WOMAN KILLED WHEN AUTO OVERTURNS NEAR MYRTLE POINT

Mrs. Mary Hollafield, Aged Woman, Victim of Accident Near Sheep Ranch.

MRS. WALTER KENT OF DRAIN, INJURED
Brakes Failed to Work and Attempt to Run Car Into Bank Proves Fatal.

(Special to The Times.)
MYRTLE POINT, Or., Aug. 20.—Mrs. Mary Hollafield, an aged resident of Drain and formerly of Myrtle Point, was instantly killed, and Mrs. Walter Kent, of Drain, seriously injured about 4:30 yesterday afternoon when an auto turned turtle on the Roseburg-Myrtle Point road near Sheep ranch, about sixteen miles east of Bridge.
Walter Kent, who was driving the machine, and his three children, escaped injuries in the accident.
The party was coming from Drain to Myrtle Point to visit. Mrs. Hollafield was the mother of Mrs. Joe Bridges, a former resident of Myrtle Point, whose husband conducted a store here at one time. Mrs. Kent is a daughter of Mrs. Bridges.
In coming down the hill about a mile east of the stage station known as the Sheep Ranch, Mr. Kent felt the auto getting away from him. He thought to run into the bank and stop the car on the steep grade. However, the machine was evidently going faster than he had figured and on striking the embankment, turned turtle.
Mrs. Hollafield was pinned underneath the car and her neck was broken and one hand all but severed.
Mrs. Kent sustained a dislocated shoulder and some bad bruises.
G. W. Carr and Dr. Johnson went from Myrtle Point as soon as the word reached here and Mrs. Kent's injuries were attended to. The body of Mrs. Hollafield was taken back to Roseburg.
The car was not badly damaged.

KEEP SILENT ABOUT MEXICO

Senate Refuses to Permit Debate Pending Outcome of Wilson's Negotiations.

(By Associated Press to Coos Bay Times.)
WASHINGTON, D. C., Aug. 20.—A disposition to refrain from any discussion of Mexican affairs was evident in the Senate again today and the session of the foreign relations committee was devoted to other affairs. When the resolutions introduced by Senator Penrose asking for information about the Mexican situation came up automatically for consideration the Senator put them over indefinitely. The Poindexter resolutions went the same way. That action was in keeping with the understanding reached yesterday by the Republicans not to press the Mexican debate in the Senate for the present.

WILL PUNISH THE OFFENDERS

Secretary Daniels Announces Decision in Seattle I. W. W. Cases Today.

(By Associated Press to Coos Bay Times.)
WASHINGTON, D. C., Aug. 20.—Secretary Daniels has directed the punishment of the sailors of the Pacific reserve fleet who participated in the destruction of the Industrial Workers of the World and the Socialists' property in Seattle, July 18, if they can be identified, though he severely condemns the civilians who abused the sailors and American flag.

HOTTEST DAY IN FOUR YEARS

Temperature at Noon Today Was 89—Was Warmer in September, 1909.

Today was the hottest day Coos Bay has experienced in four years. The temperature at noon reached 89 and promised to go higher. This is according to the official records kept by B. B. Ostlund, U. S. weather observer here.
The previous hot days were September 15, 1909, when the thermometer registered 93, and on August 24, 1910, it climbed up to 87.

HOT WEATHER HURTS CROPS

Continued Drouth in Kansas Means That Almost Nothing Will be Produced.

(By Associated Press to Coos Bay Times.)
KANSAS CITY, Aug. 20.—Reports of dry weather damage continued to reach here today from Kansas and the drouth-stricken country.
Fruit growers of Northeast Kansas and Northwest Missouri say the apple crop will be little better than a failure. The scattered showers of the last four days have reduced the average temperature several degrees and in some sections the precipitation was sufficiently heavy to allow the corn crop to mature, but yesterday's temperatures in many parts of Kansas were still about a hundred and promise to pass that mark again today. Fruit growers in Arkansas River and Cow Creek Valleys, near Hutchinson, Kan say reports that they have saved thousands of dollars worth of apples by tapping the underflow and taking water from a sand strata through wells and pumping it on their orchards.

