## WARM TILTS INDULGED IN

### Property Owners Grow Irate In Discussion Before City Council.

Proposed street improvements resulted in some lively discussions before the city council last night and threatened to end in a heated exchange of personalities if Mayor E. E. Straw hadn't interfered and insisted that the discussion be restricted to the proposed work. It ended in the council adopting a schedule of assessments for the proposed 'C' street grading and paving, and for the Flanagan street improvement, and the postponing of action on Burnett and Prospect avenue. Tom Hall in behalf of the property owners of Prospect avenue promised to line things up so that improvement may be ordered in a week or so.

#### Have Hot Tilt.

The West 'C' street or 'C' avenue work resulted in a tilt between the property owners who favor the improving of the street in accordance with the present plans of the city engineer and others who want it done another way. J. Albert Matson spoke in behalf of those who are agreeable to the present improvement and want it rushed. He questioned the motives of Fred. Friedberg and others of the 'C' avenue Civic League in opposing the work, intimating that misrepresentations had been made. Friedberg declared that Mr. Matson didn't know whereof he spoke. Asked why he (Friedberg) didn't invite to Mr. Matson to attend the conference of the 'C' avenue property owners to discuss the matter, he said that they didn't want Mr. Matson and followed it up with remarks disparaging to Mr. Matson. Here Mayor Straw interrupted and declared that he would not permit the discussion of personalities.

Mr. Friedberg said that he and others who own 3,000 feet of property on the street wanted permanent paving, probably asphalt, if they could afford it but that as most of them were laboring men who couldn't afford large expenditures they wanted a couple of weeks to investigate the matter. Mayor Straw

wanted to know if it wasn't time for laboring men to move when the streets where they resided were to be paved with asphalt. Mr. Friedberg objected, declaring that the laboring man has just as much right to live on an asphalt paved street as any one else.

Burnett street citizens were to have been heard last night but owing to proposed changes the hearing had to be postponed.

#### Other Work Up.

An ordinance fixing the assessments for the improving of Laurel street beyond 'C' street was passed. The intersection of Sixth and 'E' streets was ordered improved.

Masters and McLain were allowed \$645.19 for putting rock on Second street.

Councilmen Sacchi, Lockhart and Flanagan made a report on the new system of city accounting and were discharged. Mr. Sacchi, in this connection, insisted that the city recorder and treasurer be compelled to furnish bonds in accordance with the regulations instead of continuing without being bonded. Mr. Sacchi also insisted that the Finance Committee of the council audit the books of the treasurer and recorder monthly.

A lot of other matters were to have come up but as it was nearly 12 o'clock, some of the councilmen refused to remain longer to take them up.

#### WEDDING AT ALLEGANY.

Many Coos Bay People to Attend Double Nuptials This Evening.

A large number of Coos Bay people went to Allegany today to attend the double wedding at the G. A. Gould home on North Coos river this evening when Miss Grayce Gould and C. V. Woodruff and Miss Georgia Gould and Dr. Richmond will be united in marriage. The ceremony will be solemnized on a handsomely decorated barge on the river by the Rev. Mr. Gordon of the Coquille Methodist church. About 300 invitations were issued for the wedding.

## Buy Your Wife a GAS STOVE

It converts the drudgery of the kitchen into a pleasure. It reduces a woman's housework one-half. You can sleep later in the morning as the fire does not have to be made a half-hour before time to cook.

Call at the office and see those instantaneous water heaters. Turning on the cold water lights the gas and heats the water in one minute, turning the water off shuts off the gas.

You would not think of going back to the old kerosene lamp after using electric light, would you? Well, when you have once used a gas stove nothing could induce you to use anything else.
