A Row.—On Tuesday of this week a row occurred at this place between Billy Stewart of Cornelius and the stage driver, Billy Corbett. Stewart got into the stage bound for Portland, when the driver demanded the fare. Stewart claimed that the driver owed him. The driver after some words ordered Stewart out of the stage and the latter refusing the driver jumped up into the stage in front and pushed a cocked pistol into his face. Then Stewart got out pulled off his coat and said he could whip the driver. Then Corbett jumped out and went around to the other side of the stage where they met and Corbett drew his pistol on him again. Here they parleyed awhile when Stewart attempted to get into the stage and the driver told him if he did he would shoot him. Other parties interfered and took Stewart away. Both men had been drinking.

SOLD.—In the Woolly school district a tax was levied recently for school purposes and Henry Davis was a delinquent. The Directors sold some cattle which they thought to be his but which he stoutly disclaimed. Ten head of cattle were sold to pay the tax and were shot down on Davis' premises and butchered. Now it turns out that Davis did not own the cattle aforesaid but that they belonged to another party who will doubtless go after those Directors' scalps.

FEASTS.—On last Saturday the P. of H. of this place indulged in a splendid collation at their hall. An extraordinary good time was had. Everybody enjoyed himself according to his capacity. The Patrons seem to be in good spirits and aver that if they cannot sell the products of the farm they will do their best to eat them up. Who has a better right to live on fatness than the man that works for it?

ROBBERY.—Last Sunday while Mr. Garrison of this neighborhood was attending the funeral of John, son of Mr. R. Imbrie, some one entered his house and stole \$316 25 in which he had carelessly left in his house. It is thought that the thief was well acquainted with the premises, for he seems to have gone to where the money was secreted without disturbing anything else.

A son of Michael Wren has put in an appearance from the Stiecken and says the weather was very cold when he left the last of October. Feet selling for 25 cents per pound. A good many talk of wintering up to it.

Shirley Tozier went down into the lower part of the county last week and he found the roads obstructed in several places with fallen trees which had been blown down by the high winds last week.

The Hillsboro Park Association held a meeting Tuesday and an assessment of fifty per cent. was levied on the capital stock. The Secretary was ordered to collect, and pay the dues of the Association.

D. L. LUBIN of Cornelius has rented the Tualatin Hotel in this place and will open business next month. Mr. Turpin is an enterprising man and knows how to keep a hotel.

J. M. ANDERSON proposes to erect a neat and commodious dwelling on the land he bought last week near the M. E. Church. A part of the material is already on the ground.

TOO BAD.—A little after daylight on the morning of the 18th, two dogs got after sheep of Mr. Ira Purdin who lives about two miles north of Forest Grove and destroyed about twenty-five of them. One of the dogs was evidently an old sinner as he would bite the neck of a sheep and hold on until he had sucked all the blood out of it and then put out after another. L. C. Walker was the first to discover them as he was going to school lunch basket in hand. He made some of the best time on record on Uncle Ira's stubble and as he got near uttered such an unearthly yell that the dogs concluded to leave. One of the dogs was recognized and killed by Mr. Purdin at the request of the owner. The other, the old sinner, is still at large.

Two perfumists of the species *Miphitis Americana* went into the perfumery business in W. D. Pittenger's woodshed lately, and Pittenger, assisted by the Hillsboro attorney, T. H. Tongue, by authority of the general principle, that self-defense is the first law of nature, provided there is no statute to the contrary, assailed the perfumists with malice prepense and murder aforesaid and did there and then shoot and kill said two perfumists. And since said killing Messrs. Tongue and Pittenger have been deodorizing, but the scent of the skunks will hang round them still.

TALMAGE'S PAPER.—THE CHRISTIAN AT WORK (New York) ranks with the best of the religious weeklies. Dr. TALMAGE is its active editor, and his sermons are published exclusively in its columns. The terms, \$3.25 per annum, cover everything, including postage and delivery of the new premium, a "Portfolio of Twelve Gems," or a copy of Landseer's "Twins." Without the premium it is only \$3 per annum, postage prepaid, as above. Agents will find this a success.