100 TEACHERS AT NORTH BEND

Annual Coos County Institute Progressing Nicely—Social Features Provided.

With about one hundred in attendance, the annual session of the Coos County Institute is in progress at North Bend. The work is progressing very nicely and Superintendent Raab considers it one of the best that has been held.
Tomorrow night State Superintendent Churchill, who is expected to arrive tomorrow, will deliver an address at the auditorium. This evening, Assistant State Superintendent Carelton will deliver an address and tomorrow morning at 8 o'clock Aviator Steele will give a hydro-plane flight for the benefit of the teachers. Tomorrow afternoon they will enjoy an auto trip to Sunset Bay and Shores Acres.
Miss Shearer, one of the instructors, was a friend of Miss Blanche Fridd, the Monmouth Normal teacher who lost her life in the steamship State of California wreck near Alaska, and was greatly depressed by the news in The Times last evening.

HARRISON IS CHOSEN.
New York Man for Governor-General of the Philippines.
(By Associated Press to Coos Bay Times.)
WASHINGTON, D. C., Aug. 20.—Representative Francis Burton Harrison, of New York, has been selected for Governor General of the Philippines. His nomination will go to the Senate today.

WILL REPORT ON SABOTAGE

Attorney General Crawford to Tell of I. W. W. Methods There—Goes to Bandon.

Attorney General Crawford and wife left this afternoon for the country home of Judge Watson at Coos City where they will spend a day and tomorrow Mr. Crawford will proceed to Bandon to look into the I. W. W. trouble and Leach deportation there. He expects to spend the balance of the week along the lower Coquille and at Bandon and may make a trip down to Gold Beach, they will return here next week and finish his investigation, after seeing Sheriff Gage and other officials at Coquille.

Mr. Crawford's report on affairs here will, judging from investigation, be rather exhaustive and will touch on the operations in this section. It is understood that he will investigate reports of I. W. W. sabotage methods in Coos County. It is understood that he will investigate reports of the I. W. W. putting spikes, etc., in logs so that when they went through the saws that the latter were broken. Similar acts in the logging camps where I. W. W. were tolerated prior to their expulsion are also to be investigated. Some of these reports are understood to have been kept quiet at the time, but a number of workmen are said to have narrowly escaped serious injury caused by saws being broken by the spikes in logs, etc. These will be put up to Governor West in the report.
No action will be taken by Attorney General Crawford prior to the submission of the detailed report to Governor West.

Run For Governor.

It is stated that Attorney General Crawford will undoubtedly be a candidate for Governor on the Republican ticket at the next gubernatorial election. When asked about it last evening, he stated that he had not quite made up his mind about the matter, but that many of his friends were urging him to enter the race and he might consent to do so.
He would undoubtedly poll a big vote in Coos County, having many friends here from his former residence in this section, and others made by his progressive attitude in the position he now holds. His victory in the United States Supreme Court in the telephone tax case, the Milwaukee-Portland street car rate and other matters have added materially to his strength.

Some of his friends in Coos County thought that Governor West by sending Mr. Crawford here on the I. W. W. mission was really trying to put the latter over a political barrel. West is said to be out of the Governorship race but to be boosting Judge Gatens of Portland as his successor.

Sees Local Men.

Mr. Crawford yesterday afternoon saw Andrew Storgard and talked over the matter with him. Mr. Storgard told him what he knew about the matter.
Mr. Crawford stated that he was misunderstood yesterday relative to Mr. Storgard. He said that the letters Gov. West had received about the affair had mentioned Storgard as one who was able to give much information about it and that he did not intend to give the idea that Storgard was the one who had written about it.

Today Mr. Crawford saw C. H. McLoughlin. He also talked with A. H. Powers, and intended to see Jack McDonald of the McDonald and Vaughan camp and also others here before he leaves.

