RACE WAR ON IN TEXAS; DOZEN NEGROES ARE KILLED

A Riot at Slocum Results in Shooting and Several White Men Are Wounded.

STATE RANGERS ARE SENT TO SCENE.

Many Negroes Arrested and It Is Thought Worst Trouble Is Over.

(By Associated Press.) HOUSTON, Texas, July 30.—Reports from Palestine, Tex., to-day state that fifteen negroes and one white man was badly wounded in a race riot near Slocum, Anderson county, late yesterday.

DOZEN OR MORE DEAD.

(By Associated Press.) HOUSTON, Tex., July 30.—That a dozen or more negroes were killed and several white men wounded in a race riot at Slocum, Anderson County, is told in meagre reports received here to-day. The Adjutant-General at Austin was notified of the trouble and sent the State Rangers to the scene and in a dispatch received this afternoon says that probable further trouble will be avoided. The riot began late yesterday when James Alford, a white man, had an altercation with a negro regarding a protested note. This led to a general fight between the whites and negroes, in which knives and pistols were used. When a semblance of order was restored, ten negroes were found to be dead and several more wounded. It is believed others were concealed by members of their race and have since died. Three white men, whose names have not been learned, are seriously injured. Many negroes are being arrested.

IS NOT BADLY HURT.

Miss Getty Not as Seriously Injured as at First Reported.

Miss Aileen Getty was not as seriously hurt in the auto accident yesterday as was at first reported. She was in the back seat of the machine. The only other passengers were her parents, Mr. and Mrs. Getty. The accident happened about six miles from Marshfield on the Coquille road. Mr. Getty was running the machine. He turned to look at something and the machine went the wrong way. He reached for the emergency brake and got hold of the wrong handle and the machine dashed over the embankment and turned bottom side up eight feet away.

Miss Getty was plonked under the machine and was thrown down with such force that her head was driven into the mud. It was fortunate that the ground was soft or she probably would have been killed. As it was she was quite badly bruised and cut about the head and back, but the injuries while painful are not serious. The machine was righted and the party went on to Coquille.

WILL HARVEST SOON.

Gravenstein Yield Fair But Other Apples Will Be Short.

The harvesting of the Gravenstein apples in Coos county will begin in a few weeks. Most of the ranchers report that there will be a fair yield of Gravensteins this season, but some of the growers say that the yield of other later varieties of apples will fall rather short this year. On some of the places, the fall apples will not amount to anything. The only way the shortage is accounted for is that it is simply an off-year for some of the late varieties.

BUILD LUMBER CRANE.

New Structure Being Erected at the Smith Company Lumber Yards.

The C. A. Smith Lumber and Manufacturing Company is building a large electric crane in the retail yards on Broadway. The crane will be used for loading wagons and handling lumber in the retail yard. It is quite a heavy structure and will handle the lumber in much the same manner as the movable cranes in the main lumber yard are operated.

DROP NAME OF KINNEY

North Bend High School Will Be Named After the City.

The school board of North Bend held a meeting last night and decided to change the name of the high school from the Kinney high school to the North Bend high school. The new building will hereafter be known as the North Bend high school. One of the directors stated that the belief that the high school was better located by being named after the city. The name of Kinney in connection with the high school is dropped.

FILLED WITH WATER.

W. S. Chandler's New Launch Came Near Being Swamped.

Will Chandler tried out the new gasoline launch which came on the Breakwater for his father, W. S. Chandler. The boat is a fast one and runs splendidly, but when it was unloaded from the vessel, the hull was broken, so that there was a leak in the stern. Last night the launch began to fill with water and it was necessary to pull her upon the ways to prevent her swamping. As soon as the repair is made Mr. Chandler will take the launch up to his bungalow on Coos River.

MURDERER OF GIRL IS ARRESTED

Joseph Wendling, Slayer of Alma Kellner at Louisville, Captured in San Francisco After Long Chase.

(By Associated Press.) SAN FRANCISCO, July 30.—Joseph Wendling, wanted in Louisville for the murder of Alma Kellner, was arrested here this morning. He admits his identity. Wendling was janitor in St. John's school and is charged with having slain the little girl.

The capture was due to an anonymous tip given the police several days ago. A lodging house at 345 Third street was watched and early to-day it was decided to search the premises. Wendling was found hiding under a sink. He denied he was the man but when the police pointed out a bullet wound in his hand received while he was in the French army and a scar tattooed on his body he admitted his identity. He had been traced to Vallejo after a chase across the continent. Later he was traced to this city, where many traces of the man were found, but the police could not lay hands on the man himself until while admitting his identity Wendling stoutly maintained his innocence of the crime. He denies he ever heard the name of Alma Kellner.

