

OREGON SENTINEL.

JACKSONVILLE

SAURDAY, MARCH 11, 1882.

NOTICES.

Land Office Roseburg, Ogn. June 30, 1880. Notice is hereby given that I have designated the OREGON SENTINEL as the paper in which I shall hereafter publish all applications, homestead and applications for mining patents for lands lying near Jacksonville, Jackson county, Oregon.

COMMITTEE MEETING.

Members of the Republican County Central Committee are requested to meet at my residence, in Jacksonville, Friday, March 17th, at 1 P. M.

TAKES SENT.—The sum of \$8,986.19 was sent to Salem last week by Treasurer Pope, that being the balance due on State taxes.

FLOUR CONTRACTS.—Bidders will notice the government advertisement in another column. 19,355 pounds are wanted at Fort Klamath.

RELIGIOUS.—Rev. M. A. Williams will hold services here in the Presbyterian Church to-morrow morning and evening.—Rev. B. J. Sharp will preach at Manzanita to-morrow at 11 A. M., South Prairie at 2:30 P. M., and in Jacksonville, at 7:30 P. M.

SOME HOG.—Mr. G. Karewski this week showed us the bacon from one hog raised by Clark Taylor of Eden precinct, the hams, shoulders and sides weighing 318 pounds. The shoulders weigh 60 pounds each and the hams 46 1/2, and together with the lard the hog brought Mr. Taylor over \$50. Who can beat this?

RAILROAD WORK.—We learn that there are now over three hundred Chinese laborers at work on the railroad, south of Roseburg, and that within a month there will be at least a thousand. Miller & Son have about thirty men employed driving piles and constructing bridges. They will add largely to their force as soon as timbers are ready for the bridges across the South Umpqua and Myrtle Creek. Eight car loads of steel rails for the extension have arrived at Roseburg and there is every indication that work is to be pushed right along.

THE FRUIT CROP.—Fruit growers say that prospects for a very large fruit crop in Jackson county are most promising. At this date, last year, many almonds and peaches were in bloom and, consequently, were badly damaged by frost while, at present, buds are only beginning to swell and bloom will be so late that the crop will hardly be caught by frosts. A very large number of trees and vines have already been set out this winter and fruit raising seems to have a new start. In a few years an industry, long neglected, will be one of the most important in this county.

MAIL ROUTES LOST.—We have received the following awards to bidders on mail routes in this and Lake counties, from Washington: Jacksonville to Brownsborough J. W. Cunningham at \$945. Jacksonville to Crescent City P. McMahon at \$2,008. Jacksonville to Wright's A. B. Cotton at \$270. Sam's Valley to Thomas mill V. H. Pease at \$140. Grant's Pass to Wallace C. C. McCoy at \$240. Linkville to Clear Lake J. W. Manning at \$587. Linkville to Fort Klamath John Haley at \$1,970. Linkville to Tule Lake Jesse D. Carr \$248. Ashland to Lakeview is re-advertised.

CITY ORDINANCES SUSTAINED.—At the election, on Tuesday last, the repeal of the "sidewalk" and "fire limit" ordinances was made an issue and the advocates of repeal got badly left. Both ordinances are right and ought to be enforced. No man has a right to insist on a hog wallow or dangerous walk in front of his premises; for the whole public have a common interest in public thoroughfares and have rights they will enforce. Neither has any one a right to jeopardize his neighbor's building by the erection of a combustible shell, any more than he has a right to convert his premises into a powder magazine. The only bad feature in the fire ordinance is; that the limit does not extend far enough; but as far as it does go, it has been handsomely sustained by the voters.

GETTING LIBERAL.—Recorder Nunan, who for some time has been named "S. and C." has just shown a commendable liberality and a determination to get out of the financial rat of his judicial office and elevate its dignity by doubling up on offenders. Nunan held court on Tuesday morning to pass on a "drunk and disorderly" captured the evening before by officer Schultz. The "drunk" had resisted and given the officer a severe kick on the knee. The Marshal was not mad for he smiled a sweet smile and remarked in the blandest tone that it had come to the knowledge of the court; that the prevailing opinion was; that fines were graded too low and it was considered a disgrace to be arraigned before a judge who could only say—\$5 and costs. In deference to the feelings of princely inebriates and in order to elevate the dignity of the court the Recorder announced that he would increase his liberality and, winking at the Marshal, he called the offender close to him and whispered in his ear "\$10 and costs." A little later the City Treasurer laughed and, now, that the Recorder's liberality has taken a fresh start it is hard to tell where it will end.