FATAL FALL IN GLACIER PARK

(By Associated Press to Coos Bay Times.)
GLACIER PARK, Mont., Aug. 20.—Dr. Calvin I. Fletcher, of Indianapolis, was instantly killed in Glacier Park yesterday while scaling Blackfoot Glacier. He fell 400 feet.

MANY TO LOSE HOMESTEADS

C. A. Smith Company Takes up Lands in Litigation and Locators' Fees Lost.

Word has been received here that the C. A. Smith Timber Company has practically concluded the legal deal for taking back the 20,000 acres of Coos County timber land which reverted to the Government under the sale by the Oregon & California Railroad Company. The C. A. Smith Company was held by Judge Bean in Federal Court to be an innocent purchaser and as such was entitled to take the land by paying the Government \$2.50 per acre. This is being done. The C. A. Smith Company, it is stated, will not lose on the deal, as the Oregon & California Railroad Company gave a warrant deed to the land and under it will have to pay the \$50,000 and the costs of the litigation.
The adjustment of the case is of much interest on the Bay, as during the last year a number from here have entered on the tract as homesteads. Many of them were located there by young Puter, of Portland, who operated in this section for some time. It is said. Some were in the Rock Creek country. Most of these are reported to have paid \$100 or \$150 apiece location fees and will now be out this amount.

Many Lost Money.

Concerning the land location swindles in Douglas County, the Roseburg News says:
"In an interview with Secretary of the Interior Lane, at Portland, George P. Schlosser, of the Roseburg Commercial Club informed the National official that application had been made upon the Oregon & California Railroad for more than 14,000 acres of land. None of the applicants can possibly secure title to the lands, however, for the reason that the Government and railroad company are at present engaged in litigation over the same. Most of the applicants were 'taken in' by so-called land locators, and were compelled to pay anywhere from \$25 to \$500 for the worthless entries."

HOT BATH FATAL.

Mrs. E. N. Smith, of Bandon, Succumbs to Attack of Heart Failure.

Word has been received here of the sudden death of Mrs. E. N. Smith at the Gallier Hotel in Bandon. It seems that Mrs. Smith went to the bath room and remained longer than the bath would require and her children became alarmed. Others were called and opening the bath room found her unconscious and she expired soon afterwards. Physicians stated that she had evidently gotten into bath water that was too warm and induced the attack of heart trouble. Mrs. Smith was well known here and her death was a great shock. Mr. Smith has been a prominent Coquille Valley real estate operator, and is quite well to do. The family has been dividing their time between Bandon and Riverside, Cal.

ARE READY FOR THE ROUNDUP

All Entries in Speed Program Are Filled—Live Stock Plenty.

Frank Norton announced this afternoon that all entries for all races in the speed program at the Roundup and races, August 22 and 23 were filled. Most of the horses have arrived and are being put in form at the tracks.
Manager Grider of the Roundup, says that live stock is coming in lively for that feature of the meet and there is every promise of a successful meet.
Tabasco, the Coquille bull, broke loose last night from a barn in Coquille, and the citizens of the county seat enjoyed a free roundup for a short time. The animal was roped, however, and will be

HARRY THAW WILL KNOW SOON WHETHER HE CAN GO FREE

FINAL PLEAS IN DIGGS CASE

Closing Arguments in Noted White Slave Controversy—To Charge Jury Today.

(By Associated Press to Coos Bay Times.)
SAN FRANCISCO, Aug. 20.—The closing arguments in the Diggs white slave trial were begun today and it is expected that the Judge will begin to deliver his charge to the jury at 4 o'clock this afternoon. Theodore Roche, representing the United States, said: "The defendant did not deny on the stand the truth of the essential facts we have shown. He had to admit them all and then he comes before you and asks for acquittal. The defendant in a criminal case usually bases his defense on the presumption of innocence, but this defendant relies on his own depravity and licentiousness. He comes into court covered with his own shame, and hides behind the skirts of his wife and child. When these girls went to Reno, their departure meant social ostracism. Marsha Warrington went because she believed, and trusted this man. She did not desire money, dresses or presents. Her parents gave her these. But this man had promised her marriage, as Caminetti had promised Lola Norris. These promises at the time they were made never were intended to be kept. It was intended to abandon the girls in Reno. They never could have returned to Sacramento, and you know what that means. An acquittal will mean a miscarriage of justice. It will be a defamation of the fair name of California. It will cry out to the world that the fair name of women cannot be upheld in this state."

