MARSHFIELD SCHOOL NEWS

THE SEED.

Give me the children of the land, And let me fill their days with smiles. Let me but take them by the hand And lead them where the sun be-gulles.

Let me but have them for a space And in their little hearts instil The joyousness of Nature's face, And with God's songs their spirits thrill.

Let me but teach them where to find The blessings that were made for them, And how in service of mankind Is found man's choicest diadem.

Let me have these and I will give For each back to my fellow-men A human flower that will live, And bloom a perfect citizen. John Kendrick Bangs.

HIGH SCHOOL NEWS.

The boys have been training hard and both sides are confident of winning, yet each will concede that the other stands a good chance.

Lester Isaacson very kindly gave a mandolin selection Wednesday morning which was greatly enjoyed. He was heartily applauded.

As the time for the local track meet draws near, interest in it is increasing. A great deal of competition has been stirred up, not only among the boys, but among the girls as well, who will try to outdo each other in yells.

The purple expects to take the high jump and the weights as well as the pole vault, while the gold expects to win the broad jumps. The hurdles having just been put in and it is no certainty who is the best along that line. Harrington so far has proven himself to be the best long distance man and broad jumper and will probably also enter into some of the short distance events. Clinkenbeard is the best high jumper and is expected to take that event. He will also try out in the hurdles and perhaps in the 440 yard run and the half-mile. Weider and Bolt are doing some good pole-vaulting and Bolt is also the best weight thrower in the school. Among those out for the short distance events, Merchant and Torrey look very good. Nichols, Clarke, Hutchison and Bennett are out for the pole vault and other events. McCullough and Jensen are long distance men. Coach Hewitt has been working hard to get the boys into condition and is well satisfied with the spirit they have shown.

The meet is to be held Saturday the 23rd. It has been decided to charge an admission of ten cents in order to pay the expenses of the meet. The boys have certainly worked hard and expect to see a large turnout. A great deal of rivalry has been stirred up and each one is determined to do his best. While it is not the intention to have any hair pulling contests or any thing of that kind, some good hot events are looked for.

CENTRAL SCHOOL NEWS.

The primary pupils are painting rainbows, for their water color work.

Ellen Holm of the seventh grade passed in an excellent pen and ink sketch. It is the best she has handed in this year.

Ruth Harvey of Washington is a new pupil in the second grade.

Myrtle Lenet of the fifth grade has been absent this week on account of sickness.

Ether Asplund of the sixth grade handed in a very good water color painting this week.

Paul Harvey of Spokane, Wash-ington, is a newly registered pupil of the fourth grade.

Marie Seaman of the sixth grade is absent on account of sickness.

Mary Kruse, Lydia Holm, Gun-hill Lund, Dorothy Horton, Maude Bowron, Bessie Douglas have done some especially good work in paint-ing vases this week.

The third grade are reviewing in Geography.

Jens Hansen, Isabel Ferguson, Nellie Warwick, Loran Cooley, Nel-lie Holland, Evelyn Flanagan and Florence Powers made some very good water colored maps of Canada.

The fifth grade have begun to re-view in arithmetic.

NEWS FROM ALL OVER COOS COUNTY

MYRTLE POINT POINTERS.

News of Upper Coquille as Told by The Enterprise.

Miss Ora Deyoe has contracted to teach the Lee School which will begin Monday. Miss Deyoe came up from Bandon yesterday.

The little daughter of Will Gilbert of the South Fork recently fell into a chip fire burning in the yard and quite severely burned her hand.

man who recently lost his leg, re-turned from a visit to the east Sat-urday and was much affected by the accident to her husband.

A trio of young men who had filled up on boot leg drips tried to pull off a mill in the grove the first of the week, but were taken in charge by the city officers and contributed \$10 apiece to the town treasury.

W. H. R. Corbin has taken the contract to blast out 100 yards of road at Sugarloaf where the bed that had built up is giving away. He will employ five or six men in the work. He left for the place to be fixed up with his crew last Sunday.

E. P. Schow of Portland, repre-senting some large property inter-ests in this valley, was a Myrtle Point visitor this week. Mr. Schow is interested in the proposed Port of Coquille, adversely, and was pre-senting arguments against the port to a number of property owners.

C. E. Broadbent, who has been absent on a business trip to San Francisco, returned to Myrtle Point last Saturday. He was accompa-nied by his mother-in-law, Mrs. Anne Barklow, who had been spending the winter with her daughter at Covina, and with other California friends.

A special meeting of the city coun-cil was held Monday evening of this week to forward the work of re-building the water works system. Engineer Robinson, who had been agreed upon as engineer for the work was absent from the county, being in the Sluslaw country and Engineer F. K. Gettins of Marshfield was in- vited to meet with the council. It was decided however, to wait for word from Mr. Robinson before hir- ing another engineer, and if Mr. Robinson cannot take up the work Mr. Gettins may be employed.

FINDS BIG EGG.

Myrtle Point Hen Establishes New Sized Record.

Wm. Wise of the Rural neighbor-hood brought in an egg that was laid by a white leghorn hen, but looks as though it had been propagated by a goose of which Mr. Wise says there are none on the place. The egg is 7 1/2 by 6 1/2 inches in circumference and weighs 3 3/4 ounces and 20 grains.—Myrtle Point Enterprise.

OWL WITH MONKEY FACE.

Finley Michael shot an owl on the flats one day recently that does not seem to be a native of this section. It has a hairy like face much like a monkey and has peculiar markings on its feathers. Chas. Southmayd says it is a native of California where it is known as the barn owl.—Myr-tle Point Enterprise.

Mexico and the West Indies the past week.

Forty-six pupils of the sixth grade entered a contest in addition to add seven long columns of figures. The pupils making the best time and ac-curate results were:

WILL PROTECT LUMBER.

Coos County Fire Patrol is Organized for Season.

The Portland Journal says: "The Coos county Fire Patrol association was organized in this city by a number of prominent timber owners in Coos county, including the O. & C. Railroad company, which holds title to about 350,000 acres of timber land in that county. The purpose of the association will be to maintain a system-atic fire patrol throughout the timbered areas of the county during the dry season when there is danger of forest fires, and it is believed that this can be done at a saving of about half a cent per acre as com-pared with the cost last season when each individual timber owner paid about 2 cents per acre. The asso-ciation will work in close harmony with the Oregon Forest Fire asso-ciation."
