To AVERT EVIL IS ONE OF THE GRANDest TRIUMPHS of human skill. This triumph is achieved by Dr. WALKER'S VEGSTABLE VINEGAR BITTERS. They build up, fortify and renovate the feeble system, thus enabling it to defy the elemental causes of disease. Hence their efficacy as a protective medicine, in districts where the air and water are impure. The weakest and most susceptible organization is rendered proof against all malarious disorders by taking one or two doses daily as a pre

Unanswerable Arguments.

Established facts are silent arguments which neither pen nor tongue can shake, and it is upon established facts that the reputation of Hostetter's Stomach Bitters, as a health-preserving elixir, and a wholesome and powerful remedy, is based. When witnesses come forward in crowds, year after year, and reiterate the same statements in relation to the beneficial effects of a medicine upon themselves, disbeliet in its efficacy is literally impossible. The credentials of this unequalled tonic and alterative, extending over a period of nearly twenty years, include individuals of every class, and residents of every clime, and refer to the most prevalent among the complaints which afflict and harass the human family, Either a multitude of people, strangers to each other, have annually been seized with an insane and motiveless desire to with an insane and motiveless desire to deceive the public, or Hostetter's Bitters, for no less than a fifth of a century, have been affording such relief to sufferers from indigestion, fever and ague, bulliousness, general debility, and nervous disorders, as no other preparation has ever imparted. To-day, while the eyes of the reader are upon these lines, tens of thousands of persons of both tenses are relying upon the Bitters as a sexes are relying upon the Bitters as a sure detense against the ailments which the present season engenders, and their confidence is not misplaced. The local potions which interested dealers some times endeavor to foist upon the sick in its stead, are everywhere meeting the fate that is due to fraud and imposture, while the demand for the great vegetable specific is constantly increasing.

No WONDER .- So many worthless medicines are advertised for the cure of various diseases, and when tried "found wanting," that the invalid loses all fath in Specifics. We have yet to learn, however, of the first failure of Wistar's Balsam of Wild Cherry, to cure coughs, colds, and pulmonary disease.

THOSE who are afflicted with Rheum atism, Neuralgia, Gout, and Scrofuls, should try Dr. S. G. Smith's "Aramiraculas;" a cure guaranteed. It is ence. For Sale by W. B. Douglass, City Drug Store, Jacksonville, Oregon, BOOKS, and all dealers in Medicine.

THE GREAT WORLD'S TONIC.

### Plantation Bitters.

This wonderful vegetable restorative is the sheet-anchor of the feeble and debilitated. As a tonic and cordial for the aged and languid, it has no equal among stomachics. As a remedy for the nervous weakness to which women are especially subject, it is superseding every other stimulant. In all climates, tropical, temperate, or frigid, it acts as a specific in every species of disorder which undermines the bodily strength and breaks down the animal spirits. For sale by all druggists.

While in the East hunting for good horses to bring to this Coast, I saw 19 imported Percher-on horses, and I am satisfied that the

for form, size, style and action, surpasses them all. In making this selection I was assisted by Mr. James Fullington, ex-President of the Ohio State Agricultural Society, said to be as good a judge of this stock as any one in the United States. He was one of the first importers, and is familiar with their endurance in France and with their breeding qualities in Ohio.

To those who have read the American Agriculturist and other agricultural papers the world-wide reputation of the Percheron is vell known, and to them I would say here that well informed horsemen who were well acry taintee