To the Associated Press, Wendling

said he left Louisville because of fear of his brother-in-law, Louis Arnold, who followed him from France. Wendling said he was not married to the woman who is now his wife when they fled from France, and Arnold had threatened to kill them both.

Captain Carney of the Louisville detectives, who was understood to be en route to Louisville, turned up here this afternoon after having been to Sacramento on a clue. He will examine Wendling this afternoon.

MUCH OVERJOYED.

(By Associated Press.)

LOUISVILLE, Ky., July 30.—Frank Fehr, a wealthy brewer and uncle of Alma Kellner, was overjoyed at the news in the Associated Press dispatches and hastily adjourned a meeting of the directors of his company to visit the Associated Press office for details of the capture of the alleged murderer.

Alma Kellner was the eight-year-old daughter of Mr. and Mrs. Fred Kellner. She left her home on the morning of December 8th last to attend mass at St. John's Church, three blocks away. She was last seen alive in the church by two men who noticed Wendling peering into the church from the sacristy. Wendling gave up his position and disappeared in January.

BANDON TEAM IS COMING

Will Bring Band and Play Baseball With Marshfield Nine.

A big baseball game for to-morrow has been arranged with the Bandon team. The Bandon rooters will run an excursion and will bring their ball team and the famous Bandon band and expect to have a big turnout.

A few weeks ago Marshfield sent a team to Bandon and now this is the return game. There is to be a purse of \$100 and a great game is promised those who attend. The game will be called at 2 o'clock at the Marshfield ball park. There will be music by the Bandon band.

Wright will probably pitch for Marshfield and Snyder will catch. The other players who will be on the team will be McKeown, Keane, McCutcheon, Gaffney, George Ferrey, Johnson and probably Nasburg and Tower. This will be a good line-up and as Bandon will bring a first-class team, some lively playing is expected.

SHOOTS FIVE; IS AT LARGE

Murderous Man Who Kills Two and Wounds Others — Makes Escape.

(By Associated Press.)

QUINCY, Mass., July 30.—Louis Restilli, who yesterday shot five persons, two of whom died, succeeded in eluding his searchers all night, and is still at large to-day. He shot down Mrs. Rose Restilli and Henry E. Hardwick, both of whom died, and seriously but not fatally, wounded his brother Gaspar, and Theo. Hardwick and Benjamin Bishop.

ENCOUNTERED A STORM.

The Coquille Herald says: Capt. Oisen of the schooner Albion, was in town Monday. On his way up the coast from Frisco to the Siuslaw, he encountered some heavy winds which carried away a portion of his vessel's rigging and he stopped in at Coquille. He has been looking about for a cargo, but it so happened that the lumber yards were not very heavily stocked at the present time.

EXCITEMENT IN SPAIN INTENSE

Trouble With the Vatican Has Created a Critical Situation.

(By Associated Press.)

MADRID, Spain, July 30.—Excitement in the capital and throughout Spain is intense over the conflict with the Vatican, which came to a climax yesterday when the decision to Premier Canalajas to recall the Spanish Ambassador to the Vatican was reached. Both governments and the clerical parties have accepted the challenge to battle, and the situation is complicated by the intrusion of Don Jaime, the exiled pretender to the throne, who may, under the existing conditions, easily develop as acute features as those of last year. Already the government is taking precautionary measures and prohibiting any demonstrations from which disorder might result. The clerical element, which has often won in similar battles in Spain, seems to have set its aim upon the downfall of Canalajas and his cabinet and the cancellation of the entire program of reform.

FIGHT BATTLE IN THE DARK

Striking Coal Miners And State Troops Clash Near Greensburg, Pa.

(By Associated Press.)

GREENSBURG, Pa., July 30.—In a fight last night near the Export coal mines, ten miles from here, a striking coal miner was shot and killed, and George Davis of Wilkes-Barre, a member of Troop A, of the Pennsylvania State Constabulary, was seriously wounded. Nearly a score of others received minor injuries. The battle between the strikers and the authorities was fought out in the dark and was the result of an effort to arrest the sharpshooters said to be sympathizers, who for a week have been trying to shoot out a searchlight placed on the tipple of one of the mines where a strike has been in progress for three months.

The LAUNCH EXPRESS will leave Marshfield Sunday for Enegren's Grove, carrying passengers to the annual meeting of the SUOMI SOCIETY.

GIVES PLANS OF RAILROAD

President of Coos Bay Traction Corporation, Newly Organized, Makes Statement.