TRAIN ROBBED IN PORTLAND

Two Arrested for Holding up Soo-Spokane Limited in Portland Last Night.

(By Associated Press to Coos Bay Times.)
PORTLAND, Or., Aug. 20.—The police have arrested Eugene Jones and Sam Wold charged with being two of the bandits who robbed the Soo-Spokane limited train in Sullivan's Gulch in this city last night. Jones was seen coming out of the gulch immediately after the robbery, and although he eluded the police at that time, he was caught later. Sam Wold, who was arrested from the description given one of the robbers by passengers, was found armed with a piece of rubber hose weighted down at one end with a large steel nut. The passengers say all four bandits appeared to be amateurs. They were partially intoxicated.

FALLS TO DEATH

Circus Trapeze Performer Killed at Tacoma.

(By Associated Press to Coos Bay Times.)
TACOMA, Aug. 20.—Alphonz Rlenche of Berlin, billed as Antone Alphonz, a star trapeze performer with a circus, who fell fifty-five feet last night when a trapeze bar came down. He died today without regaining consciousness. He was thirty-four years old.
at the grounds in Marshfield Thursday and Friday.
Everything is being made ready for the big show Friday and Saturday.

Broke Arm.—Clarence Green, driver on the Bunker Hill-Marshfield auto stage line, sustained a broken bone in his forearm as a result of his machine kicking back when he was cranking it.

Will be Brought Into Canadian Court Tomorrow on Writ of Habeas Corpus.

PUBLIC SENTIMENT THERE FAVORS THAW

Crowd Yells to Give Him Freedom and Anxiously Waits to See Him in Court.

(By Associated Press to Coos Bay Times.)
SHERBROOKE, Can., Aug. 20.—Harry Thaw spent last night in the hospital ward in jail, and this morning, at the urgent telegraphic demands of his counsel, retained new counsel to fight deportation to the United States. Since his arrival here Thaw money has poured into Sherbrooke. An alienist has already been tentatively engaged. Thaw would welcome any test of his sanity. Thaw had only a few cents in his pocket when arrested yesterday and was without funds when he wished to purchase fresh linen this morning. He was finicky about his personal appearance and after the barber had shaved off a four-days' growth of beard, Thaw said he would like to have a necktie. He was given money to supply his needs, and after brushing the dust of at least four states and Canada from his clothes, said he was ready to appear in court at any time.

Legal Battle Tomorrow.

There was no procedure in open court. Thaw's lawyers submitted a petition to the court, then announced it had been granted. In the meantime in the courtroom the restless crowd craned their necks and perspired only to depart in chagrin when the news spread that Thaw would not appear and that the legal battle would not begin until tomorrow.

Keeps Thaw Quiet.

Urgent telegrams from Thaw's family have warned him not to talk. And equally urgent messages to his lawyers have advised them to play a waiting game until an outline of Thaw's case can be sketched. In this regard the postponement of the habeas corpus proceedings was regarded as a point in Thaw's favor.

DON'T WANT THAW.

New Hampshire Governor Would Turn Him Over to Authorities.
(By Associated Press to Coos Bay Times.)
ROCHESTER, N. H., Aug. 20.—New Hampshire does not want Harry Thaw within its borders. Governor Felker said today that if Thaw re-entered the state through deportation proceedings in Canada, he would be surrendered to the New York authorities if any legal justification for the surrender was obtainable.

Five Fined.

Walter A. Ritchie and Fred A. Sandlin today paid \$5 apiece for being drunk and Robert Clark, George Wood and B. F. Green were given the alternative of raising \$5 or working on the street or getting out of town. They took the latter.

WHITE OATS, \$24 PER TON AT MAINES.
