 the Masons are agitating the ques-  
 of building a hall here and organ-  
 ing a lodge in the near future.  
 Mr. A. S. Ott has bought some nice  
 residence property in the city of Port  
 land.—Grass Valley Journal.  
 Dr. T. A. Long has just finished  
 harvesting a splendid crop of grain  
 and is well pleased with conditions on  
 the Agency Plains.  
 If you want to sell your place list it  
 with Timothy Brownhill at Madras.  
 He is fully prepared to do all kinds of  
 real estate, notary and insurance busi-  
 nesses.  
 Rev. M. J. Hickey, who has charge  
 of the missionary work of the Catholic  
 Church in this field, paid The Pioneer  
 office a very pleasant visit last Tues-  
 day.  
 Timothy Brownhill has opened a law  
 office in rooms over Hahn's store,  
 where he will be prepared to attend to  
 all kinds of legal work. Call on him  
 when in need of anything in his line.  
 Charges will be reasonable.  
 Blue print township plats for sale of  
 any township in The Dalles land dis-  
 trict at the office of Timothy Brown-  
 hill. Leave your orders with him and  
 they will be promptly and accurately  
 filed at 50c each.  
 William K. Rutter, who is foreman  
 of The Pioneer, is delighted with the  
 Agency Plains country and says it is  
 much better than he expected to see.  
 He has determined to east his lot with  
 us and will take a homestead near  
 here in the very near future.  
 Richard Bald, who has a home-  
 stead in the north end of Tp. 10 S.,  
 R. 13 E., and is now attending to his  
 mining interests in Grant county, ex-  
 pects to be home in time to build a  
 residence in Madras and move his  
 family here from North Yamhill.  
 County Judge Bell is becoming very  
 popular among the settlers here for  
 the interest he is taking in this neigh-  
 borhood. The voters say he is now  
 doing what he said he would do before  
 election—listening to our petition for  
 good roads. It pays to keep your  
 promise.  
 Reliable information has been re-  
 ceived by us that the proposed auto-  
 mobile road from Hefler to Bend via  
 Madras will be in operation by No-  
 vember 1st of this year, new graders  
 and all necessary machinery having  
 arrived and same will be utilized as  
 fast as teams and men can be obtained  
 to operate them.  
 Dr. Snook is kept very busy these  
 days in looking after his harvest—  
 which is about over—as well as trying  
 to keep up with a growing practice.  
 The Doctor says, however, that peo-  
 ple are very healthy here and do not need  
 the services of a physician much ex-  
 cept in the winter and spring when  
 they are more subject to colds, etc.  
 Best meals in town at the Madras.  
 H. K. W. Taylor, who homesteaded a  
 piece of land near Madras about a year  
 and a half ago, has now a neat double  
 walled house, 50 acres of wheat oats  
 and 8 acres of splendid garden, and was  
 offered \$500 for his improvements a  
 short time ago, but of course it was  
 no inducement. Mr. Taylor arranged to  
 have The Pioneer sent to him for the  
 next year.  
 George A. Young & Co. has con-  
 summated the sale of their sheep  
 ranch, located five miles from Ma-  
 dras, to E. W. ...  
 The property transferred consists of  
 100 head of sheep, 6000 sheep and  
 2000 acres of land. The ranch is the  
 largest one in the county, and Mr.  
 Young, who has owned it, is the  
 pioneer stockman of this district.  
 Just as hay, grain and water at the  
 Agency.  
 The question is asked almost daily,  
 "what do you know about the rail-  
 road?" Nothing, absolutely nothing,  
 and that is as much as anyone else  
 knows at present. You may depend  
 upon it that the railroad will be here  
 as soon as we are ready for it. Let us  
 "hushle while we wait" and when it  
 does come we shall be prepared to take  
 advantage of the added facilities of-  
 fered, etc.  
 Messrs. Elliott, Springer and Graves,  
 viewers and surveyors, appointed by  
 County Judge Bell to view and report  
 on the petition of numerous settlers  
 for two county roads running north  
 and west and north and east of Madras  
 do what will be known as the Pleasant  
 View Road and Lyle's Gap road, report  
 that they have found splendid loca-  
 tions for the roads, neither road hav-  
 ing a steeper grade than 7 per cent.  
 They will report eventually to the court  
 and will also recommend that the pe-  
 tition be allowed and that a bridge  
 be built over the creek at the  
 terminus of the north road near the  
 city. The petition, containing the  
 details submitted to the clerk of this  
 community for the past several years,  
 they have had faith to give to the  
 effort that will prove to be two of  
 the best roads in Oregon.  
 Glad to see the news.
