

Getting Ahead Of The Sluggards

"**P**LOW deep while sluggards sleep and you'll have corn to sell and keep," wrote Benjamin Franklin. If there is any feature of your life or business which has never been properly exploited in the advertising columns of the newspapers the opportunity is open to you to profit by Franklin's suggestion. Many of the rich men of today were the pioneer advertisers in their respective fields not so many years ago, turning the virgin soil with the plow of publicity while their sluggish competitors restfully clung to the antiquated sales methods of another generation. "Plowing deep" is an advantageous policy under any circumstances; but it is ten-fold remunerative if the chance offers to do the plowing before others begin.

Leave Their Work—A number of employes at Masters & McLain's rock crushing plant left the job day before yesterday because of some misunderstanding which arose between the foreman of the plant and the firm.

Transit Soc. to Leave—The Norwegian steamer Transit, which sustained the loss of her propeller and a portion of the shaft when ten miles off Coos Bay bar last Sunday, will probably get to sea on Monday and Tuesday. Men are now engaged replacing the damaged parts.

Telephone Line Impaired—The telephone line to Gardiner was out of order during a part of yesterday afternoon and evening. The company is changing the telephone station in Gardiner and it is believed the service will show a marked improvement when this is effected.

Marshal Makes Record—Marshal Carter is making a record in collecting dog taxes that will put him in the Carnegie medal class if he keeps it up. Since the first of the year he has brought into the city's strong box the sum of \$206 on 78 dogs. "And I am not yet started," says Marshal Carter.

Flat Club Meets—The Flat club held an interesting impromptu card party last evening. The first prize was a flat pocket book, second prize a lease of rooms in a flat, booby prize was an old flat iron. The winner of the booby prize was flat broke and when last heard of was looking for a place where he could pawn the flat iron for a little coin.

Many Attend Dance—A large number of persons attended the informal dance given by Prof. Smith in the I. O. O. F. Hall last night. Phonographic music interspersed with piano selections furnished the rhythm for the two steps, waltzes and three steps which made up the program of the evening.

Salmon Eggs Hatching—The Wedderburn Radium has the following in reference to the large shipment of salmon eggs that were held in Marshfield for some time awaiting shipment to Rogue river: "The salmon eggs lately received are hatching rapidly. About 100,000 were hatched after being less than 24 hours in the troughs."

Teachers Training Class—There has been organized a Teachers Training school for the purpose of training teachers for Sunday school work Elder H. P. Bohlen instructor, which meets every Friday evening at the Swedish Hall at 7:30. Mr. Bohlen is probably the best Bible scholar on the bay and will interest you if you attend. The public is invited.

New Addition to Canine Society—A thoroughbred Russian staghound has been added to the canine society of Marshfield. Lee Dale, the well known Nutwood dispenser, is the proud possessor of the dog which comes all the way from Russia. It was sent him by his grandmother. The charges on the hound from Russia to Coos Bay were \$78.63.

Reported S. P. Improvements—Come reports from Myrtle Point of important improvements in the rolling stock of the local artery of commerce of the Southern Pacific. The old combination coach has been rebuilt and greatly improved in exterior and interior appearance. A new box car was a feature of Saturday's train and it is said other additions will be made until the transportation demands are met.

Ferndale In Race—Ferndale is making a good run in the present

race for building honors on Coos Bay. Six new dwellings are now under construction and more are being planned. The electric light company has also installed a number of street lamps. The citizens of the little suburb are beginning to feel proud of their showing and some are inclined to the opinion that an individual city government is not far off. —Fancy valentines at the Red Cross Drug Store.

The Southern Oregon State Normal School
At ASHLAND, Ore.
Offers especial opportunities for teachers to review for the teachers' examinations in February and August, and to take work in Pedagogy and in Special Methods of teaching in the various grades of the training school. Since the public schools of Oregon are calling for teachers who can teach manual training, many are taking advantage of the industrial work lately installed in the school. Expenses of board and lodging and tuition nominal. The State Normal School at Ashland is enjoying the largest appropriation of state funds ever granted a Normal school in the history of Oregon. Catalogues sent on application to the PRESIDENT.
