Noah May be Lost.—According to a letter written here by M. C. Neal of Salmo, B. C., J. A. Noah, formerly of Coos Bay, is thought to have lost his life in the Great Northern snowslide at Wellington, Wash., a few weeks ago. No particulars are given in Mr. Neal's letter. Mr. Noah is the son of O. P. Noah of Eastside, and some time ago was divorced from his wife, formerly Miss Jessie Pasco. Their son formerly made his home with Mrs. Joseph Hodson of North Coos river and last summer Mrs. Noah caused quite a stir by declaring that her divorced husband had kidnapped their boy.

Punish Wife Deserter.—Judge Hall returned today from Coquille where he heard the case of Lester King, charged with deserting his wife. King had just been brought back from St. Helens, Ore., by Sheriff Gage. He entered a plea of guilty and was put under \$400 bonds to comply with Judge Hall's sentence, which is that King must pay his wife \$30 the first of each month for her support and the support of their child, the latter being born this week.

CORRECTING AN ERROR.

In the Woolen Mill Store hat advertisement in last night's paper the printer got the prices badly mixed. It should have read: John B. Steinson soft and stiff hats, \$4.00; Malory Cravenette soft and stiff hats, \$3.50; Millieoma soft and stiff hats, \$3.00.

TOPICS OF THE TIMES.

G. H. Seide of Snipsic Lake, Conn., treated his hens like perfect ladies. The result: In the three months from just before Thanksgiving to Washington's birthday, his 160 hens laid 7,775 eggs. Their average was more than eighty-four eggs a day. It was a little better than an egg every two days for every hen.

JACK JOHNSON SENT TO JAIL

Big Pugilist Committed to The Tombs in Default of \$5000 Bail.

(By Associated Press.)
NEW YORK, March 23.—Jack Johnson, champion heavy-weight pugilist, was placed under \$5000 bond and committed to the Tombs Prison until bail is furnished, when the case in which he is charged with assaulting Norman Pinder, a diminutive negro in an up-town cafe, came up before Judge Mulqueen in the General Sessions Court today.

Some doubt whether Johnson's trial set for Monday, will be held on that date in which case it will go over until the April term of court, about the time Johnson expects to begin preparing for the final stages in his training for the championship fight with Jeffries. The failure of Pinder to appear in Court today resulted in a warrant for the arrest of the complainant.

BETTER FIRE PROTECTION

City Council Will Take Matter Up at Once—Will Make Many Changes.

The City Council last evening instructed Fire Chief Traver to take up with the Coos Bay Water Company the matter of securing an extension of its mains so as to afford proper protection for the residence districts of the city. This action followed a report by Councilman Savage that Manager Flanagan of the Water Company had informed him that until the company secured a new contract or franchise it could not take this matter up. The company recently asked a renewal of its old franchise, which has thirteen years to run, but the company wants a thirty-year franchise so they can bond the project and raise money.

Councilman Powers said that if the company was willing to make the necessary improvements in the water supply and make it adequate, he thought it would be well to talk over the franchise matter. Fire Chief Traver recently presented a report showing that the city was sadly lacking in fire protection in the residence districts and in some sections of the down town district and recommended extensions of mains and additional hydrants.

Other Changes.
Last evening Mr. Traver suggested that a uniform fire escape plan be adopted; also that the engineer of the fire department be placed under the direction of the department and that the equipment be better regulated. The Council immediately granted these requests. Mayor Straw commended the efforts that Mr. Traver is making to improve the department. Other changes desired by him were referred to him and the City Attorney to amend the existing building ordinance to secure the changes.

Moving Picture Shows.
Mr. Traver also reported that none of the moving picture shows are complying with the ordinance regulating them. Inspector Tribbey was instructed by the City Council to see that they comply with the ordinances at once.

Chimney Inspector Tribbey reported that he had inspected 287 chimneys around town and found about two-sevenths of them defective. He was told to make a detailed report and then the Council will order the owners of the buildings to repair the defects or put in new chimneys.
