J. T. GLENN, Prop. Jacksonville, Oregon, Aug. 20, 1869.

Ayer's Hair Vigor,

For restoring Gray Hair to its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. Faded or gray hair is soon restored to its original color with the gloss and freshness of youth. This hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a

HAIR DRESSING,

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich glossy lustre and a grateful perfume.

Prepared by Dr. J. C. Ayer & Co., PRACTICAL AND ANALYTICAL CHEMISTS, LOWELL, MASS. PRICE \$1.00.

H. H. BANCROFT & CO. San Francisco Cal.

Many years ago, the writer of these lines and an invalid physician, while visiting the Island of St. Croix for their health, experienced and witnessed many surprising and beneficial effects of the Rum there produced upon many of the invalids who were (like ourselves) seeking health; and, upon inquiry and investigation, obtained a full history of its medicinal virtues. He was delighted and surprised, and after his own recovery, which soon occurred, determined, if possible, to procure the sole right to manufacture and sell it in the United States.

The result of his labors was a glorious success for himself and suffering humanity, for the celebrated PLANTATION BITTERS was thus made known to the world. PLANTATION BITTERS being an article of real merit, founded upon new principles, and relying wholly upon the vegetable world for its medicinal effects, worked a rapid revolution in the history of medicine, and became as a household word all over the civilized world. The cabalistic S. T.—1860—X was a tallman of health, and the demand for the PLANTATION BITTERS soon far exceeded the abilities of the proprietors to supply.

Notwithstanding the large importation of St. Croix Rum, made expressly for the compounding of these Bitters, the quantity was inadequate. It therefore became necessary that arrangements upon an extensive scale abroad should at once be made, and an agent was dispatched to St. Thomas for that purpose. He was fortunate in securing and leasing several plantations on some of the largest and most productive estates on the island. Houses, stills and presses were erected as if by magic, which utterly astonished the natives. The services of experienced men and natives of the island were procured, and very soon the proprietors of the PLANTATION BITTERS were in a position to supply their laboratory with all the perfectly pure St. Croix Rum needed in manufacturing the GREAT DYSPEPTIC TONIC AND INVIGORATOR. The above cut represents the natives crushing the sugar-cane and otherwise preparing it for the stills and presses.

As an antidote to Fever and Ague, Intermittent and Malarious Fevers, Dyspepsia, and other kindred diseases, the use of the PLANTATION BITTERS is unsurpassed in the history of the world. Over five million bottles are disposed of annually. They are adapted to old and young, male and female. They are agreeable in taste, and always produce an immediate beneficial result.
