### Religious Directory.

M. E. Church.—Religious services every Sunday at the usual hours, by the Rev. J. E. Williams, D. A. Crowell and A. Hardison.

Catholic Services.—Services will be held at the Catholic Church in this place every Sunday at the usual hours in the morning and evening, Rev. Father Blanchet officiating.

Catholic Sunday School.—Regular meeting every Sunday afternoon at 2 o'clock.

Veit Schutz is the King of brewers and the last keg was more than good.

COMPLIMENTS.—We acknowledge Jacob

Valley last week and taken back to Corvallis. Rayburn is accused of embezzlement, forgery and seduction. Rayburn escaped from the county jail some time since and will be tried at a special term of the Circuit court of Benton county.

ROCK POINT BRIDGE.—Mr. Robinson, one of the contractors, informs us that work on the Rock Point bridge is to be commenced just as soon as lumber can be procured. J. G. Wisdom has the lumber contract and is setting his mill on the South side of the Sterling divide, six miles from Jacksonville, where he will cut the lumber. The bridge is to be a Howe truss and will not cost much less than \$6,000.

DUE CREDIT.—Some time since in mentioning the extraordinary sums of money obtained for the colts of "Penny's Mike" we should have said that Mountain Boy, sired by old Vermont, and sold to L. Swan of Yreka, was valued by his last owner C. W. Kellogg at \$6,000, Barney sold for \$2,500, Selim for \$1,500, Dick for \$1,000, Major 750, Tampson for \$500. The last five colts of "Mike's" were all from the fine blooded mares of Mr. James McDonough and raised by him. Mr. McDonough has also sold a large number of horses at prices ranging from three to four hundred dollars, and we feel it a duty to accord to that gentleman full credit for the part he has taken.

RELIGIOUS.—Elder M. Peterson will preach at the Baptist Church at Wagner creek next Sunday, 11th inst. Those attending will please take some refreshments, as there will be afternoon service.

FINE COLT.—J. B. Thomas will have on exhibition in this place on the 10th of this month a fine three year old Vermont colt which he will sell, provided he finds a buyer who can appreciate the value of the splendid young animal. Don't fail to see him.

MEXICAN VETERANS.—The act of February last grants three month's extra pay to veterans of the Mexican war. The amount will only be twenty-four dollars, but it may be collected directly from the Department upon filling up the necessary blank which will be sent on application.

FOR OAKLAND.—Mr. Alex Martin and family, accompanied by Mrs. Fowler and her daughter, Miss Mary Gass, will leave by private conveyance next Monday for Oakland, Cal. We regret much to see Mr. Martin depart, as he has been one of the live citizens of Jackson county, and one who will be missed.

CHINESE DROWNED.—On Wednesday last a Chinaman employed by the Applegate Mining Company was drowned by the upsetting of a skiff while he

Mr. Riggs, of Ashland, has gone to

If men are fit or entitled to be turned out of the penitentiary the Governor has no right to assume the functions of an autocrat and exile them.

Robert Cameron, of Myrtle creek, and Adams & Smith of the same place were arrested on Wednesday last by Deputy U. S. Marshal Burns and taken to Portland. Cameron is charged with selling liquor to Indians and Adams & Smith are accused of selling liquor without revenue license.

Miss Edith Danforth, daughter of Dr. L. Danforth, arrived here on Monday from Illinois and saw her father for the first time during twenty-six years, she being a mere child when he left. The meeting must have been a joyous re-union of parent and child after a quarter of a century of separation.

From the "Astorian" we learn that the selection of the point for the harbor of refuge is to be made by the following officers comprising the Pacific Coast Board of Engineers: Lieut. Col. C. S. Stewart, Lieut. Col. R. S. Williamson, Major G. H. Mendall, of San Francisco, and Col. Gillespie, of Portland. The Board is soon to meet at Portland.

Mr. Dillon experienced some trouble in getting rid of a customer the other night. He was a very intelligent looking man, who had been enjoying himself and declined to leave. "Never mind a bed" he said to Matt. "I've

He came home the other night, and she smelled his breath; "you rascal," said she, "you've been drinking."

"Well," he replied, "that old blue grass of Dillon's is so good I couldn't help it." "O! all right," she cried, but for goodness sake don't drink any common poison, and I know Dillon don't keep any."

Messrs Zimmerman & Frazier, proprietors of the Ashland foundry, passed up on the stage last Tuesday, on their return from Roseburg, where they intend running in a short time. They informed us that they expected to remove their foundry to Roseburg and be ready to commence work in about six weeks.

If the "Mercury's" insinuations that Governor Thayer is selling pardons to convicts be true that gentleman's practice in the Penitentiary and Supreme Court combined must be lucrative. It should be rather humiliating to the "Mercury" to confess that this is the whole essence of the promised Democratic reform.

We hear that twenty of our citizens belonging to Pochohontas Tribe, accompanied by ten or twelve of their better halves, will be at Yreka on the 12th. As they go without war paint

## A CARD.

EDITOR SENTINEL.—The card from myself to the editor of the "Times," and to which Mr. George Stephenson refers in your issue of the 30th April, was merely a response to, or acceptance of his own proposition, publicly made; and as he has so soon seen fit to retract it, it is hardly worth while to waste language in the entertainment of another proposition from the same source.

