Value

is not what some people imagine it to be. There is only one kind of clothing value—actual worth. When you read a (Bargain Sale?) notice of \$50 value for \$7.69, your good sense tells you it is not worth \$50.00—but most likely it is a \$7.50 value.

Every garment we offer is worth the price we get for it. A \$15.00 suit will be worth \$15.00 in ACTUAL WEARING VALUE TO YOU.

At the price you pay us, we are absolutely certain that it is the most style, quality and workmanship to be had for that money—no matter if it is \$8.50 or \$30. Our policy is: "The utmost value at the price." That's us. At the

LAUNDRY

We launder negligee shirts beautifully. When a man begins to go vestless, the appearance of his summer shirt assumes added importance. We count it worthy of note that we're satisfied with some of the most particular dressers on Coos Bay with the negligee shirt laundering which we're turning out, and if we can suit those, we can certainly suit others. Why not test the Coos Bay way, anyhow, and learn how exceptionally good the work can be done? We call for bundles. You needn't bring them.
