.  
Charles Cochran is putting up a neat  
little cottage north of town.  
The painter informed the directors  
today that the paint would not be dry  
enough to permit the use of the house  
for dedicational purposes next Satur-  
day, hence it will not be dedicated un-  
til Saturday week. We are all sorry  
that it has to be postponed, but it can't  
be helped.
