## Beligious Motices.

Father Blanchet will hold divine serviers at the Catholic Church to-morrow at the usual hour.

THE course of true love never runs smooth," is an old saying, the truth of which is confirmed by each day's experience. We noticed in our town, last week. an unfortunate pair, whom the jealous prosecutions of parental solicitude had driven from a neighboring State, to throw themselves on the liberality and mercy of the laws of Oregon. But their sarmest hope was doomed to of the men who had been entrusted with the high responsibility of legislating for the best interests of the country having felt the evils arising from the too liberal allowance of discretion to young and susceptible girls in the matter of choosing for themselves, under then existing laws and circumstances, having taken means for future security, our young guests found themselves under the necessity of returning aithout consumating their cherished hope. In vain the would-be spouse besought the grim, old Chief of the Clerk's office for a license. That functionary's clear perception of official daty and responsibility decidedly outwighed his sympathies with distress, and he was constrained to tell him, his was a case of hardship entirely beyond his power to afford relief. While this is "a rengeance on the past, it is a lessen for the future."

LATER. - Married, at Cottonwood, Cal, at noon, on Friday, October 8th. Mr. H. C. Zarey to Miss Pleane, daugh ter of L. R. Parker. Having weath ered the storm and passed the breakers may the current of their happiness rut deeply through a long and useful tu

Ton THUMB.-Tom Thumb and his troupe of little folks appeared before the public last Monday afternoon at 2 o'clock, and again in the evening at 8 o'clock. The hall, where they exhibited, was crowded by spectators from all parts of the county, of all ages, sexes, and conditions. The whole performance was a success. The little pigmies all displayed intelligence beyond public expectation, while Commodore Nutt achieved a'decided reputation by is drolleries and wittie not help wondering at the audacity of such little souls in coming so long a journey through a country like this. They seemed, however, to comprehend the situation, and to meet even the most novel inconveniences very much as matters of course, in the true spirit of that philosophy which teaches man's independence of circumstances. To Miss Minnie Warren we would apologize for the want of gallantry dis played by little Philip M. in refusing to kiss her when permission was of tered. Beveral juveniles, of about the same age, who were absent at the time, are hugely indiguant ever the matter, and declare, if she ever returns, they said in extenuation of Philip's conduct that while all the "big boys" around were so confoundedly sheepish, they ought not to expect anything more from a little fellow under the circum-

DR. PLUMMER .- This gentleman, whose card appears in another column of to-days issue, has concluded to make Jacksonville his future home. This determination, on his part, will be in every way acceptable to the public generally. To those in health the Doctor will prove a genial and instructive companion, and to the sick a faithful messenger of health and hope. We bespeak for his upright character, unwearying attention, thorough knowledge, and long experience, a liberal and temunerative patronage.

NEW ADVERTISEMENT .- To-day's isue contains Sachs Bros.' semi-annual proclamation, setting forth the many articles and wares offered for sale by that enterprising and liberal firm; but to pass a correct and full judgment everybody should go and see for themselves. Seeing is believing.

Tur Pacific Sewing Machine Co. offers sewing machines cheap for cash. C. W. Savags, Suc'r.

Soldiers .- Capt. Goodell passed through town, a few days since, with a company of infantry, on his route from Crescent City to Fort Klamath. The "boys" looked somewhat dusty and fatigued from their journey, but in their general demeanor, while passing through town, exhibited the character istic dignity and dicpline of American soldiers. A pleasant journey and safe arrival at their destination is the wish we send after them.

STOVES .- Winter is near on hand, and those in want of a good stove, or any other article usually to be had in a Tin and Hardware store should call on Hoffman & Klippel, who keep a full and complete assortment. They have just received a new lot of goods.

GOODS FOR FORT KLAMATH.-Geo. Nourse, from Fort Klamath, is in town, loading his train of mules with goods for his store at the Fort.

# Hair Vigor,

For restoring Gray Hair to its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. Faded or gray hair is soon restored to its original color teith the gloss and freshness of youth. Thin hair is thick-

ened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sedi-ment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor cau only benefit but not harm it. If wanted

Ayer's Cathartic Pills.

Perhaps no one medicine is so universally required by everybody as a cathartic, nor was ever any before so universally required by everybody as a cathartic, nor was ever any before so universally adopted into use, in every country and among all classes, as this mild but efficient purgative Pill. The obvious reason is, that it is a more reliable and far more effectual remedy than any other. Those who have not, know that it cures their neighbors and friends, and all know that what it does once it does always—that it never fails through any fault or neglect of its composition. We have thousands upon thousands of certificates of their remarkable cures of the following complaints, but such cures are known in every neighborhood, and we need not publish thou. Adapted to all ages and conditions in all climates; containing neither calornel or any deleterious drug, they may be taken with safety by any body. Their sugar coaling preserves them over fresh and makes them pleasant to take, while being purely vegetable no harm can arise from their use in any quantity.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action — remove the obstructions of the stomach, hewels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

Minute directions are given in the wrapper on the box, for the following complaints, which these Pills rapidly cure:

For Ebyspepais or Endignetion, the first origin of the same time of the section.

the box, for the following companion. Electron-Pills rapidly cure:—
For Byapepain or Endigrection, Electron-mens, Language and Loss of Appetite, they should be taken moderately to stimulate the stom-sch and restore its healthy tone and action.
For Liver Complimit and its various symp-toms, Billoons Electrones, Billions Colte and Billoon Fewers, they should be ju-dictiously taken for each case, to correct the diseased action or remove the obstructions which cause it.

action or remove the obstructions which cause it.

For Ebysendery or Ebiarrhem, but one middone is generally required.

For Ehrenmattam, Gent, Gravet, Palpietatton of the Effect, Pala in the Side.

Back and Loine, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints

disappear.

For Ebrongy and Ebropsient Swellings they should be taken in large and frequent doses to produce the effect of a drastic purge.

For Suppression a large dose should be taken as it produces the desired effect by sympathy.

As a Disner Pill, take one or two Fills to promote digestion and relieve the atomach.

An occasional dose stimulates the stomach and bowels into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious shrangement exists. One who feels tolerably well, often finds that a dose of these Pills makes him feel decidedly better, from their cleansing and renevating effect on the digestive amoration. DB. J. C.
