DOUGLAS COUNTY BITS OF NEWS.

Items of Interest Gathered from the Different Localities Tersly Told.

News Wanted

The Plaindealer would like to have news items from all parts of Douglas county. Space for brief, newsy notes will be gladly allotted and it is hoped that such an offer will not be passed by.—Editor.

Cleveland Clippings

Charles Ensign has returned from a visit to the Lewis and Clark fair. Mr. Ensign is well pleased with the grand exhibits and thinks Douglas county display of produce is equal to any other county display at the exposition. He believes great credit is due to Mr. Buick for the care and arrangement of the exhibit.

Postmaster Good and his daughter, Miss Martha, are thinking of visiting the fair this month.

E. T. Woodruff and daughter, Miss Mabel, have returned from the fair. They speak in highest praise of Douglas county's excellent exhibit.

Mrs. Wm. Vinson had the misfortune to run a large splinter into her foot, making her quite lame and causing Mr. Vinson and her to postpone their visit to the Lewis and Clark fair.

Ralph Vinson and Alfred Woodruff are attending the Roseburg schools.

Mrs. Morgan and son, Arthur, are attending the Lewis and Clark fair, and before returning home will visit friends in Washington.

Mr. Henry VanBaskirt, of St. Louis, is visiting Frank Long and is much pleased with Oregon. He and Frank, while returning home from Roseburg last week, met a large black bear in the road. Frank was quite badly frightened but Mr. V. got out and scared the beast away and drove the rig home.

A number of the friends of Miss Melissa Long gathered at her mother's residence Friday evening, September 22, to celebrate her 18th birthday. Story telling and songs were enjoyed until a late hour, when all were invited to partake of an excellent lunch, after which all departed for their several homes well wishing Miss Long many happy birthdays.

Mrs. Long's residence is receiving a new coat of paint with green trimmings. ENDS.

Gardner Grist

F. S. Dow, one of Marshfield's prominent business men came over on the tug Wednesday. He left on the stage next day for Florence.

Forest Jones and Herbert Butler were in Gardiner the first of the week getting their nets and boats ready for the fishing season.

Wild ducks are quite plentiful on the river.

W. G. Grubbe, of Scottsburg, was a Gardiner visitor Tuesday.

Blain Barrett reports a large whale ashore at the mouth of Ten Mile.

Mrs. Peter Erhart, of Ten Mile, was brought to the Gardiner Hospital today, suffering from the effects of a severe fall which she received about three weeks ago.

A small blaze was started in the hall of the Perkins Hotel Tuesday night owing to the explosion of a lamp, but by the timely arrival of Miss Katie Perkins and others the flames were soon extinguished.

Alex. Dumas returned Monday from Portland where he has been for the past three weeks enjoying the fair and visiting friends and relatives. Mr. Dumas states that his wife and daughter, Miss Lena, are visiting in Washington and will not be home for a month or six weeks.—Gazette.

Canyonsville Callings

Miss Bessie Gregory went to Galesville last week to take charge of the school in that district.

Miss Flora Wilson, after a week's visit with her parents, has accepted a position in Roseburg with the firm of Churchill & Woolley.

Two brothers visiting him from Pennsylvania. It is the first time they have met for 25 years. They started home Sunday. Mr. Johnson accompanied them as far as Portland.

The steam shovel crew at Dillard have been temporarily laid off, and the boys are enjoying a much needed vacation.

School will open next Monday, Oct. 2, with Miss Millie Merrills as teacher. The directors hope there will be a good attendance from the beginning.

Mr. S. S. Bolsinger and wife visited friends in Roseburg and vicinity Saturday and Sunday.

Mr. Chas. Harcan is shearing ranch a flock of sheep on the Davlin ranch. Charlie is quite an expert at the business.

It is reported there is a bear prowling in the neighborhood, his tracks have been seen by several parties and our nimrods are all on the watch to see who gets first shot.

Our Sunday School is progressing nicely under the able management of Superintendent I. H. Winget.

Reports from Riddle.

Mrs. L. Nichols, of Days Creek, is the guest of her sister, Miss Mae Finn.

Mrs. Carrie Parsley and daughter have returned to Riddle to spend the winter.

A number of Riddle's enterprising cattlemen have gone to Portland to attend the "Stock Show."

Will Finn met with a painful accident a few days ago, his arm being broken. He is now in the hospital in Portland.

Mr. and Mrs. Joe Scott have arrived in Glendale on their way to that place where they may remain for the winter.

School commenced Monday with a good attendance. Prof. Banghman taught a very successful school here last year. The patrons of the school feel that they are very fortunate in securing him again this year. Miss Adams and Miss Blundell are both successful teachers. With these excellent teachers in charge of the school Riddle should be proud of her school.—Echo.

East Umpqua Items

Long live the Plaindealer and its new proprietor. Have not yet had a personal chat with Mr. Willis, but we think he is all right.

A light rain has fallen but not enough to sweep by. Moisture is badly needed.