The difference between a four-year-old colt that has never had regular training, and an old turf horse with a record of 2:38½, has no doubt been taken into account by the owner of Sir Walter, yet he was careful not to offer the second proposition until he had learned that Altamont's present engagements absolutely precluded all opportunity of training him during the coming season. Mr. Stephenson speaks of Altamont's colts as though they were numerous, but the fact is, I have just one, (the produce of a young filly,) to match against all the rest of Sir

John Dugan, 277.80 acres in Table Rock precinct. Consideration, \$288.  
Alex. Martin to John Sizemore, 160 acres in Table Rock precinct. Consideration, \$900.  
John Williams and wife to F. Heber, premises contiguous to Jacksonville. Consideration, \$500.  
U. S. patents to J. Hamlin, J. A. Cardwell, John Orth, A. Cantrell, B. Elmore and Jos. Cox have been recorded.

J. H. Penn and wife to Mary Danforth, premises in Jacksonville. Consideration, \$550.

LUCKY BOYS.—The friends of C. Schieffelin and family will be glad to learn that his three sons have struck it rich in Arizona, and are on the high road to prosperity. The eldest, E. L., left here in 1873 and in 1878, after many vicissitudes, having been twice run out of the mountains by Apaches, discovered the Tombstone silver mine, eighty miles South of the San Pedro river, in the Pima District. Taking in with him his brother A. E. Schieffelin, who arrived in 1877, and a man named Gird, they secured several claims on the ledge one of which they sold for \$7,500. Other claims they have bonded for \$100,000 and have sold one quarter of their first locations on the ledge for a ten stamp mill, which has just been put in running order. "Effingham," the youngest of

gets very frequently. He can up is always a good one but will be better than ever this season.

Nine German prospectors returned on Monday from Silver creek where they cached their provisions intending to return. They say the water is yet too high for successful mining.

John Bolt still busy in Farris Gulch with plenty of water and better prospects for a big clean up than last year. J. T. Layton is running his pipe continuously in the same gulch.

From Mr. Frank Ennis, who has just returned from the English company's claim on Galice creek, we learn that a large amount of dirt has been washed and that there will be sufficient water for a month's pipping.

Blue Gravel has been well worked this Spring, a large amount of dirt having been moved. The gravel is looking very favorable for good pay and pipping will probably be continued during this month.

The claim of Logg & McDonald, on "Jackass," will not be cleaned up all the washed ground just when the water failed, and it was impossible to wash it out. Their dust, however, will be perfectly safe.

Mr. Dimick, of Dry diggings, is now engaged in cleaning up after the Spring

Nicholson, of French Flat, works away but he does not pay up at a rapid rate. How much he makes is not known. He may be taking out fortunes for anything that is publicly known.

I am just informed by the Scott's Gulch company that the elevator is capable of raising gravel 36 feet with 300 feet pressure. They also run day and night and any one desiring to see the elevator run may come on.

The Waldo Hydraulic Mining Co.'s ditch covers more rich mining ground than any water privilege in Southern Oregon. Their ditch carries 1,500 inches of water, and with slight enlargement will carry 2,000 inches.

We have just heard that Johnson & Malone's warehouse at Crescent City burned Friday night. The up freight was all saved and the lumber and down freight all lost. J. Wimer & Sons had \$1,600 worth of freight in store at the time but have heard that it was saved, some of it in a damaged condition.

The fact is, the machine has cost them about \$3,000, and of course if it had failed it would have been bad for the company and indeed Mr. Editor Southern Oregon would have been many fortunes poorer than she will be with this machine a success in the country.

Respectfully, WALDO.  
Waldo, May 5th, 1879.

MR. MITCHELL'S RECEPTION.—On Thursday last ex-Senator Mitchell passed through Jacksonville on his way to his home in Portland, and was met at the hotel by a number of citizens and the Brass Band. The reception was very unexpected to Mr. Mitchell, who, after the band had played a number of airs, stepped out and thanked his friends for their kind reception, remarking that as he returned only a private citizen the recognition was more highly appreciated. Mr. Mitchell then said that he felt conscious of having worked with a single purpose while in the Senate, that of advancing the material interests of Oregon, and had tried to do his whole duty without regard to party. He returned now, he said, to resume practice and to be free from politics for a while, as his own financial interests needed looking after. Mr. Mitchell was generously congratulated on the success of his

ANOTHER FAMILY GONE.—On Saturday the family of Alex Martin, including Mrs. W. W. Fowler and her daughter Miss Mary Gass, took their departure for Oakland, Cal., staying one night with friends in Ashland. Mr. Martin followed on Sunday, and after accompanying them to Oakland will proceed to Carson, Nevada. Mr. Martin leaves a host of friends here where he has been so long and so favorably known, and there are few whose presence and influence will be more missed than he. We wish them all "God speed" and happiness in their new home.

RELIGIOUS.—The Fourth Quarterly meeting for Jacksonville circuit, M. E. Church, will be held at Grant's Pass on the 31st of May and the 1st of June. First service on Saturday the 31st at 11 A. M. All the officiating of this charge are requested to be present at that meeting. If the interest will justify we propose to protract the meeting. All are invited to attend.

CHINESE MUST GO.—Last week two of our enterprising Chinese having heard of the pure soft water of Ashland went to that town to start a wash house. They didn't start it, however, but started back to Jacksonville just ahead of a yelling crowd of men and boys, who heard that they had come to break ground for a Joss Temple in that pious city. Pursued by the angry crowd the heathen missionaries struck into a rapid trot, dropping bars of soap and other paraphernalia of their calling as they went. This defiance of the Declaration, the Constitution and the Burlingame treaty is a Western outrage, but it is thought to have been committed by a party of California refugees, bankers and solidmen.

NEW SAW-MILL.—J. B. Thomas, of the Meadows, purchased on last Thursday, of J. I. Case & Co., a full outfit of machinery for a new saw-mill which he proposes to have in operation by the first of June next. The machinery is to be delivered in Roseburg and is all to be of the latest improved manufacture. Mr. Thomas has splendid water power and an inexhaustible supply of fine timber.