With its purpose that of building a railroad from the coast to Roseburg to connect with one or more transcontinental lines, the Coos Bay Traction Corporation, for which articles of incorporation were recently issued at Salem, has through a statement from the president, George F. Averill, made public its plans. A page advertisement in this issue gives the details.

The company is incorporated for \$1,000,000. There are 10,000 shares at \$100 each. Of these George F. Averill, the president, holds 9,995 shares, and the following who are also incorporators, each hold one share: W. P. Evans, George M. Perline, N. B. Campbell and R. T. Harding. Mr. Perline is president of the Marine Trust and Savings Company of San Francisco, and Mr. Campbell is manager of the trust department of the same institution.

The purpose of the incorporation as given in the articles is that of constructing and operating transportation lines in Oregon. As will be seen by reading the articles of incorporation the purpose takes in everything that could come under the head of operating railroad or steam lines. In his public announcement, Mr. Averill, the president of the corporation, states that he and his associates have undertaken the task of supplying Coos Bay with the long-felt need of an electric line. He states that they have secured Eastern capital and backing of California financiers and now seek the co-operation of the local people.

It is stated that the company does not ask any bonus or donations more than the right of way, much of which has now been secured along the proposed route. They are asking for a limited number of subscriptions to a six per cent 50-year guaranteed debenture gold bond issue. The bonds are guaranteed by the Marine Trust and Savings Company of San Francisco. The bond subscriptions are to be made through the various banks from North Bend and Marshfield to

Believed Beyond Doubt That Dr. Crippen and Woman Are Aboard Ship.

OFFICERS WILL GO TO MEET VESSEL.

Wireless Messages State That Suspects Are Uneasy and Look Worried.

(By Associated Press.)

FATHER POINT, Quebec, July 30.—Final plans for the reception and boarding of the Montrose was decided upon to-day. The procedure decided upon is that when the Montrose heaves to off here the Canadian officers and Inspector Dew, together with the newspaper men, will go out to meet her. It is believed if Crippen is at all suspicious he will know that but one man and that one the pilot, should board the Montrose. Accordingly the steamer officers have been instructed to watch the suspect every moment and avoid any possibility of an attempt at suicide when he realizes his position. Dew will probably be the first to go aboard the Montrose, followed by the Canadian police representatives, who will make the arrest when Dew points out his man.

SUSPECT IS GLOOMY.

(By Associated Press.)

MONTREAL, Canada, July 30.—To-day's Star prints another wireless dispatch from Captain Kendall of the Montrose, reading as follows: "Steamship Montrose, July 30, via Father Point.—The supposed Dr. Crippen was on deck early looking at Belle Isle. He had a worried look and packed the deck as one in thought. The supposed Miss Leneve was in her room all day. She wears a gloomy expression. We stopped in a fog all night. The suspects said they did not sleep. Both appeared haggard. I will send another wireless message to-morrow. "Kendall, Commander."

DOES NOT SUSPECT.

(By Associated Press.)

FATHER POINT, Quebec, July 30.—The following wireless from the steamer Montrose, directed to the Associated Press, was received to-day: "July 30, 7 A. M.—The Montrose now is abeam of Heath Point, Anticosti Island. Regarding your wireless, nothing of importance has happened yet. We stopped in a dense fog off Belle Isle Thursday night. The suspects are more retiring than ever. No arrests have been made and they are still unsuspectingly observed. The weather is bright and clear. (Signed) Lew Jones, Marconi Operator Montrose."

Roseburg. The money is not to be withdrawn, but the banks receiving the money on bond sales are to be depositories for the company. It is stated that the small bond subscription is asked of the local people only for the purpose of showing outside investors that the people of Coos Bay and along the line have faith in the project as a good business proposition.

Mr. Averill also makes public a letter from the Marine Trust and Savings Company of San Francisco and signed by N. B. Campbell, the manager of the trust department. In the letter the banker writes to Mr. Averill that after examining his securities and Eastern connections and his facilities as outlined for disposing of the bond issue, and also depending upon an agreement to dispose of \$500,000 worth of bonds in the local territory, the bank agrees to guarantee \$5,000,000 worth of the bonds as to principal, upon conditions which were agreed upon.

The form of the bonds and agreement to purchase are also made public.

TROOPS ARE GATHERING.

(By Associated Press.)

COLUMBUS, Ohio, July 20.—The Fourth Regiment of Columbus, the Eighth of Akron and Troop B of Columbus, were ordered out to-day on strike duty in Columbus. Other troops may be ordered out later. The Governor has consented to the patrolling of the streets by the troops.