A medical man in Ashland is not to be outdone by Dr. Jackson of this place, who has gone extensively into the chicken business. The Ashland man is going to raise ducks and is trying to secure a Drake.

The stages due at Yreka from Roseburg are, owing to the bad state of the roads, arriving twenty four hours behindtime. An Irish friend say the only way to have them catch up is to start them "the day before."

Congress has decided that Dr. McDowell, of Salem, who has contested the seat of every member of Congress for ten years, is a "crank". He is generally considered in Salem as belonging to the "damphool" family.

Death to rats, mice, roaches and ants; PARSONS EXTERMINATOR. Barn granaries and households cleared in a single night. No fear of bad smells. Best and cheapest vermin-killer in the world. Sold everywhere.

We this week send a sample copy of the Chicago Weekly News to each of our county subscribers so they can see what kind of a paper we offer to send them. Read our proposition among the advertisements.

Buckingham & Mecht of San Francisco, the largest and most substantial boot and shoe house on the coast, advertise their celebrated "Hercules" boot in this issue. Ask your merchant to show you a pair of them.

B. F. Dowell, A. H. Maegly and Mrs. Jno. Bilger started for Roseburg last Tuesday in a private conveyance. The former will go to Salem to attend to law business and the latter will extend their trip to San Francisco.

Senator Farley, from the Committee of Commerce has reported favorably the bill creating a new customs district at Yaquina. It is similar to the bill of Representative George also reported favorably from the House Committee.

It is decided that the next monthly meeting of the Presbyterian Miss society will be held at the residence of Mrs. Genl. Reames and a pleasant time may be anticipated. The day is not yet fixed but will be duly announced.

Terrible itching and scaly humors, ulcers, sores and scrofulous swellings cured by the Cuticura and Cuticura Soap (the great skin cures) externally, and Cuticura Resolvent (blood purifier) internally. Ask about them at druggists.

An opposition ticket to the old Board of Trustees was nominated by a convention of citizens last Monday and voted for on the following day. Opposition to the fire limits as established by the old Board was the cause of the movement.

H. Hilyer, of Benton county, is reported to be in the valley trying to purchase seventy-five head of good medium sized horses for use on the Yaquina Bay Railroad. Good prices are promised providing the full number can be secured here.

Work has been commenced on the sidewalk in front of the Presbyterian Church in conformity with the ordinance now in force and it is the intention of the Board of Trustees to see that it is complied with by everyone without favor or any.

A German named Baker was arrested this week on the charge of falsely representing himself to be a Deputy Sheriff and then threatening to arrest another German named Koenig, but Justice Huffer discharged the defendant after hearing the evidence.

It is said that Geo. L. Woods, who was Governor of Oregon from 1866 to 1870 is a very prominent candidate for the congressional nomination in the 4th district of California. Ex-Gov. Woods is one of the most eloquent stump speakers on the Pacific coast.

J. W. Plymire informs us that there is yet considerable land on Bear creek that has not been plowed, but since the weather has changed in their favor the farmers are now busily employed putting in crops so they will have something to sell when the railroad comes.

The Chicago Weekly News is probably one of the most condensed papers in the country. Its telegraphic reports cover everything going on the world over, but in such a way as to eliminate what is trivial, and give in detail only such matters as are of general interest.

We hear that a party has started out to survey a wagon road from Waldo to Smith river corners. The route is said to be a very easy and practical one and it is to be hoped that the road will be built. It is said that the Wimer's, of Waldo are the backers of the enterprise.

Senator Miller and Farley of Cal. and Grover, of this State have made strong speeches in favor of the Chinese bill. Senator Hoar of Massachusetts antagonized the bill and ought to be appointed Envoy Extraordinary to San Francisco and be compelled to live in the Chinese quarter.

