Jacksonville, Oct. 20, 1862.

Semi-Weekly Sentinel.

BY OVERLAND TELEGRAPH.

(TELEGRAPHED TO YREKA FOR THE SENTINEL.)

Washington, Feb. 15.—A foraging party of a Michigan regiment camped at Nolansville, had a severe skirmish with two companies of Forest's command, yesterday, in which they were successful.

Immense supplies are being forwarded to the army by railroad, which is heavily guarded the whole distance to Martinsboro.

New York, 17th.—We have nothing of importance regarding the reported military movements of the Army of the Potomac.

The *Heath's* Port Royal correspondent says a difficulty had occurred as to the right to command the troops in Foster's division, at Port Royal. Foster insisted that, within the jurisdiction of Hunter's department, the supreme command of his men was still vested in himself, as they bring the 18th army corps. However, Hunter has assumed the command of the troops, regarding that as reinforcements to the 19th army corps, of which he is chief, and has requested the division commanders to report to him.

The *World's* Washington special dispatch says that Fremont goes to Texas with a command, independent of the Department of the Gulf.

Richmond papers of the 17th contain the following: "Charleston, 14th.—A French steamer passed yesterday from Baltimore. The frigate Ironsides maintained her position permanently with the blockade, aiding the squadron of this port. A Yankee picket captured yesterday evening thinks there will be an immediate attack on Charleston."

Washington, Feb. 17th.—The President sent a message to the House yesterday, with a statement by the officers of the Department of the Interior, regarding the causes of the Indian outbreak in the Northwest. They give no adequate cause for the outrage. The evidence of the premeditated design on the part of the Indians is not satisfactory.

Cairo, 17th.—On Wednesday a scouting party met a body of rebels five miles back of Lake Providence. An engagement ensued, in which a number of the enemy were killed and 31 captured; among the latter a Colonel and General. Wagons and horses were also captured.

Louisville, 17th.—Gen. Davidson has received a letter from a scouting party at Batesville, saying that Hindman's army was utterly demoralized and totally inefficient. A majority of the people of Batesville are in favor of a permanent occupation by the Federal army. The latter adds that Hindman had been ordered to evacuate, but his men refused to go. Three hundred of his men were frozen to death on the route from Van Buren. A number of deserters escaped in the cane-brakes in the vicinity of Vicksburg. Marmaduke has stripped the country of horses and mules.

New York, 18th.—A special Washington dispatch says Secretary Chase has written a letter to the Sub-Treasurer of California, declaring that the direct tax of that State can be paid legal tenders.

Memphis, 14th.—The new gunboat *Indiana* followed the example of the *Queen* of the West, and ran the blockade at Vicksburg.

It is said that there are 1,000,000 bales of cotton below Helena, awaiting Gen. Grant's permission to be shipped.

New York, Feb. 18th.—The *Times* special dispatch says Gen. Leman, from Charleston, states that large numbers of troops were recently collected there, to defend the city. Citizens generally left, in anticipation of an attack from the Federals. He thinks the city cannot be captured without a severe struggle. A mutiny recently took place in three North Carolina regiments. The ring-leaders were shot by Beauregard's orders.

Advices from New Orleans say that, on January 28th, the gunboat *Owassa* was dispatched to Galveston, with orders to run into the harbor and examine carefully, without drawing the fire from any batteries that might have been erected. She has returned, and reports that the *Harriet Lane* is still there, and it is certain that she is disabled.

Cairo, 18th.—A military Commission is now in session in St. Louis, investigating the administration of affairs at Island No. 10 and New Madrid. All telegraphic reports from here in regard to the matter have been suppressed by the military authorities.

Vicksburg, 11th.—There are many indications to-day of an immediate movement, which seems independent of the army. Perhaps the Haynes Bluff batteries are to be attacked. There seems to be no reason why such a movement should not be inaugurated. The army is quiet; considerable sickness continues to exist, small-pox being the principal disease.

San Francisco, 19.—Private advices from New York quote gold at 61 premium.

Last Night's Dispatch.

San Francisco, Feb. 23.—Steamer *Pacific* from the North arrived last night. No news of importance.

New York, 21.—Four hundred sailors left yesterday for Admiral Porter's Mississippi fleet.

New Orleans advices state that Colonel Payne, Acting Brigadier General, left Baton Rouge on the 7th with three transports, conveying four regiments, disembarked at Plaquemine Bayou, and marched inland seven miles to an Indian village, composed of about six miserable cabins; arriving at midnight the troops camped for the night. The steamer *Iberville* followed with the stores and tents and a

guard of cavalry by way of Plaquemine Bayou. Sixty-three of our regiments are encamped at no great distance from a crevasse which has already submerged some adjacent woods. Two weeks ago this village was occupied by a band of guerillas, who were driven off by a company of U. S. cavalry. The *Iberville* took on board upwards of \$50,000 of sugar and molasses from the neighboring plantations, who were rejoiced at the opportunity of sending it to New Orleans. It now lies at the levee of this city.

Washington, 20.—Simeron Cameron has addressed a letter to President Lincoln declining the Russian mission, and intimating that he may serve his country in a military capacity. Gen. Clay therefore returns to St Petersburg.

