The Scotch railway company having claimed that the city levee was public property, the Oregonian has taken the trouble to look up the records, and finds that the City of Portland not only holds a title in fee simple to the property from Stephen Coffin and wife and C. M. Carter and wife, for which \$2,500 was paid, but also a like title from the Oregon Central Railroad Company, which was secured to null any claim to the levee that might be made by that railroad company.

THE OREGON KIDNEY TEA.

If your back aches, or if you have any trouble with your kidneys or urinary organs, don't buy some nostrum that you know nothing about, made in some distant city to sell, but buy a remedy that has never been known to fail, made from herbs produced in Oregon, and put up by a firm known all over the coast. Patronize home industry, and be cured at the same time.
