Gov. Chamberlain Leaves.—Gov. Chamberlain and Judge Lowell left on the Alliance today for their homes. Governor Chamberlain had to go to keep an appointment at the regatta in Astoria.

Engineer Carroll Leaves.—Engineer Carroll who was sent here by Major McIndoe to arrange for the dredge left for Portland today. He

said that he found things in a good shape and would so report. He was unable to say just when the dredge would get here but expects it will be soon.

Kills Bear and Cub.—Chas Hickox has just returned from a hunting trip during which he killed a cub bear and its mother. He shot the cub first and for a time feared he would have a hand to hand encounter with the mother when she came to the rescue of the little one but a well aimed bullet eliminated the danger.

Chamberlain Knows Need.—That Gov. Chamberlain is aware of the need of dredging Coos Bay was shown by his actions yesterday morning when he crossed in on the Alliance. It was low tide but they got across the bar all right. As they neared Empire, they ran on to a new shoal and had to wait for the tide. Mr. Chamberlain got anxious during the wait and was heard to remark that if it was in his power, he would see that a clear channel was provided in the future. It was the first time that Captain Olson got "stuck" in a

many months and of course it was purely accidental.

Injures Arm.—A youth named Norton, residing near Summer, was in Marshfield to consult Dr. A. L. Houseworth concerning an injury to his arm. He injured the member severely in a fall recently.

Get Six Deer.—Frank Lamberton and Alfred A. Ayea of Portland, returned to day from a hunting trip along the Pistol river in Curry county. During the week, they secured six fine animals and brought back quite a supply of jerked venison. They had a very enjoyable trip. Mr. Ayea will leave for his home in Portland the latter part of the week.

The Margaret Iles Company played "The Golden Giant Mine" at the Masonic Opera House last night, to a well pleased audience. The piece was handled most excellently by this capable company. Tonight the play will be "Partners For Life," another excellent play.
