## Labor Organizations Accomplish Much Good.

By United States Senator A. S. CLAY of Georgia.

I HAVE never been one to encourage antagonism between labor and capital. Each should be protected. No thoughtful man will contend that labor organizations should be absolutely destroyed. Sometimes their demands may be unreasonable, but if the working people of the country cannot have organizations to protect themselves against organizations of capital that may attempt to put unjust burdens upon them they would be POWERLESS TO RESIST any oppression.

LABOR ORGANIZATIONS HAVE ACCOMPLISHED A GREAT DEAL OF GOOD. THEY HAVE BROUGHT TOGETHER THE WORKINGMEN AND THEIR FAMILIES IN CORDIAL AND FRIENDLY RELATION AND HAVE ENABLED THEM TO SECURE BETTER WAGES, TO BUY HOMES AND EDUCATE THEIR CHILDREN.

These people are in many instances our very BEST AND MOST VALUABLE CITIZENS, and we should give them every possible encouragement. This statement does not refer to the agitator, but to the honest and industrious toilers who seek to better their conditions.

Take John Mitchell, for example. He has shown himself to be a careful, thoughtful and just man.

Both employers and employees have rights, and each should consider the welfare of the other. Destroy labor organizations entirely, and a MOST DEPLORABLE CONDITION would confront us.

## COOK WITH GAS

Our new plant is thoroughly modern and up-to-date. No better gas can be made than we are producing. We are connecting up new customers every day. Is your application in? If not call us up and we will send a man to see you. If gas was not the thing for cooking with, it would not be used by upwards of 9,000,000 people in the United States. We are selling gas stoves at a very low price and making a nominal charge for the service pipes to our mains.