A couple of children in the town of Mallory, N. Y. who were in the dough, or the spoony condition, were recently married by a clergyman named Owen. The groom, Louis Badger was 15 years of age and the girl, Josephine Howard, only 14. The parents are grief stricken but as usual it comes too late.

Next Saturday, the 17th, will be "St. Patrick's day," but it seems to be almost forgotten except by a few who only make it an excuse for indulgence. Ireland has no holiday now and, in the desperate struggle for existence the natal day of her patron Saint is little different from any other.

The Albany "Register" has this item about Henry cows: "Messrs H. C. Powell and A. Hutsiniller have sold their Jersey cows to Mr. Oatman, of Portland, and they will be taken down today. Mr. Powell had four, for which he received \$450, and Mr. Hutsiniller two, which he sold for \$250."

President Taylor of the Mormon church recently married his twenty eighth wife, a buxom Massachusetts widow. Four days after the wedding she so disturbed his family arrangements that he shipped her to San Francisco. When a Massachusetts widow gets to going, she makes things hum.

The finding of the jury in the Prang murder case, at Portland, was substantially; that the deceased, Henry Prang, came to his death from a gunshot wound from a pistol in the hands of one Annie Murray, and that the jury are of the opinion, from the evidence produced, that Henry Prang fired the first shot.

Hon. W. Lair Hill, of Wasco, writes a manly letter to the Albany Herald, declaring that he will not be a candidate for any office before the Republican State committee. As he is very anxious for the success of the party it is apparent that he has caught the Senatorial fever and is not gunning after small game.

Hon. D. P. Thompson, Portland's energetic Mayor, returned from Washington on Thursday. Mayor Thompson rendered good service there last winter as a special advocate for river appropriation being constructed by the Squaw Lake company is nearly completed. The king bolt in the "giant" of Chapman & Co. claim was displaced one night this week, by the wearing out of the threads, and the pipe of the giant was blown quite a distance, the pipe barely escaping a serious injury. Damages have been repaired and work goes on as usual. Green Bros. of Josephine are running their arastras on very rich quartz with a large supply in sight.

L. Leonard, of Josephine county passed through town on his way to Astoria this week. He has a large band of nutton sheep, mostly in Curry county that he intends driving to Lake county in April, besides a large band of cattle. He purchased 600 head of wethers here from Wm. Bybee and L. Solounai at \$1.50 per head.

Why is there no imitation Wheeler & Wilson sewing machines? The answer is simple enough; they have patents worth protecting and they do so. Companies have attempted to manufacture an imitation Wheeler & Wilson sewing machine but were compelled to abandon the scheme although it cost the company thousands of dollars. Why?

B. F. Miller, of the Sardinia creek nursery has sent over five thousand trees to Josephine county this winter. They were mostly early peaches and pears of the best varieties. The climate and soil of that county are admirably adapted to that kind of fruit and those planting now will soon find that they have made a good investment.

Prof. M. G. Lane of the South Salem school, desires us to state that the act of taking away a part of Miss Cox's salary, and applying the same to his, was originated by the directors and wholly unsuspected by him, "Statesman." If the gentleman feels so bad about it that he has to apologize for the Directors; why in thunder don't he give the lady's salary?

H. C. Laws the murderer of the Calaway boy, in Lake county, is in custody at Linkville and will have a preliminary examination on Monday before Justice Wright. The other parties arrested as accessories were examined before Justice Price of Emanuel last week and discharged. It is a safe guess that Laws will find a loop hole through which to escape.

One of the legends upon the walls of the rooms in which the Wisconsin Dairymen's Association held its recent annual meeting was: "Talk to your cows as you would to a lady." This remark indicates that you should not re-mark to a cow: "You darned old runt, if you don't quit slipping your tail round in my eyes, I'll rise up and warm your old back with a fence rail!" You wouldn't say that to a lady, you know.

The Rev. E. D. Towle, in his farewell sermon to a Methodist congregation in New Bedford, made an assault on orthodoxy. One of his points was that, according to sound Methodist belief, Garfield had gone to hell because he did not believe in the Trinity, while Giteau would go to heaven if he repented of his crime. Mr. Towle's point would be good but for the fact that Garfield did believe in the Trinity, being a member of the Christian church.

