Preaches Against Hoppicking.

OREGON CITY, April 28.—(Special)—Rev. John M. Linden, pastor of the First Baptist church, has instituted a vigorous crusade against the members of his church picking hops, stating that it is encouraging the liquor interests. In a sermon Sunday night, before a crowded church, he said, "It requires a quickened conscience to crystallize action against hop-picking, which is part of the process of beer-making."

## A Sermon and a Suggestion

What do you think of the prohibition side of the question? It's in the sermon.  
In 1907 Oregon hop growers raised and marketed FOUR MILLION DOLLARS worth of hops.  
If Oregon is voted "dry" no market in the world will take Oregon hops.  
If Oregon votes for prohibition, Oregon brewers will have no use for barley or hops.  
Do Oregon hop growers want to pay FOUR MILLION DOLLARS a year for the experiment?  
Let us stop closing business up and try opening it up instead!
