THE last trip of the Alliance brought us every domestic record made by the Edison Phonograph Co., we are now in a position to fill an order of from ONE to TWO THOUSAND RECORDS at any time.

WE have nearly half a car load of EDISON PHONOGRAPHS and can give you a selection from \$12.50 to \$125.00 machines. In purchasing one of these latest equipped machines you will find the name THOMAS A. EDISON stamped on the machine, horn and crane.

WHY buy a cheap catalogue article of painted tin horns, and pay \$5.00 express charges, when we can save you this money and give you a complete, equipped phonograph with the name THOMAS A. EDISON on every part of it?

YOU have a chance to HEAR the records that YOU BUY OF US; why send away and have all your selections substituted? No records sent on approval.

Saturday	8:11 1.4	1:11 1.9

In From South Slough—Joseph Yonker came in to day in his launch from South Slough. He is making regular trips every Saturday.

Gasco Leaves.—The steam schooner Gasco left this port yesterday with a cargo of lumber for San Francisco. The boat was loaded at the Smith mill.

Dance Tonight.—The office employees of the C. A. Smith Lumber company will give one of their social hops tonight. These dances are given every little while and are greatly enjoyed by those attending.

Redmen Celebrate.—On Washington's birthday, February 22, the Redmen are planning to give an entertainment and in celebration. A banquet will be served and speeches from prominent braves and others will be heard.

Beautiful America Club.—The regular meetings of the beautiful America Club are held on the first and third Tuesdays of each month in the city hall, North Bend, and not on the first and third Thursdays as previously announced.

Pavilla Comedy Company.—Coos Bay people will next week be given another taste of the dramatic when the Pavilla Comedy company will play a two nights' engagement at the Masonic beginning Tuesday night. The company is said to be very good.

Cement Walk Laid.—The new Flanagan-Bennett bank building approaches nearer completion each day. There is now laid around it a cement walk. The walk starts at the postoffice and runs around to the rear of the bank building on A street.

Will Rebuild.—Frank Rogers, who was in from Coos River this morning, says that the building recently destroyed on the S. C. Rogers ranch, was a substantial two-story building and not a bunkalation. The loss will be in excess of \$1200.00 with no insurance. Arrangements are being made to rebuild immediately.

Rogers Building Nearly Done.—The Rogers building will be ready for occupancy in thirty days. The exterior work has been completed and carpenters are expected from Portland within a few days to start work on the interior. There will be thirty-six office buildings and, as has been stated, the structure will be heated by steam.

North Bend Dance.—Quite an attendance is assured the Leap Year dance to be given in North Bend tonight by the Women of Woodcraft. Many Marshfield people are planning to go and there will be a large number from North Bend. It will be remembered that it is at this dance where the order of things has been reversed, gentlemen free, ladies \$1.

Elect Mrs. T. James Reporter.—Mrs. Tom James has been elevated into the journalistic profession. The Beautiful America club, North Bend's civic improvement society, has appointed Mrs. James club reporter, hereafter the doings of this progressive organization will be handled by her for the press. The Beautiful America is the first club of ladies on the bay to appoint a press reporter. In behalf of the newspaper fraternity on Coos Bay The Times takes the liberty of welcoming Mrs. James to the fold. "May she have all its joys and none of its sorrows."

Priscillas Meet Today.—The Priscillas will meet today with Miss Kaufman. They will spend the afternoon in the usual pleasant manner.

Evergreen Whist Club.—The Evergreen Whist club will meet this afternoon with Miss Agnes Hutchison. This club, as has been stated, is preparing to give an elaborate St. Valentine's ball on February 14.

Mrs. Nicholson Entertains.—Mrs. Nicholson entertained Monday afternoon at cards in honor of Mesdames Fred Slagle and Jack Lamb, who are now in Marshfield, the guests of Mrs. Nicholson and Mrs. Farrin.

A Lively Three Year Old.—The Coquille Sentinel celebrated its third birthday this week. The Sentinel is an excellent weekly newspaper and will compare favorably with any of the country weeklies in the state regardless of years. May it live to celebrate many more.

Presbyterian Endeavor.—The Presbyterian Christian Endeavor of North Bend is planning a campaign to raise money for the finishing and furnishing of the church. At the last meeting, held at the home of Mrs. Burkhart, plans were made for an entertainment to that end.

Returns From Honolulu.—Dr. May Vandburg, the lady practitioner, formerly of Coos Bay and recently of San Francisco, has just returned after several months spent in the Philippines. She attended a woman patient who went to the islands in search of health. While in Honolulu she visited with Jacob Lando and family, who are well known on Coos Bay.

Light From the Sun.—The two electric street lights at the foot of "canal" and one on Cedar street were out of commission the fore part of Tuesday and Wednesday evenings. If there is any part of the city where the wayfarer and "grafted" property-holder needs a glimmer to guide his footsteps, it is in this vicinity, where the Coos Bay Gas & Electric shines in the glooming—occasionally.—Coos Bay Sun.

Enlarge Breakwater.—Work will soon commence on the enlarging of the Breakwater. She will have her passenger capacity increased fourteen more. In order not to tie the boat up work will be done while she is tied at the docks and also while at sea. The lumber for the alterations will be turned out on Coos Bay. The boat's present smoking room will be dismantled to be replaced by borths. A new smoking room will be built.

Stockholders Meet.—The stockholders of the I. O. O. F. cemetery association met at the office of John Hall yesterday afternoon. It was the intention to take up the matter of setting a price on a portion which the school board is looking after and also to prepare for enlarging the cemetery. As there was not a sufficient number of stockholders present to transact business the meeting adjourned until two weeks from Friday.

Rink Opening Tonight.—Manager Avery, of the Marshfield skating rink, said today that everything was in readiness for the grand opening tonight. The last bit of floor planing and polishing will have been completed by tonight, the music will be ready to play the initial piece promptly at 7:30 o'clock, while the stock of roller skates will be the same as new after the process of repairing and oiling which they have undergone. Signals for the skater, such as "stop skating," "skate slower" and all the other "high balls" have been painted on cardboards by Roy Lawhorne, the local pen genius.

Melrose to Move.—The Melrose restaurant will shortly commence moving to its new and commodious quarters, in the old room occupied by Pick's billiard parlor, under the Garfield hotel. Mr. Smith, formerly sole proprietor of the Melrose, has taken a partner in the person of Geo. W. Duttie and the new firm enters into the business life of Marshfield with the inauguration of the restaurant. The new place will be known as "Smith's Cafe" and will be conducted as an up-to-date and thoroughly first-class establishment. The new quarters have been overhauled and remodelled until it presents a fine appearance. Mr. Smith will continue to conduct the Melrose as a separate establishment.

Demand for Men.—The opening of the Lillian and Diamond coal mines up Coos river has given employment to many men and more are still in demand. Johnson and Anderson, composing the Marshfield employment agency, are furnishing men for these mines and are sending all applicants for work there. It is said that the bunk houses which the men use for quarters are commodious and comfortable and that the commissary department is of the very best.