Hon. J. B. White of Oakland has been visiting friends here and at Rock Point for the past ten days. Mr. White seems just as young and vigorous as ever although he is fast bleaching so that his hair is most appropriate. He seems pleased with the signs of prosperity that are dawning on this section and, when we have communication by rail, his visits will be more frequent. He intends making an extended visit to Lake county before returning to Oakland.

R. D. Hume has attempted to locate a fishery at the mouth of Klamath river but failed, the commissioner of the land office refusing to permit a location on the Indian reservation. Any interference with the run of salmon at the mouth of that stream would be disastrous to the Indians on the river above and, as they get no subsidies or sustenance from the government, it would be pretty rough to take away their main food supply unless it were sustained or increased by hatchery.

The Boise City "Statesman" says: "Strong opposition to the restoration of Capt. T. Riley is being developed among the officers now serving in this military department, and very strong documentary evidence is being prepared to forward to Washington to defeat the bill for Riley's restoration." Riley will be remembered as an officer at Ft. Klamath under Col. Whipple and dismissed the service about two years since for intemperance. He was a brave man who rose from the ranks by gallantry and if there were any assurance that he would get again fall into intemperate habits we would like to see him re-instated. Probably the chief objection to him is; that he is not a "West Pointer."

MINING NOTES.

Will Q. Brown, of San Francisco has purchased the mining interests of Wm. Briggs, near Canyonville for \$700—copper and nickel. The Sterling hydraulic company are piping, day and night, with a moderate head of water, the continued cold weather in the mountains preventing the melting of the snow and a full water supply. All the miners on Sardinia creek are busy ground sluicing with full heads of water and making good wages. Gale & Cowan have some rich ground in the Birdseye claim on Foot's creek and manage to pick up considerable gold from the bed rock. Joe Anderson is now running the 49 claims with excellent prospects. Chas. Howard is engaged in a survey for the large ditch being constructed by Gin Len, from Palmer creek to the Red hills. From every point of Josephine county we hear that miners are busy with an ample water supply and making up for lost time. All the large hydraulics on Galies are now working day and night. A clean up that turned out well being made at the Applegate gravel mine. The larger reservoir being constructed by the Squaw Lake company is nearly completed. The king bolt in the "giant" of Chapman & Co. claim was displaced one night this week, by the wearing out of the threads, and the pipe of the giant was blown quite a distance, the pipe barely escaping a serious injury. Damages have been repaired and work goes on as usual. Green Bros. of Josephine are running their arastras on very rich quartz with a large supply in sight.

An immense mass meeting was held in San Francisco on Saturday last to give expression to public feeling on the Chinese question. There was the astonishing number of vice President -728, composing the best names in the city. The speeches were temperate but expressed an inflexible determination to stop the increasing tide of Chinese immigration. One of the speakers raised a storm of applause by saying: "The Senator of Massachusetts has said that this vast Asiatic island is a band of ruffians. I wish he were here to see them." E. H. Autenreith was one of the speakers, making a short but stirring address which put the people in good humor. He pledged them that Oregon was in union with them on the Chinese question, although it had not arrived at the alarming crisis that it has here. When the time for action arrived they would put their trust in God and their hands on the musket and flintlock.

We are glad that Oregon had a representative to speak the sentiments of her people especially as Governor Thayer did not deem the question of sufficient importance to co-operate with the Governor of California. Had it been an application for the pardon of a criminal, His Clemency would have found time to attend to it.

SCHOOL MEETING.—The meeting called for last Monday afternoon, for the purpose of electing one school director and clerk for the coming year, was quite largely attended. T. B. Kent presided, and the vote of Director stood as follows: T. G. Reames, 28, George Brown, 11, Peter Britt, 7, whereupon Mr. Reames was declared elected. For Clerk J. H. Huffer received 17 votes, S. J. Day, 14, J. C. Duncan, 7, E. D. Foudray, 6, S. Wise, 2. J. H. Huffer was declared elected by a plurality vote. The clerk then read the financial exhibit for the past year showing the total receipts to have been \$4,248 14 and disbursements \$3,058 80, in the hands of the clerk at this date.

