**Buys Auto.**—J. L. Koontz has secured the auto which has been operated here by Ira Chapman.

**Council Meets.**—The Marshfield city council will meet this evening to take up various matters. Mayor Straw and Councilman Hennessey are out of the city, leaving only five to attend the business.

**School Election.**—The annual school election in Marshfield will be held June 20 for the purpose of electing a director for a term of three years, the term of Dr. J. T. McCormac expiring.

**Play Here.**—Instead of going to Bandon next Sunday, Marshfield will play Bandon in Marshfield. The fair grounds diamond is being put in readiness for the game. Myrtle Point will come to North Bend Sunday for a game there.

**Made Quick Run.**—Word has been received here that Claude Nasburg made the run from here to Roseburg in his Buick in nine and one-half hours. He was accompanied by Herbert Lockhart, C. F. McKnight and F. W. Vogler, the latter being the Buick agent at Portland.

**Gives Party.**—Last evening Mr. and Mrs. E. H. Morrissey and Otto Morrissey entertained a small party of friends complimentary to Mrs. J. T. Harrigan, who leaves in a few days to visit in Wisconsin and Pennsylvania. Among those present were A. T. Haines and wife, C. E. Nicholson and wife, F. M. Parsons

and wife, A. L. Houseworth and wife, Dorsey Kretzer and wife, A. E. Neff and wife, J. T. Harrigan and wife, Mrs. Edie Farringer, E. H. Morrissey Jr., Thayer Grimes and Miss Newman.

**Likes Stage Ride.**—Mr. and Mrs. A. E. Cavanaugh and Mrs. Robert Bedillion of Bandon arrived here last night and went on to Portland on the morning local. The ladies said the ride from Myrtle Point here on the stage is a delightful trip.—Roseburg News.

**Hurt in Camp.**—Oscar Signalness was brought down from Selen and Stora's logging camp near Summer this afternoon and taken to Mercy Hospital, having been severely injured in a logging camp there. The extent of his injuries had not been ascertained at the hour of going to press.

**At Grants Pass.**—James Crawford, son of Attorney-General A. M. Crawford, arrived in this city Monday and has joined the irrigation crew of the Rogue River Irrigation and Power Company. He has just come out of Willamette University and expects to stay by the outside work all summer.—Grants Pass Observer.

**Strawberries Higher.**—Strawberry growers report that the high wind last week did untold damage to their crop, drying up the berries badly. In consequence, there will not be nearly as great a crop as was expected. The price at the stores has jumped from three boxes for a quarter to two boxes for a quarter and they are scarce at the latter figure.

**Perham Gets Big Job.**—E. G. Perham of Marshfield was awarded the contract for the construction of two bridges across Bear Creek by the county court. One of these structures is to be at Phoenix and the contract price is \$6,812. The other will cross the stream at the foot of Oak street in Ashland to cost \$1,650.—Medford Tribune.

**Follows Same Plan.**—Mrs. Mary Early, sister of Miss Elizabeth Donnelly, says that the announcement that Miss Donnelly had opened a hair dressing and massage parlor in Portland was erroneous. Miss Donnelly has merely established a home there and follows the same system that she did in Marshfield of visiting her patrons at their homes.

**Pioneer Travels.**—W. D. Stillwell of Tillamook arrived here from Coos Bay and went on to Portland where he will enjoy the pioneer reunion of Indian war veterans. Mr. Stillwell is one of those sturdy forty-four pioneers, who drove an ox team across the plains to settle where he now resides. He says he is proud of Oregon, and watches her grow with great interest, but is a little partial to Yamhill.—Roseburg News.

### AMONG THE SICK.

Mrs. J. W. Bennett, who recently underwent an operation at the Home Hospital, has recovered sufficiently to be removed to her home where she is getting along nicely.

Mrs. Albert Merchant, who was operated on at Mercy Hospital, is reported doing as well as could be expected.

## LITTLE TALKS ABOUT TOWN

A GRIST OF COOS BAY GOS-SIP GATHERED HERE AND THERE ABOUT THINGS OF

"I have worn a beard for thirty years and I would almost be lost without it," remarked E. W. Guptill, the well known

**Wears Beard Many Years.** rancher, while in Marshfield the other day. "It is hard to get accustomed to a beard, but it is even harder to do without one after you have grown used to it. I have worn a moustache since I was married, forty-seven years ago. It seems a long time, but it has passed mighty quick."

"Coos Bay is in reality twelve or fifteen hundred miles from a railway," remarked R. M. Jennings, while discussing the railroad situation.

**Time and Distance to Coos Bay.** "I mean what I say and I tell you why. It is because of the amount of time it takes to get in or out of Coos Bay. At almost any other point in the United States of anywhere near the importance, you can get on a train and travel twelve or fifteen hundred miles in the time it takes you to get in and out of Coos Bay. This is a big handicap in getting prominent men in here because they cannot afford the time the trip requires. This is one of the reasons why everybody interested on Coos Bay should do at they can to hasten the coming of a railroad, because a railroad means quick communication, and that will mean an influx of new residents to aid in developing this section."

"The principal topic of conversation in San Francisco now is the Panama Canal exposition, which they hope to hold there," remarked J. H. Flanagan, after his return from the California metropolis a few weeks ago. "Everybody is enthusiastic over it and thinks it is certain that San Francisco will secure the fair. New Orleans is after it, also. San Francisco people have raised over \$4,000,000, according to the public announcements, to start it. However, I think they have really raised over \$7,000,000, but are keeping the exact amount secret as a trump card to play on their rivals. The fair would be a big thing for San Francisco and would probably do more than any other one thing now to restore the city to the old standing it enjoyed before the disaster."

**San Francisco to Get Exposition.** "It is the hotel men and the proprietors of eating houses who are bearing the brunt of the increased cost of living," remarked a well known Marshfield man the other day.

**Increased Cost of Living.** "The average family doesn't notice the few dollars a week or month, but the hotel man or restaurant proprietor has it forcibly brought home to him every day. This is probably because the latter keeps close account of his expenses and the family man does not. The hotel men have not been able to increase the revenue from their tables proportionately with the increased cost of keeping it up. A foreboding example of it has just been called to my attention—the closing of the dining room of the Blanco Hotel, which has been open since 1870, forty years. Messrs. Ferry and Flanagan told me that for a long time they had not been making anything on the dining room but that for some time there was a considerable loss attached to it so that they had to close it. The restaurants and short order

houses can guard better against this loss by charging by the dish, but the hotel man can't when he charges by the meal."

## LAUNDRY

We launder negligee shirts beautifully. When a man begins to go vestless, the appearance of his summer shirt assumes added importance. We count it worthy of note that we're satisfying some of the most particular dressers on Coos Bay with the negligee shirt laundering which we're turning out, and if we can suit those, we can certainly suit others. Why not test the Coos Bay way, anyhow, and learn how exceptionally good the work can be done? We call for bundles. You needn't bring them.
