SPECIAL NOTICES.
Dr. L. J. Czapka.—We would direct the special attention of invalids to a personal of Dr. L. J. Czapka's advertisement, to be found in another column of this paper, in order to place the services of a learned and experienced physician within their reach.—So much ill has been inflicted on the human family from the pernicious and ignorant practices of empirics, that it seems as if we were fulfilling a bounden duty to make known where relief can be obtained. To those unfortunate enough to suffer from the effects of sexual or private diseases, or their ill treatment, we cheerfully commend Dr. L. J. Czapka as a man of rare scientific and medical acquirements, possessing all the requisites, from long experience and acknowledged skill, for the successful practice of his profession. Having made sexual complaints an especial study, like the celebrated Ricord, of Paris, he is enabled to guarantee a permanent and speedy cure in all cases of private or chronic disease, whether the effect of contagion, self-abuse, or loss of virility; and in order that patients at a distance may avail themselves of his advice, free consultation by letter is open to them.—The knowledge that we have of the numerous cures he has effected, some of which were of long standing, leads us to place much faith in Dr. C.'s efficacy, and commends him to the confidence of those in ill health. Dr. Czapka's office is in Sacramento street, below Montgomery, nearly opposite the Pacific Mail Steamship Co.'s office, San Francisco. 11 23m3

CONSULTATION GRATIS.—The extensive practice which Dr. J. C. Young has acquired in California is to be attributed in a great measure not only to his skill and experience, but to his liberality. Persons afflicted with any disease cognizant in his branch of pharmacy, may consult him at his office, any day, free of charge. When addressed by letter, where a written answer is required, the usual fee (\$10) will be exacted. Office hours, from 10 o'clock A. M. to 5 P. M. Invalids placing themselves under the charge of Dr. Young can rely upon a speedy and permanent cure. The Doctor's uniform practice has been to take no pay unless a cure is effected. "No cure, no pay," is his motto. Letters and certificates innumerable, from those who have been cured of long standing chronic diseases under his treatment, are always open to the inspection of the public at his rooms. His medical ability is able and thoroughly demonstrated in his numerous medical works, copies of which can be had at his office. Having been voted an honorary member of the Royal College of Surgeons, London, the highest surgical body in existence, he feels confident that his services cannot fail to be appreciated in a discerning community. PHYSIO-MEDICAL INFIRMARY.
A. B. OVERBECK, M. D.
I TAKE THIS METHOD OF Informing the Public that I have fitted up, at my residence at Pleasant Grove, two miles east of Jacksonville, a suitable building for the reception and treatment of persons afflicted with any form of disease. Patients will be boarded and treated at this Infirmary at prices varying with their conditions and wants. Those who cannot remain in the Infirmary will be examined and provided with medicines and directions peculiar to this system—a mode of treatment by which thousands have been cured and restored to health—at very moderate charges.
I have simple arrangements for the administration of the various kinds of Baths—medicated, vapor, warm, cold, &c.
The distinguishing feature of the Physio-pathic Practice consists in the administration of an innocent medication. All agents, whether mineral or vegetable, that are known to act as poisons, are rejected from my practice. The Physio-pathic practice signifies the treatment of disease with agents that act in harmony with the recuperative powers of nature.
N. B.—No person will be received at the Infirmary who cannot furnish good guarantee of payment.
BATHS!
The public generally will be accommodated at any time with any of the above specified Baths. The Bathing-room and tubs are lined with zinc, and will be entirely free from taint.