Three days ago a secret interview was said to have taken place between Mons. Mercier and President Lincoln, in which, if I can trust my informant, matters of the greatest moment were discussed. It is reported in diplomatic circles that the President denies having any share in the preparing of the document written in reply to Mons. Drougines proposition, farther than to have expressed in Cabinet Council that the time for listening to the kind suggestions of France had not yet arrived.

Scouts report Gen. Fitz Hugh Lee to be at Culpeper with 8,400 cavalry. His pickets extend nine miles to Hazel river, and on the road to Warrenton and the Rappahannock. No rebels are now north of these two points, except White's guerillas near Leesburg.

Col. Baker's detectives have returned with twelve persons engaged in running the lines, upon one of whom was found \$9,000 in notes on Southern banks, and \$5,000 in gold. They had papers from General Wilder to go beyond the lines, but not to go beyond Lee's army.

General Rosecrans telegraphed the War Department a day or two ago that rebel officers under a flag of truce remarked, "You have got Vicksburg at last." No confirmation is had and the report is doubted.

New York, 21.—The Chamber of Commerce adopted resolutions in favor of letters of marque against the Alabama and Florida, and other piratical vessels, and a memorial to the Secretary of the Navy whether the defences of New York harbor are sufficient.

FINE MORGAN STALLION.—Mr. Samuel Daniels has on exhibition, at Clogage & Drum's Livery Stable, a fine Morgan Stallion, and he invites the attention of all those interested in fine stock to call and see his horse. We find the following notice of his horse, called "Vermont," in the *California Spirit of the Times*, under date of March 1861. During the holding of the State Fair, at Sacramento, in September last, and at the Bay State Agricultural Fair, in this city, October following, the opinion of all good judges was, that in those points in a horse which indicate blood, power and speed, "Vermont" was only second to "Rattler." He is finely built up, and natural, and stands full sixteen hands high, and weighs 1,100 lb., his color is a dark dapple bay, and shows finely. He is seven years old. The first race ever made by Vermont, was at the Yold track, during the State Fair, when he trotted for the Society purse of \$400, when he made 2:45 and 2:44.

Vermont was sired by Independence, and raised by J. M. Richardson, of Waltsfield, Vermont. Independence was sired by Vermont Black Hawk, he by the Sherman Morgan, and he by the original Justin Morgan. Vermont's Dam was sired by Gifford, he by the world renowned Woodburg, and Woodburg by the original Justin Morgan. Daniels proposes to stand Vermont in this valley, the coming season, if sufficient inducements are offered to him so to do.

A BULLET IN A MAN'S HEAD FOR SIXTEEN YEARS.—Mr. John Eldridge of this city, was in the Mexican war. At some battle during the war he received a ball once ball shot in the outer corner of his left eye. The surgeons at the time told him that the ball had glanced and passed outwardly. Last Thursday night, Mr. Eldridge woke up about one o'clock and found the ball in his mouth. It has been lodged in the roof of his mouth in the shape of a lump, for the last two years, but supposing the attending surgeon at the time he received the wound knew best, he has never imagined that he had "a lead mine in his head." The bullet was flattened wedge-like, having on one side of it a sharp ridge. During all this time Mr. Eldridge has never experienced any inconvenience from the lodgment of the bullet in his *calcazo*.—*Yreka Union*.

At the battle of Fredericksburg, a Fire Zouave—a stout, athletic fellow—came rushing down to one of the bridges, and attempted to run over it. A Lieutenant checked him with his drawn sword. "Stop, sir, go back to your regiment, you infernal coward; you are not wounded." For heaven's sake, let me pass," implored the fugitive; "I know I'm not wounded, but I'm fearfully demoralized." The novelty of this appeal won the day. The Fire Zouave was allowed to go as far from under the fire as he chose.

P. P. P.—PRINTING PRESS—PULPIT AND PETTICOAT.—These are the great levers that govern the world. Without them the bottom would fall out, and society would become a chaos again. The press makes people patriotic, the pulpit religious, but woman aways all things. There would be no going to church if there were no girls there; neither would there be any going to war were the soldiers to meet with no applause but from the masculines. Without the sunshine shed by woman, the rose of affection would never grow, nor the flowers of eloquence germinate. In short, she is the engine of life, the great motive power to love, valor, civilization. In proof of this truth all history speaks trumpet-tongued.

Valuable Ditch Property
FOR SALE.

THE UNDERSIGNED OFFERS for sale his valuable property, situated 12 miles from Jacksonville, in Jackson county, Oregon, on the Crescent City road, consisting of the following:

TWO MINING DITCHES—the one on the south side of Applegate creek is about nine miles long, and the one on the north about six miles long, each capable of containing from twelve to fifteen hundred inches of water. Both ditches are in complete order, and are situated in a mining district that pays wages, and which is almost inexhaustible.

DWELLING-HOUSE, &c.—There is also a comfortable two-story dwelling-house, suitable for a public house, and well located, with a stable, store-house and ware-house, and convenient out-buildings. There is several acres of land adjoining, suitable for a garden or vineyard.

This is an opportunity seldom to be met with to get a comfortable homestead and make money, as the proprietor will sell very reasonable and make the terms easy.

For particulars apply to the undersigned, on the premises, or to JAS. T. GLENN, in Jacksonville. WILLIAM W. FOWLER, Jacksonville, Jan. 31, 1863. jan31m2