ONE OR MORE SURGEONS.—From the Pacific Surgical Institute, 305 Kearny St. San Francisco, will be at the U. S. Hotel, Jacksonville, Wednesday and Thursday March 15th and 16th, and at the Cosmopolitan Hotel, Roseburg, March 19th and 20th, fully prepared to treat all the Diseases and Deformities treated at this Institute, such as Spinal Diseases and all diseases of the Joints, Rupture, Nasal Catarrh, Chronic Rheumatism, Lung Disease, Paralysis, Nervous Diseases, Piles, Fistula, and Female Diseases. This is the only authorized branch of the Great North-western Surgical Institute on the Pacific Coast, and desires not to be confounded with any other Institution.

The S. F. "Chronicle" says: "The Chinese invasion is commencing in active earnest. The 'Oceanic' arrived last night from China bringing a cargo of 1062 coolies. Two other vessels are expected to arrive within fourteen days with 1800 of the servile laborers. It is evident that the railroad companies and others interested in flooding the country with cheap and docile slaves are responsible for this immense increase of immigration from China. Unless Congress passes one of the bills before it at an early day, and puts a stop to the evil, it will earn the hearty detestation of the people of the Pacific coast."

It is feared that a trapper named Walker living on Beaver creek just across the state line, in Siskiyou county, has met with some mishap or is dead. Last week one of Walker's hounds was found on Hungry creek in a starved condition and it is improbable that it would have strayed from home had his master been alive. Walker has lived alone in that locality for several years only visiting the settlements at long intervals. A party will go over next week from here to investigate.

Mrs. Johnson was burned to death at Hay Creek, Wasco county, Sunday, Feb. 19th, by her clothes having accidentally caught fire. Her husband was away from home at the time. She was the mother of three small children.

J. D. Barnett and L. C. Hill of Douglas Co. have been allowed a patent on a newly invented fruit dryer.

Announcement.

The National Surgical Institute of Indianapolis, with branches at Philadelphia, Atlanta, Ga. and San Francisco, which has a National Reputation, will permanently establish a branch at Portland, Oregon.

Two of the skilled Surgeons of this Institute, prepared with needed apparatus for the successful treatment of crippled, will meet all the old patients and such new ones as may desire treatment this year, at the following places: Portland, St. Charles Hotel, April 8th, 10th and 11th, Albany April 12th and 13th, The Dalles April 17th, Walla Walla April 18th and 20th, and Seattle April 26th and 27th, and hereafter at Portland Oregon on the first two weeks of May and November of each year, commencing November, 1882.

Beware of all travelling Doctors who may claim to represent any other Institute, for this is the only Surgical Institute on this Coast with facilities and experience for the treatment of deformities. J. M. HINKLE, M. D. GEO. W. HANDY, M. D. Surgeons in charge, National Surgical Institute, No. 319 Bush St. San Francisco.

HOLLOWAY'S PILLS.—Never Despair Something that never fails—Fever and Ague—To the sick it is of little consequence how they are cured, whether from a rational view of the disease or by the rules defined for the guidance of the profession, so long as the cure is certain and expeditious. To a suffering man the question on the relative merits of quinine or calomel is uninteresting. The faculty may wrangle and discuss their various theories, but Dr. Holloway's treatment dispels doubt ere the disciples of Esculapius have finished the first stage. Holloway's Pills are the only remedies which effect a speedy and radical cure without danger of a relapse. Read the advertisement elsewhere.

IMPORTANT CAUTION.—None are genuine unless the signature of J. H. HOLLOWAY, surrounds each box of PILLS and Ointment. Boxes at 25 cents, 62 cents and \$1 each.

There is considerable saving by taking the larger sizes. HOLLOWAY & Co., New York.

Nothing Short of Unmistakable Benefits Conferred upon tens of thousands of sufferers could originate and maintain the reputation which AYER'S SARSAPARILLA enjoys. It is a compound of the best vegetable alteratives, with the Iodides of Potassium and Iron, and is the most effectual of all remedies for scrofulous, mercurial, or blood disorders. Uniformly successful and certain in its remedial effects, it produces rapid and complete cures of Scrofula, Sores, Boils, Humors, Pimples, Eruptions, Skin Diseases and all disorders arising from impurity of the blood. By its invigorating effects it always relieves and often cures Liver Complaints, Female Weaknesses and Irregularities, and is a potent renewer of vitality. For purifying the blood it has no equal. It tones up the system, restores and preserves the health, and imparts vigor and energy. For forty years it has been in extensive use, and is to-day the most available medicine for the suffering sick, anywhere.