Mr. Sutherlin has brought his flocks from the Reservation, passing down this valley yesterday.

There are very few hunters in this part of the county, and the game is having a rest.

Fruit season is here and every body is busy catching.

The mayor of Peel, Mr. Engels, and family, are at the fair. Alderman Givens acting as mayor and Mr. Sprague presides in the store and post-office.

S. D. Chapman and family have returned from visiting the Fair.

Our people are much interested in the rumors of a Railroad to the coast, as many could visit the ocean if they could walk by railroad.

We do not see anything in the Plaindealer about the fatal brands trials. Has Mr. Heney skipped a cog?

DISTRICT FAIR PREMIUM AWARDS

Result of the Various Committees After Making Careful Investigations.

DIVISION 1, MILLINERY, SEWING, KNITTING, ETC.

Graves, art. emporium, \$5.00 picture for the best collection of pyrography—Miss Elva Wimberly.

In a recent issue of the Woonsocket, Rhode Island "Call," appears the following reference to the opening of the new department store of Fisher & Bellows Co.: "William F. Bryne today received a paper from J. J. Bellows, Roseburg, Ore., giving a description of a new department store opened by the firm of which Mr. Bellows is a partner. The store is 100x50 feet and three stories high. "Jack" Bellows, as he was known here, where he was born and brought up, was a drummer boy in Co. K. 15th Mass. Volunteers, in the war of the Rebellion. He has many friends here, who are pleased to learn of his success in the business world."

Messrs E. N. and J. E. East are home from the Portland Exposition, and they report having had a most enjoyable time. They report that the great stock exhibit which is now in progress is wonderfully fine and well worth one's time to witness. There are over two thousand cattle on exhibition and they are said to be worth a million dollars.

TAXPAYERS' TICKET PUT IN THE FIELD

Municipal League Mass Meeting Names Candidates for the City Offices.

The mass meeting which was called for Monday evening by the Municipal League, was very well attended. Mayor Hoover called the meeting to order, and John W. Wright was named as chairman. A committee on order of business, consisting of Messrs. Strange, Flint and Micelli was appointed by the chair. After this report was made and considerable time was taken in parliamentary sparring, the meeting got down to business. For the office of Mayor, Mayor Hoover and G. W. Kimball were placed in nomination, with the result that Mr. Kimball was declared the nominee. A. N. Orcutt and J. A. Sawyer were named for Recorder, and when it came to the voting, Mr. Sawyer was declared the choice of the meeting. City Treasurer, Harry C. Slocum was named by acclamation, to succeed himself. Then came the naming of candidates for the Council, and this resulted as follows: First Ward, J. T. Bridges; Second, J. O. Metz; Third, E. A. Neely; Fourth, Napoleon Rice; Fifth, Al Crason and J. O. Newland; Sixth, R. W. Marsters and John Natchter.

After each candidate was declared nominated, he was called upon for a speech. Mr. Kimball responded in a very feeling manner, expressing his heartfelt gratitude for the honor which had come to him unsought. He said that it was the proudest moment of his life and he assured the convention that if he was elected it would be his highest ambition to give the very best possible administration within his power. He reiterated the statement made by him in the Plaindealer, to the effect that if the majority of the people favored municipal ownership of the water and light plants, he would most certainly see to it as to carry out their wishes in the matter. Mr. Kimball was very much in earnest and no one could doubt that he meant every word he said.

Attorney Sawyers expressed his gratitude in a neat, well-worded speech and told the convention that if he was elected he would earnestly endeavor to give the best services in his power. He emphasized the fact that he would try to deal out justice in a fair and impartial manner, treating all with the utmost fairness and impartiality.

Treasurer Slocum, whose nomination was by acclamation, was called to the floor and he gracefully acknowledged the compliment which had been paid him by the convention.

At a late hour the question of municipal ownership was discussed, and after some debate as to show how to proceed in the matter, it was voted unanimously that the gathering was in favor of the city owning its public utilities. There was somewhat of a difference of opinion as to what should be the mode of procedure, but it was evident that the assemblage was strongly in favor of the city owning its water and light plants.

Qualification of Voters

There is some inquiry as to who is entitled to vote at the approaching city election, and the Plaindealer herewith copies the law, as laid down in the city's charter:

No person is qualified to vote at an election under this act who has not been a resident of the city for thirty days, and of the ward in which he offers to vote for ten days preceding each election, and who does not possess the qualifications of a legal voter in the State of Oregon, and he shall be the owner of real or personal property in his own right and name, situated within the corporate limits of the city of Roseburg, and shall have paid a tax thereon, or shall be subject to pay a tax thereon, as shown by the last assessment roll of the County of Douglas.

Favors Mr. Kimball's Candidacy.