FAILED AGAIN.—The Hillsboro Debating Club failed to meet again this week. The night was stormy and home firesides pleasant. We hope that the members will come out next Tuesday evening and effect an organization. The nights are long now and young men should improve the time in cultivating the power of public speaking.

MR. ED. BAILEY at Dr. Boyce's drug store went to put out the lamp the other evening and the fire went down into the bowl and rushed out by the wick in a flame but fortunately did not explode. Mr. Bailey hunted for a safe place under the counter.

CUT DOWN IN THE BLOOM OF YOUTH.—We are called upon to chronicle the sad intelligence of the death of one of our noble youths; one who will long be missed but not forgotten, by many and sympathizing acquaintances, friends, and relatives. John I. Imbrie, son of Robert Imbrie living five miles east of Hillsboro, Washington county, died at his father's residence on the 20th inst., after a most severe and protracted spell of sickness. Deceased was in the 18th year of his age and was highly esteemed by all who knew him for his intelligence, vivacity, industry and noble qualities generally. We know of no one more universally respected than was the deceased. He leaves many friends and relatives, besides his greatly bereaved parents, brothers and sisters, to mourn his early death.

A CLOSE CALL.—On last Friday afternoon one of Mr. Steeples' and one of Mr. Crocker's boys were out hunting for game. After the boys had separated Mr. Steeples imagined that he heard a deer coming through a thicket and drew his gun to his face ready to shoot as soon as anything appeared. Only a moment more and he would have fired. As quick as a flash the thought came to him that it might be Crocker and he gave a low whistle and sure enough it was answered by his companion who emerged from the brush.

THE Road Supervisor of Hillsboro road district reports that he has examined the long bridge on the road to the Grove and finds the timbers reasonably sound but thinks it will not justify a new cover. Has examined the Woolly bridge. Finds the timbers perfectly sound and that it will take 1,000 ft. of lumber to make the covering good.

THE Road Law makes it the duty of Road Supervisors to see that guide-boards are placed at the forks of every public road indicating the distance and directions of some prominent point on each road. How many guide-boards are there in Washington county?

MR. JACOB HOOVER Sr. has sold his entire lot of common sheep and proposes buying a lot of the pure bloods. He could not do better than to visit Mr. Reed's farm before purchasing.

FESTIVAL.—The Good Templars of this place had a festival at their hall on Saturday night. A splendid time it was. The temperance folks are wide awake and quietly at work.

THE Forest Grove Debating Society holds its regular meetings in the M. E. Church as of yore.

TUMOR REMOVED.—Dr. Bailey assisted by Dr. Givens removed a large tumor of long standing from the shoulder of a lady at the Wilcox farm. The tumor weighed twenty-two ounces. The operation only required a very short time. This tumor had been examined by physicians from Pennsylvania to Oregon and pronounced incurable.

MOLINE PLOWS.—For the last six months or more our farmers have been put to considerable expense and trouble on account of the mold-boards of their Moline plows breaking. These plows have proven to be poorly constructed. They are entirely too light for the work, and on trial are found to last only for the first lay.

IMMENSE excitement! Bachelor's Hall, alias Clarendon hotel, sold out-busted-wound up-ker-flummuxed-fizzled. Thomas & Kitchen proprietors, chief cooks and bottle-washers. Persons indebted to this firm will please settle immediately as they wish to lay in a new stock of spuds, tin plates and clean dish-rags.

SOLD.—Monday evening at Bailey's drug store Frank O'Connor and John Thomas agreed to give Steve Scoggin's boy 50 cents if he would take it out of a basin of water connected with a galvanic battery. Young Scoggin captured the four bits easily and O'Connor and Thomas couldn't see where the larf came in.
