URGE LAW ENFORCEMENT.
Coos County Protective Association Holds Meeting.
COQUILLE, Jan. 9. — The Coos County Protective Association, an organization of the liquor interests of the county, held a meeting at the court house in this city and stringent resolutions were adopted pledging every member to a rigid observance of the liquor laws. Particular reference was had to the Sunday closing act and to the law dealing with minors in saloons. The next meeting of the association will be held at Marshfield on February 2.

BOOSTING COOS COUNTY.
North Coos River, Jan. 4, '09. Editor of Coos Bay Times: Noting your editorial of Another New Year Resolution, I think it is the best that I have seen in any paper in the county for the building up of Coos county, and I hope you will give them some more like it for we need just such editors to strengthen the renters' arms in bringing farm and dairy like up to its standard. And when it is brought up to its full limit in Coos county, we don't need to ask for railroad and bar improvements, they will come without asking and Coos county will be second to none in Oregon.
With best wishes,
J. E. FITZGERALD.

NEW CHARTER FOR EUGENE

Radical Changes Proposed For Oregon City's Municipal Government.

EUGENE, Ore., Jan. 9.—The commission recently appointed by Mayor Matlock to revise the city charter has completed its work and presented the amendments to the city council. The amendments will be voted upon by the people of the city at a special election some time next month.

If the amendments are voted there will be some radical changes in the new charter. Principal among them will be what is known as the Des Moines plan of city government. This provides for creating five departments of government as follows: Department of public affairs, department of accounts and finance, department of public safety, department of streets and public improvement, department of parks and public property. The mayor is to be the superintendent of the department of public affairs and the council is to designate by vote a member of the council as superintendent of each of the other departments. The council is to be reduced from eight to four members, and the mayor has a vote upon all questions. The mayor and councilmen are to be placed upon a salary, whereas they are serving without pay under the old charter. The salary of the mayor is to be \$800 and the councilmen \$750 each. The new charter provides that when the city shall attain a population of 12,000 the salaries shall be increased 20 per cent, and there is to be a further increase of 20 per cent for each 5000 additional population thereafter. The office of city recorder is to be appointive instead of elective, as at present.

The new charter provides that at elections for a bond issue none shall vote who is not a bona fide taxpayer in the city.

The amended charter also authorizes the city to bond itself in the sum of \$75,000 for a new city hall and to issue bonds in the sum of \$75,000 for a gas plant and \$150,000 for an electric light plant.

In the clause relating to the regulation of the sale of liquor is a provision empowering the city to pass an ordinance declaring a place where liquor is kept for sale to be a common nuisance and providing for search and seizure. Eugene has such an ordinance on its records, but in a recent test case it was declared that the charter did not provide for such an ordinance.

New pupils in all departments now being enrolled for mid-winter term at Academy of Music Phone 1955.

being laundered one can best compare his linen. Take a look at one of your Dress Shirts before sending it to us to be done up, and then note the newness and the gloss when you get it back. But all our Laundry work is done in the same careful, pains-taking, and thorough way. No matter in what shape or condition your linen reaches us, it leaves our establishment immaculate. One test will prove this, and for your own sake you ought to make the test.

How One Doctor Successfully Treats Pneumonia.
"In treating pneumonia," says Dr. W. J. Smith, of Sanders, Ala., "the only remedy I use for the lungs is Chamberlain's Cough Remedy. While of course I would treat other symptoms with different medicines, I have used this remedy many times in my medical practice and have yet failed to find a case where it has not controlled the trouble. I have used it myself as has also my wife for coughs and colds repeatedly, and I most willingly and cheerfully recommend it as superior to any other cough remedy to my knowledge."
