### THE LIFE BEAUTIFUL.

A beautiful life is a beautiful deed,  
A giving of self for the imminent need,  
A friendly endeavor of heart and of will  
To help a companion climb over the hill.  
A beautiful life is a service of thought  
Carried into actions of graciousness fraught  
With spirit unselfish and broadness of mind,  
And being unconsciously human and kind.

## With the Toast and Tea

### GOOD EVENING.

Do not only take occasions of doing good when they are thrust upon thee, but study to do all the good thou canst. Zeal of good works will make thee plot and contrive for them, consult and ask advice for them.

### In the Meantime.

Oh, the days are getting longer,  
And the nights are getting shorter.  
It won't be so long till springtime,  
And so every feller order  
Sort of count his hooks and bobbers,  
For the very simple reason  
That before he hardly knows it  
It will be the fishing season.  
Oh, you'd better file your fish hooks  
To a point and get 'em ready.  
Practice casting in the back yard  
Just to get your old arm steady.  
Oil your reel and grease the hinges  
In your bait box, fishing brother  
Polish up your wooden minnow  
That's "as good as any other."

Mend your creel—the place you busted  
On the 'steenth of last September  
Got so many fish the bottom  
Dropped right out. Don't you remember?  
Course you do. Joe Bennett was with you  
Up at Ten Mile lake. He caught 'em;  
And the folks at home (sh-h-h—whisper!)  
Swore you either stole or bought 'em.  
Anyway, brush up your tackle—  
Most of all your boughen stringer  
You might catch a "whale" next summer.  
Wouldn't want to lose the blinger.  
In the meantime—tend the wood pile;  
Heave the coal and dump the ashes.  
Then, my boy, you won't go "nutty"

## HYDE FIGHTS SWOPE CHARGE

### Kansas City Doctor Accused of Poisoning Millionaire Wages Legal Battle.

(By Associated Press.)  
WASHINGTON, D. C., Feb. 12.—Justice Wright today in the Supreme Court of the District of Columbia granted an adjournment of two weeks in the Mandamus proceedings against the joint congressional committee on printing instituted by the Valley Paper Company of Holyoke. The paper company brought the Mandamus proceedings against the committee to show cause why the bid of the company furnish paper for the government printing should not be accepted. The company maintains in its petition that its bid was the lowest submitted and that it was thrown out illegally. The congressmen on the committee were represented by a counsel but the senate having maintained the court had no jurisdiction over that body, was not represented.

The thirst for knowledge is rarely as keen as some other thirsts.

The world is also improving in this respect; fewer barbers call themselves tonsorial artists.

When a funny man gets as old as Mark Twain it is pretty hard for him to live up to his reputation.

One trouble with the Coos Bay man who takes his time is that he also takes the time of others.

When a woman smiles at her husband's jokes it is the same kind of a forced smile you see on the stage.

One of the first things a man should learn is: Never try to flirt with a woman who doesn't care for it.

A nice lady-like way of speaking ill of a woman is to express sympathy, in a mysterious way, for her husband.

A boy can be almost as mean to the dog to which he is devoted as a woman can to the husband she says she loves.

A man can't half work and half play; he must either be a hard worker and a success, or a poor worker and a failure.

In the books the women return letters from discarded lovers unread, but in real life curiosity would arouse them from a deathbed, if necessary, to break the seal.

### Panama Is Practically Free From Fever Now.

(By Associated Press)  
WASHINGTON, D. C., Feb. 12.—From the hot bed of yellow fever a few years ago, Panama has become so free from that disease that an isolated case, now becomes a matter of news of interest to the citizens.

## GEN. BLANDON IS SHOT DOWN

### Noted Nicaraguan Leader Killed While Reading Battle-field Order.

(By Associated Press.)  
BLUEFIELDS, Nicaragua, Feb. 12.—General Blandon died as he held in his hand General Mena's order to stand and fight. A misinterpretation of this order by another is held by the provisionals to be responsible for the retreat of their troops following their repulse by the government forces at Santa Clara. The insurgents do not admit their defeat and declare that the way to Managua is open to them.  
The fall of Blandon is a great misfortune to the provisionals. He had just received and read the orders from Mena when the enemy opened fire with a maximum gun raking the spot where Blandon was quartered and killing the general.
