That Lame Back Means Kidney Disease

And to Relieve the Lame and Aching Back, You Must First Relieve the Kidneys

There is no question about that at all—for the lame and aching back is caused by a diseased condition of the kidneys and bladder. It is only common sense, any way—that you must cure a condition by removing the cause of the condition. And lame and aching back are not by any means the only symptoms of derangement of the kidneys and bladder. There are a multitude of well-known and unmistakable indications of a more or less dangerous condition. Some of these are, for instance: Extreme and unnatural lassitude and weariness, nervous irritability, heart irregularity, "nerves on edge," sleeplessness and inability to secure rest, scalding sensation and sediment in the urine, inflammation of the bladder and passages, etc.

DeWitt's Kidney and Bladder Pills are an exceptionally meritorious remedy for any and all affections or diseased conditions of these organs. These Pills operate directly and promptly—and their beneficial results are at once felt. They regulate, purify, and effectually heal and restore the kidneys, bladder and liver, to perfect and healthy condition—even in some of the most advanced cases.

E. C. DeWitt & Co., Chicago, Ill., want every man and woman who have the least suspicion that they are afflicted with kidney and bladder diseases to at once write them, and a trial box of these Pills will be sent free by return mail postpaid.

A Good Joke.—If you think "Australian Jack" can't tell a funny story ask Al Smith. He told a joke yesterday and Al laughed so heartily that it cost \$8.25 for repairs.

Undergoes Operation.—Mr. Shook of the North Fork of the Coquille is at the Marshfield General Hospital where he underwent an operation for the removal of a cataract from his eye. He is getting along nicely.

Makes An Auto.—Wm. Ekblad surprised his friends today with a window decoration that would make an expert window decorator look twice. It is an imitation auto made of various articles in a hardware stock and is a clever idea well executed.

Buys Launch.—H. H. Kruger has gone out of the automobile business and has purchased Tom Laskey's 26 foot, 7 1/2-foot beam and 6 1/2 horsepower engine gasoline launch together with all fishing gear, and now he becomes Capt. Kruger and expects to make a good many profitable clearances this season.

Back From Finland.—Fred Mattar has returned from a four months visit at his old home in Hango, Finland. He made the trip from there to Coos Bay in just twenty-four days, including stopovers of four days en route. He crossed over to Hull, Eng., and took ship there for Quebec. He says he had a fine trip but didn't find any place that he liked as well as Coos Bay.

Seek Missing Man.—Mrs. Chas. W. Skeels of Pullman, Wash., has written to Coos Bay asking that a search be made here for her husband who mysteriously disappeared from 4307 Mill street, Spokane, Wash., July 6. Skeels is about twenty-five years old, five feet seven inches tall and weighs 110 pounds. He suffered an injury which is thought to have affected his mind. He is a barber and office man.

In Auto Trouble.—D. Ferguson says he got a wireless message from

Coquille that Jas. Greene and Joe Lapp while scorching in Coquille Sunday hit a child, were arrested and fined \$25 apiece for speeding. The latter two admit they were in Coquille but declare that Mr. Ferguson is suffering from a brain-storm. They indignantly deny the report that the auto is being held as a guarantee that they will pay the fine, claiming that the machine is merely laid up on account of a break.

Whisker Contest.—Jas. Ferrey Jr., and Ralph Matson are contestants in a whisker growing contest that is bringing some great results. Ralph has a fine goatee and Jim has a pair of side burns that are winners. They were nurtured during the recent hunting trips from which they returned yesterday, Jim being down in Curry county with Hank Wells and Jas. Cowan while Ralph was up the North Fork of Coos River with Ben Chandler, Mr. Boone and Billy Cox. Ralph's party got seven deer and Jim six. However, the venison doesn't compare with the auburn hirsute adornments that they are presenting today.

GOES TO SEATTLE.

ROSEBURG, Ore., Aug. 12.—Bob Roberts, the veteran stage driver, left for Seattle, where he has been engaged by the fair management to drive six-in-hand rigs. The fair board wanted the oldest stage driver obtainable, and Mr. Roberts claims to answer that requirement better than any other man. Now at the age of 66 years, he has driven stages continuously since he was 25.
