CHANGED HANDS.—The Democratic Times has changed hands. J. N. T. Miller & Co. have sold to Kent & Miller. We are informed that it is to be a more respectable paper than it has ever been heretofore. Glad to hear it; it is about time. We hope the new proprietors success, and extend a welcome hand.

Don't you think Greeley stock is going up? Certainly—in fact it has gone up higher, and will blow away before it comes down.

HOLLOWAY'S OINTMENT.—SORE LEGS, WOUNDS, ULSERS, &c. can be cured. The rational treatment as indicated by nature, is to reduce the local inflammation, soothe the neighboring nerves, cool the heated blood, and render the watery ichorous discharge consistent and healthy. Happy Holloway's Ointment accomplishes these ends with unfailing certainty. 25 cents per box or pot.

Midsummer Maladits.

The hot solar rays that ripen the harvests generate many distressing diseases. If the liver be at all predisposed to irregularities, this is the season in which bilious attacks may be anticipated. A weak stomach, too, is weakest in the summer months, and the loss of vitality through the pores by excessive perspiration is so great, that a wholesome tonic, combining also the properties of a diffusible stimulant and gentle exhilarant, is in many cases necessary to health, and under no circumstances should be dispensed by the sickly and debilitated. Of all the preparations intended thus to refresh, sustain, and fortify the human frame, there is none that will compare with Hostetter's Celebrated Stomach Bitters. They have been weighed in the balance experience and not found wanting; have been recommended from the first as a great medicinal specific, not as a beverage, and in spite of interested opposition from innumerable quarters, stand, after a twenty years trial, at the head of all proprietary medicines intended for the prevention and cure of all ordinary complaints of the stomach, the liver, and the nerves. In the unhealthy districts bordering the great rivers of California, Hostetter's Stomach Bitters may be classed as the standard one for every species of intermittent remittent fever. The people who inhabit those districts place the most implicit confidence in the preparation—a confidence that is increased every year by the results of its operations. As bitters, so called, of the most pernicious character, are springing up like fungi on every side, the public is hereby forewarned against the druggist's frauds. Ask for Hostetter's Bitters, see that the label, etc., are correct, and remember that the genuine article is never sold in bulk, but in bottles only.

PLANTATION BITTERS.
S. T.—1860—X.

This wonderful vegetable restorative is the sheet-anchor of the feeble and debilitated. As a tonic and cordial for the aged and languid it has no equal among stomachics. As a remedy for the nervous weakness to which women are especially subject, it is superseding every other stimulant. In all climates, tropical, temperate or frigid, it acts as a specific in every species of disorder which undermines the bodily strength and breaks down the animal spirits.

LYON'S KATHAIRON,

For Preserving and Beautifying the Human Hair. To Prevent its Falling Out and Turning Gray.

A well-preserved Head of Hair, in a person of middle age, at once speaks refinement, elegance, health and beauty. It may truly be called Woman's Crowning Glory, while men are not inessential to its advantages and charms. Few things are more disgusting than thin, frizzly, harsh, untamed Hair, with head and coat covered with Dandruff. Visit a barber and you feel and look like a new man. This is what **LYON'S KATHAIRON** will do all the time. The charm which lies in well placed Hair, Glossy Curls, Luxuriant Tresses, and a Clean Head, is noticeable and irresistible.

Ayer's Hair Vigor

For restoring to Gray Hair its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. It soon restores faded or gray hair to its original color, with the gloss and freshness of youth. Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed; but such as remain can be saved by this application, and stimulated into activity, so that a new growth of hair is produced. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. The restoration of vitality it gives to the scalp arrests and prevents the formation of dandruff, which is often so uncleanly and offensive. Free from those deleterious substances which make some preparations dangerous, and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a HAIR DRESSING, nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy lustre, and a grateful perfume.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass.

Ayer's Cherry Pectoral,

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping-Cough, Bronchitis, Asthma, and Consumption.

Among the great discoveries of modern science, few are of more real value to mankind than this effectual remedy for all diseases of the Throat and Lungs. A vast field of its virtues, throughout this and other countries, has shown that it does surely and effectually control them. The testimony of our best citizens, of all classes, establishes the fact, that **CHERRY PECTORAL** will and does relieve and cure the afflicting disorders of the Throat and Lungs beyond any other medicine. The most dangerous affections of the Pulmonary Organs yield to its power; and cases of Consumption, cured by this preparation, are publicly known, so remarkable as hardly to be believed, were they not proven beyond dispute. As a remedy it is adequate, on which the public may rely for full protection. By curing Coughs, the forerunners of more serious disease, it saves unnumbered lives, and an amount of suffering not to be computed. It challenges trial, and convinces the most sceptical. Every family should keep it on hand as a protection against the early and unperceptual attack of Pulmonary Affections, which are easily met at first, but which become incurable, and too often fatal, if neglected. Tender lungs need this defence; and it is unwise to be without it. As a safeguard to children, amid the distressing diseases which beset the Throat and Chest of childhood, **CHERRY PECTORAL** is invaluable; for, by its timely use, multitudes are rescued from premature graves, and saved to the love and affection centered on them. It acts speedily and surely against ordinary colds, securing sound and health-restoring sleep. No one will suffer troublesome Influenza and painful Bronchitis, when they know how easily they can be cured.

Originally the product of long, laborious, and successful chemical investigation, no cost or toll is spared in making every bottle in the finest possible perfection. It may be confidently relied upon as possessing all the virtues and advantages of the best of medicines, and its use is as agreeable as the greatest it has ever effected.