T., 40,278 pounds; Fort Walla Walla, W. T., 3,212 pounds. Samples of the Flour, (not less than two pounds) proposed to be furnished, must be submitted with the proposals. The Flour to be tested by baking before acceptance. Proposals for quantities of Flour less than the whole required will be received. The government reserves the right to reject any or all proposals.

Blank proposals and printed circulars stating the kind of Beef, Mutton and Flour required at each post, and giving full instructions as to the manner of bidding, conditions to be observed by bidders, and terms of contract and payment, will be furnished on application to this office, or the Acting Assistant Commissioners of Subsistence at the various posts named. Envelopes containing proposals should be marked "Proposals for —" and addressed to the undersigned or to the respective Acting Assistant Commissioners of subsistence. SAM'L T. CUSHING, Capt. and C. S. U. S. A.

STATEMENT UNDER OATH.

"I HAVE been afflicted for twenty years with an obstinate skin disease, called by some M. D. Psoriasis, and others Leprosy, commencing on my scalp, and in spite of all I could do, with the help of the most skillful doctors, it slowly but surely extended until a year ago this winter it covered my entire person in form of dry scales. For the last three years I have been unable to do any labor, and suffering intensely all the time. Every morning there could be nearly a dustpanful of scales taken from the sheet on my bed, some of them half as large as the envelope containing the letter. In the latter part of the winter my skin commenced cracking open. I tried everything, almost, that could be thought of, without any relief. The 12th of June I started West, in hopes I could reach the Hot Springs. I reached Detroit, and was so low I thought I should have to go to the hospital, but finally got as far as Lansing, Mich., where I had a sister living. One Dr. — treated me about two weeks, but did me no good. All thought I had but a short time to live. I earnestly prayed to die. Cracked through the skin all over my back, around my ribs, arms, hands, limbs, feet badly swollen, too nails came off, fingers, nails dead and hard as bone, hair dead, dry and lifeless as old straw. Oh, my God, how I suffer!

"My sister, Mrs. E. H. Davis, had a small part of a box of Cuticura in the house. She wouldn't give up; said 'We will try Cuticura.' Some was applied on one hand and arm. Eureka! there was relief, stopped the terrible burning sensation from the word go. They immediately got the Cuticura Resolvent (blood purifier), Cuticura and Cuticura Soap (the great skin cures). I commenced by taking one table-spoonful of Resolvent three times a day, after meals; had a bath once a day, water about blood heat; used Cuticura Soap freely; applied Cuticura morning and evening. Result, returned to my home in just six weeks from the time I left, and my skin as smooth as this sheet of paper. HIRAM J. CARPENTER, Henderson, Jefferson Co., N. Y. Sworn to before me this 12th day of January, 1880. A. M. LEFFINGWELL, Justice of the Peace.

Cuticura Remedies are for sale by all druggists. Price of Cuticura Medical Jelly, small boxes, 50; large boxes \$1. CUTICURA RESOLVENT, the new Blood purifier, \$1 per bottle. CUTICURA MEDICAL TOILET SOAP, 25c. CUTICURA MEDICAL SHAVING SOAP, 15c. in bars for barbers and large quantities at special prices. WEEKS & POTTER, Boston, Mass.

CATARRH

Sanford's Radical Cure.

A single dose instantly relieves the most violent Sneezing or Head Colds, clears the head as by magic, stops watery discharges from the nose and eyes, prevents ringing noise in the head, cures Nervous Headache and subdues Chills and Fever. In Chronic Catarrh it cleanses the nasal passages of foul mucus, restores the senses of smell, taste and hearing when affected, frees the head, throat and bronchial tubes of offensive matter, sweetens and purifies the breath, stops the cough and arrests the progress of catarrh towards consumption.

One bottle Radical Cure, one box Catarrhal Solvent and Sanford's Inhaler, all in one package, only \$1.00. Ask for SANFORD'S RADICAL CURE. WEEKS & POTTER, Boston.
