**No Football.**—Manager Robert Dillard has received word that the Coquille Independent Football team cannot come over Sunday and consequently there will be no game.

**Damage Repaired.**—Today, the local railway got its trains through to Myrtle Point and back for the first time since the freshet. The company has a large amount of work to do yet, ballasting, etc.

**Fell in Bay.**—The porter at the Blanco hotel stumbled and fell into the Bay last evening from the wharf in the rear of Chas. Stauff's grocery. Several who were standing nearby quickly pulled him out.

**Engages in Business.**—David Mussen, who has been connected with the Mulloy Transfer and Livery business for several years, has secured a transfer outfit of his own and engaged in business on his own account.

**Plant is Late.**—The M. F. Plant had not been sighted at 3 o'clock this afternoon and evidently encountered the storm which swept down the coast a few days ago. It is expected that she will get in this evening.

**Won't Run.**—L. F. Falkenstein of North Bend, announced today that he would not be an independent candidate for councilman, as has been reported. It had been stated that he would go on the ticket by petition but he positively denies this.

**Weds at Klamath Falls.**—Word has been received here of the marriage of Jesse Tyrrel and Miss Alice Weise at Klamath Falls, Oregon, November 21. Mr. Tyrrel was born and raised on the Bay and has many friends here who will wish him and his bride a happy future. For several years he has been located at Klamath Falls where he is engaged as a barber.

**Argo Property Loss.**—In addition to its toll in human life, the wreck of the steamer Argo entailed a large property loss. She carried a heavy freight cargo and many Tillamook merchants are losers. Among them are A. McNair who had \$2,300 worth of goods on the Argo, E. T. Elton had a fairly large consignment, and the loss of Maurice Leach is about \$250. Many others lost small amounts.

**Blake Returns.**—J. M. Blake returned today from a business trip to various points and will remain until after the election. There are no particular developments in his street railway project as little can be accomplished until his franchise is granted or refused at the election next Tuesday. If the franchise is granted, he hopes to be able to carry out the project much earlier than the time specified in it.

**Is Near Bandon.**—Archie Phillips says that Harry McDonald, the brakeman of the local railway, who disappeared sometime ago whose absence has caused alarm, is now near Bandon. Mr. Phillips says that McDonald sought employment at the South Slough camp, then returned to Empire and proceeded from there to Bandon. One of the men at Mr. Phillips' Camp received a card from

McDonald at Bandon a few days ago.

**Daughter Born.**—Mr. and Mrs. Peter Scott Sr., have just received word of the birth of their first grandchild—a daughter born to Mr. and Mrs. Jas. Wm. Scott in Portland, December 1. Mother and child are getting along nicely. Mrs. Scott will be remembered here as Miss Myrtle Howe and the many friends of the young couple will hasten to extend congratulations. "Grandma" Scott will leave Saturday to make the acquaintance of the little miss, but "Grandpa" will be unable to go until later.

**Receives Promotion.**—W. E. Smith, the popular Coos Bay representative of the Marshal, Wells Hardware Company of Portland, has been promoted to the position of manager of the builder's hardware department of the firm. This will necessitate his removal to Portland to make his home, a fact that will be generally regretted by the many friends he and Mrs. Smith have made during their stay in Marshfield. They expect to leave for Portland next week. Mr. Smith has proven himself a first-class business man and has made many friends for his firm as well as himself during his residence on Coos Bay. There will be congratulations on this deserved recognition of his merit and ability coupled with regret that his advancement removes him from this community. He will be succeeded in this territory by A. J. Ness of Portland, whom Mr. Smith is introducing to the trade.

**TOPICS OF THE TIMES**

It's a cold day on Coos Bay when it don't rain—in winter.

No safer and surer investment can be found than in Coos Bay real estate. If a man exercises good judgment in buying he cannot lose.

Some people claim that The Times needs a censor. The only censor we will ever recognize, or obey, is the law, and public opinion; we are intimately acquainted with both as they bear upon the policies of this paper, and we consider it our "long suit" to comply with both and support both. A course that certain people repudiate constantly.