EDITOR PLAINDEALER: Believing that you mean to treat all sides with fairness, permit me to use a little of your space in saying a few words in support of Mr. G. W. Kimball's candidacy for Mayor of Roseburg. Without casting any reflections upon Mr. Hoover, I do not hesitate to say that Mr. Kimball is the man for the place. He has long been a resident of this city and an extensive taxpayer. He is the very soul of honor and integrity and any one who knows George Kimball knows that he is a gentleman in every sense of the word. He would make an ideal Mayor, filling the important office with credit to the city and with honor to himself. He would pay strict attention to the business of the city and would ever guard the city's best interests. If the people want to own their water and light works, he will carry out their wishes in the matter, and we know him so well that we can rest assured that any promise he makes during the campaign will be carried out to the letter, after the election is over, for Mr. Kimball is a man of his word. So, in view of these and many other equally as good reasons which might be given, I say, let us elect G. W. Kimball Mayor of this city, next Monday and we will have the best official who has ever graced that honorable position.

Indorsing Mr. Orcutt

The Plaindealer is in receipt of the following communication from one of the leading citizens of Roseburg and one who is well qualified to speak upon the matter in hand:

EDITOR PLAINDEALER: We would call the attention of the readers of the Plaindealer within the city of Roseburg to the fact that Mr. A. N. Orcutt is a candidate for Recorder of the city. His friends do not regard the meeting held

CHRISTIAN SCIENTIST

DRAWS BIG AUDIENCE

The opera house was well filled with a representative audience, Tuesday evening when Miss Mary Brooks, the noted Christian Scientist lecturer spoke upon the teaching and practices of that belief.

In introducing the speaker, Miss Rose Parrott took occasion to say that while she was not a member of that organization, yet she hoped and believed that Miss Brooks would be able to enlighten her hearers regarding a new grown religion.

For one hour and a half, Miss Brooks held the closest attention of the large audience, and among other things she said: "Heaven is the presence of God, and God being present everywhere, heaven must be everywhere, too. According to the teaching of Christian Science heaven is harmony itself, a stable reign of Spirit without a rival power—that condition of Mind in which Principle actually does govern and control all with supreme and undivided sway. This definition has no reference to time or space.

"As a direct result of the advent of Christian Science more unity of purpose and more concerted action are in evidence along all higher lines of human progress. The teaching reveals one fundamental Principle named Life, Truth, Mind, Love, Spirit, God, Infinite Being, hence the only God. In this profoundly simple doctrine of the oneness of Mind, of Spirit, of Life, of Power, is found a basis of action that precludes friction and insures harmony.

"The claim has been made by those who believe in minds many, that influences for good may be exerted by human mind acting upon another human mind through mesmerism, or hypnotism, or mental suggestion.

"Christian Science teaches that the two Christian offices of preaching the gospel and healing the sick are so inseparable, so equal in importance, and identified in purpose and method, that one's Christian life is incomplete if either one is omitted. In a system wherein science and religion are one, the theology must be curative.

"Christian Scientists have been called a prayerless people, but like many of the statements concerning them, this is also quite the opposite of the fact. Indeed, it is only through the teaching of this Science that we have found it possible to obey the scriptural injunction: "Pray without ceasing."

"It would be impossible to find any class of people more devoted to the study of the Bible than the Christian Scientists are, for they have learned to regard it, not so much a history of the past nor a prophecy of the future as a revelation of eternal "Truth, which is "the same yesterday, today and forever," and which consequently applies with full force to the needs of the present time.

"The scriptures say man was created in God's image and likeness. Is God made of matter, either wholly or in part? No? What then is in God that is the basis of, or resemblance to, material man? If God is all Spirit, is not spiritual man really his likeness, hence the only real man? Origin, writing as "an escape from matter—the Lord leading us into light that is shadowless, and is material no longer." From this it appears that the early Christian held this same view of the nothingness of matter."

MR. ABRAHAM VISITS JOE THOMPSON'S MINE

EDITOR PLAINDEALER:—The writer of this having visited the mine referred to in the Plaindealer, I am glad to say concerning the same, and being disinterested in it, can do so without the charge of exaggeration. The samples of borate which have been placed on exhibition at the Fair and in various windows in Roseburg, are not picked specimens but are only the average specimens of a vein of from two to three feet in width. In fact the vein is solid borate and if unaltered by oxidation which it naturally would be on the surface, should go as high as 60 per cent copper. From the returns which were shown me the vein also carries several dollars in gold values.

The vein is what is called "blind" and was only discovered by chance, there being no croppings at the point of discovery.

The pay streak referred to is in contact with porphyry, and in the opinion of the writer, a heavy dyke carrying considerable copper also.

No doubt this find will lend a great stimulus to West Fork as a mining district, especially as in the vicinity of this find the prospecting is easy and it is not likely to be taken by timber locators or desired by the R. K. Co. on account of the lack of timber.

Over the trail from West Fork station it is approximately 20 miles by a good plain trail via Cold Spring and Copper Mountain. Very truly yours,

ALBERT ABRAHAM.

If you want cold ham or delicacies, call at Jennings' Bakery. 744
